Media Education Assessment Handbook William G. Christ, 2020-07-24 Assessing media education is a formidable task because both assessment and media education are complex and controversial concepts Assessment which can take place at the individual student class sequence program department or unit and university levels is questioned in terms of reliability validity relevance and cost Media education which has been challenged at a number of schools finds faculty and administrators in the midst of soul searching about how to clearly articulate its missions and purposes to a broader audience Departments are under increasing national state and institutional pressure to get assessment procedures carried out quickly but there is an obvious danger in rushing to implement assessment strategies before establishing what is essential in media education In communication education in general the what of assessment is often discussed in terms of skills attitudes affect values and knowledge People assess students to determine what they know think feel value and can do Here it is suggested that one of the places to start defining what students should learn from their media education is by identifying outcomes Outcomes can be assessed in a variety of ways but first they need to be developed and clearly articulated **Primer of Public Relations Research** Don W. Stacks, 2016-10-10 Thousands of public relations PR students and professionals have relied on this authoritative text to understand the key role of research in planning and evaluating PR campaigns Revised and expanded to reflect today's emphasis on standards based practice the third edition has a heightened emphasis on setting baselines creating benchmarks and assessing progress Stacks presents step by step guidelines for using a wide range of qualitative and quantitative methods to track output outtakes and outcomes and shows how to present research findings clearly to clients Every chapter features review questions and a compelling practice problem PowerPoint slides for use in teaching are provided at the companion website Instructors requesting a desk copy also receive a supplemental Instructor's Manual with a test bank suggested readings and case studies New to This Edition Chapter on standardization moving beyond the prior edition's focus on best practices Chapter on different types of data sets with attention to the advantages and

disadvantages of using Big Data Addresses the strategic use of key performance indicators Covers the latest content analysis software Pedagogical Features Each chapter opens with a chapter overview and concludes with review questions End of chapter practice problems guide readers to implement what they have learned in a PR project Appendix provides a dictionary of public relations measurement and research terms Supplemental Instructor s Manual and PowerPoint slides
