Lord of Emperors Guy Gavriel Kay, 2001-02-06 Crispin the mosaicist finally achieves his goal of journeying to the fabled Sarantium but is drawn into the deadly webs of the court and the city Lord of Emperors: the Conclusion of the Sarantine **Lord of Emperors** Guy Gavriel Kay, 2010-10-05 Guy Gavriel Kay multiple award winning Mosaic Guy Gavirel Kay, 2001 author of The Fionavar Tapestry and Sailing to Sarantium completes his magnificent tale of an alternate Byzantine world In the golden city of Sarantium a renowned mosaicist seeks to fill his artistic ambitions and his destiny high upon a dome intended to be the emperor s enduring sanctuary and legacy The beauty and solitude of Crispin s work cannot protect him from the dangerous intrigues of court and city swirling with rumors of war and conspiracy while otherworldly fires mysteriously flicker and disappear in the streets at night The emperor is plotting a conquest of Crispin s homeland to regain an empire And with his fate entwined with that of his royal benefactor Crispin's loyalties come with a very high price And another voyager has come to the imperial city Rustem of Kerakek a physician from an eastern desert kingdom determined to find his own fate amid the shifting treacherous currents of passion and violence that define Sarantium The Literary Role of History in the Fiction of J. R. R. Tolkien Nicholas Birns, 2023-12-22 This volume analyzes the literary role played by history in the works of J R R Tolkien It argues that the events of The Lord of the Rings are placed against the background of an already existing history both in reality and in the fictional worlds of the books History is unfolded in various ways both in explicitly archival annals and in stories told by characters on the road or on the fly and in which different visions of history emerge In addition the history within the work can resemble or be patterned on histories in our world These histories range from the deep past of prehistoric and ancient worlds to the early medieval era of the barbarian invasions and Byzantium to the modern worlds of urbane civility and a paradoxical longing for nature and finally to great power rivalries and global prospects The book argues that Tolkien did not employ these histories indiscriminately or reductively Rather he regarded them as aspects of aesthetic and representative figuration that are above all literary While most criticism has concentrated on Tolkien's use of historical traditions of Northern Europe this book argues that Tolkien also valued Southern and Mediterranean pasts and registered the Germanic and the Scandinavian pasts as they related to other histories as much as his vision of them included a primeval mythic aura **Canadian Fantasy and Science-fiction Writers** Douglas Ivison, 2002 Essays on the writers and works of Canadian fantasy and science fiction that have made this genre an important component of Canadian literature one that must be considered by Canadian literary scholars Documents the rapid development of Canadian fantasy and science fiction from the early 1980s to the beginning of the twenty first century Companion to Science Fiction David Seed, 2008-04-15 A Companion to Science Fiction assembles essays by aninternational range of scholars which discuss the contexts themesand methods used by science fiction writers This Companion conveys the scale and variety of sciencefiction Shows how science fiction has been used as a means of debatingcultural issues Essays by
