Lovejoy,2019-12-01 Originally published in 1948 In the first essay of this collection Lovejoy reflects on the nature methods and difficulties of the historiography of ideas He maps out recurring phenomena in the history of ideas which the essays illustrate One phenomenon is the presence and influence of the same presuppositions or other operative ideas in very diverse provinces of thought and in different periods Another is the role of semantic transitions and confusions of shifts and of ambiguities in the meanings of terms in the history of thought and taste A third phenomenon is the internal tensions or waverings in the mind of almost every individual writer sometimes discernible even in a single writing or on a single page arising from conflicting ideas or incongruous propensities of feeling or taste to

which the writer is susceptible These essays do not contribute to metaphysical and epistemological questions they are primarily historical *Index Catalogue of the Kingston District Library* Kingston District Library,1904 **A Cumulated Index to the Books of ...** ,1901 Adam Smith John Cunningham Wood,1993 The first series of Smith Critical Assessments included major articles on Adam Smith and set a new standard for Smith scholarship However the years since its publication have seen further developments in the vast field of work on this leading economist Adam Smith Critical Assessments Second Series completes the project of the earlier volumes by making available the many significant articles which have appeared during the past decade It will be an invaluable reference for scholars of Smith Together the two series provide those interested in the history of contemporary economics with immediate access to the intellectual legacy of one of the world s greatest economic theorists *The Dial* Francis Fisher Browne,Waldo Ralph Browne,Scofield Thayer,Marianne Moore,1901
