Emil Toth,2015-07-15 Batu a young woman lives in a future developing society after an apocalypse She heroically opposes performing a barbaric self mutilation ritual the high priest concocts to gratify his sexual fantasy and infuriates him creating a lifelong enemy Being strong willed she hates men seeing women as inferior and declares the council is depriving women of their rights and justice She inflames the council telling them women should serve on the council She rejects her father s choice of husband and marries a man of her own choosing Can she continue her caustic opposition and not face retaliation A disfiguring condition decimates Batu s beauty triggering her transformation from a self centered bully to a loving caring woman The death of Batu s husband and baby causes her to lose worth as defined by law and the village council decrees she is to be expelled from the village and face certain death The Arc of Love Aaron Ben-Ze'ev,2019-06-11 Is love best when it is fresh For many the answer is a resounding yes The intense experiences that characterize new love are impossible to replicate leading to wistful reflection and even a repeated pursuit of such ecstatic beginnings Aaron Ben Ze ev takes these experiences seriously but he s also here to remind us of the benefits of profound love an emotion that can only develop with time In The Arc of Love he provides an in depth philosophical account of the experiences that arise in early intense love sexual passion novelty change as well as the benefits of cultivating long term profound love stability development calmness Ben Ze ev analyzes the core of emotions many experience in early love and the challenges they encounter and he offers pointers for weathering these challenges Deploying the rigorous analysis of a philosopher but writing clearly and in an often humorous style with an eye to lived experience he takes on topics like compromise commitment polyamory choosing a partner online dating and when to say I love you Ultimately Ben Ze ev assures us while love is indeed best when fresh if we tend to it carefully it can become more delicious and nourishing even as time marches on *Love in Interpretation* Bryant K. Owens,2019-02-28 Dr Bryant K Owens presents the argument of the value of the Christian tradition of caritas or love from the philosophy and the subsequent hermeneutic of Saint Augustine of Hippo 354 430 within contemporary philosophical scholarship Dr Owens s study of Augustine s investigations into biblical interpretation will reveal that he sought the beauty of understanding as evidenced through caritas The shift in the Western philosophical tradition during the Enlightenment period resulted in a solid break from authority based hermeneutics to the autonomy of the mind The result was a greater emphasis on the literal meaning of a text as gleaned from the subjective mind of the reader and through grammatical and historical criticism over the spiritual meaning of the text or application of the greater meaning to Christian living Dr Owens proposes that the benefits of Augustine s caritas as the a priori spirit of the biblical text and the proper application of that spirit in contemporary scholarship should be the epistemological focus of hermeneutics rather than the emphasis on method prevalent from Spinoza to Dilthey The concluding value from Augustine s hermeneutic is that caritas is a product of understanding while at the same time is the method or means by which caritas is produced Therefore Augustine s

hermeneutic argues that the sense or spirit of Scripture is *caritas* and is the truth to which all Christian philosophy must cohere

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the Song of Songs to John Milton's Paradise Lost It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called *fin amor* love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither *eros* nor *agape* neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history

A Philosophy of Belonging James Greenaway, 2023-08-15 James Greenaway offers a philosophical guide to understanding affirming and valuing the significance of belonging across personal political and historical dimensions of existence A sense of belonging is one of the most meaningful experiences of anyone's life Inversely the discovery that one does not belong can be one of the most upsetting experiences In A Philosophy of Belonging Greenaway treats the notion of belonging as an intrinsically philosophical one After all belonging raises intense questions of personal self understanding identity mortality and longing it confronts interpersonal sociopolitical and historical problems and it probes our relationship with both the knowable world and transcendent mystery Experiences of alienation exclusion and despair become conspicuous only because we are already moved by a primordial desire to belong Greenaway presents a hermeneutical framework that brings the intelligibility of belonging into focus and discusses the works of various representative thinkers in light of this hermeneutic The study is divided into two main parts Presence and Communion In the first Greenaway considers the abiding presence of the cosmos as the context of personhood and the world followed by the presence of persons to themselves and others by way of consciousness and embodiment culminating in a discussion of the unrestricted horizon of meaning that love makes present in persons In the second part belonging in community is explored as a crucial type of communion that is both politically and historically structured Moreover communion has direction and a quality of sacredness that offers itself for consideration Greenaway concludes with a discussion of the consequences of refusing presence and communion and what is
