

A woman with long dark hair, wearing a long, flowing white dress, stands on a dark, rocky cliff. She is looking out over a vast body of water towards a bright sunset. The sun is low on the horizon, creating a warm, golden glow across the sky and water. The overall mood is contemplative and serene.

Monsters by Trade Lisa Surwillo, 2014-06-11 Transatlantic studies have begun to explore the lasting influence of Spain on its former colonies and the surviving ties between the American nations and Spain In *Monsters by Trade* Lisa Surwillo takes a different approach explaining how modern Spain was literally made by its Cuban colony Long after the transatlantic slave trade had been abolished Spain continued to smuggle thousands of Africans annually to Cuba to work the sugar plantations Nearly a third of the royal income came from Cuban sugar and these profits underwrote Spain's modernization even as they damaged its international standing Surwillo analyzes a sampling of nineteenth century Spanish literary works that reflected metropolitan fears of the hold that slave traders and the slave economy more generally had over the political cultural and financial networks of power She also examines how the nineteenth century empire and the role of the slave trader are commemorated in contemporary tourism and literature in various regions in Northern Spain This is the first book to demonstrate the centrality of not just Cuba but the illicit transatlantic slave trade to the cultural life of modern Spain
