

A sepia-toned photograph of a tropical scene. In the foreground, a small, dark, gabled-roof building is partially visible. Behind it, a dense line of tall palm trees stretches across the middle ground. The background shows a hazy, mountainous landscape under a light sky. The overall tone is warm and nostalgic.

Los Angeles In Fiction:

Los Angeles in Fiction David M. Fine, 1984 Imagining Los Angeles David Fine, 2016-06-01 The literary image of Los Angeles has evolved since the 1880s from promotional literature that hyped the region as a New Eden to contemporary visions of the city as a perplexing sometimes corrupt even apocalyptic place that reflects all that is wrong with America In Imagining Los Angeles the first literary history of the city in more than fifty years critic David Fine traces the history and mood of the place through the work of writers as diverse as Helen Hunt Jackson Mary Austin Norman Mailer Raymond Chandler Joan Didion Carolyn See and many others His lively and engaging text focuses on the way these writers saw Los Angeles and used the image of the city as an element in their work and on how that image has changed as the city itself became ever larger more complex and more socially and ethnically diverse This is essential reading for anyone interested in the literature and changing image of Southern California *Los Angeles* Peter Moore Smith, 2005 A beautiful neighbor's arrival and her eerie disappearance knocks Angel Veronchek's solitary reclusive life off balance and plunges him into the sinister world of Los Angeles nights a world of secrets that aren't meant to be told and people who aren't meant to be found

The Road to Los Angeles John Fante, 2010-05-18 I had a lot of jobs in Los Angeles Harbor because our family was poor and my father was dead My first job was ditchdigging a short time after I graduated from high school Every night I couldn't sleep from the pain in my back We were digging an excavation in an empty lot there wasn't any shade the sun came straight from a cloudless sky and I was down in that hole digging with two huskies who dug with a love for it always laughing and telling jokes laughing and smoking bitter tobacco **Crime Fiction** John Scaggs, 2005 Provides a lively introduction to what is both a wide ranging and hugely popular literary genre Accessible and clear this comprehensive overview is the essential guide for all those studying crime fiction

07360 7 59 95 **Animals in Detective Fiction** Ruth Hawthorn, John Miller, 2022-12-06 This book explores the vast array of animals that populate detective fiction. If the genre begins as is widely supposed with Edgar Allan Poe's *Murders in the Rue Morgue* 1841, then detective fiction's very first culprit is an animal. Animals moreover consistently appear as victims, clues, and companions while the abstract conception of animality is closely tied to the idea of criminality. Although it is often described as an essentially conservative form, detective fiction can unsettle the binary of human and animal to intersect with developing concerns in animal studies: animal agency, the ethical complexities of human-animal interaction, the politics and literary aesthetics of violence, and animal metaphor. Gathering its 14 essays into sections on ontologies, ethics, politics, and forms, *Animals in Detective Fiction* provides a compelling and nuanced analysis of the central role creatures play in this enduringly popular and continually morphing literary form.

American Women Writing Fiction Mickey Pearlman, 2014-10-17 American literature is no longer the refuge of the solitary hero. Like the society it mirrors, it is now a far richer, many-faceted explication of a complicated and diverse society: racially, culturally, and ethnically interwoven, and at the same time fractured and fractious. Ten women writing fiction in America today: Toni Cade Bambara, Joan Didion, Louise Erdrich, Gail Godwin, Mary Gordon, Alison Lurie, Joyce Carol Oates, Jayne Anne Phillips, Susan Fromberg Schaeffer, and Mary Lee Settle represent that geographic, ethnic, and racial diversity that is distinctively American. Their differing perspectives on literature and the American experience have produced Erdrich's stolid North Dakota plainswomen, Didion's sun-baked dreamers and screamers, the urban ethnics, Irish, Jewish, and black, of Gordon, Schaeffer, and Bambara, Oates's small-town, often violent neurotics, Lurie's intellectual sophisticates, and the southern survivors and victims, male and female, of Phillips, Settle, and Godwin. The ten original essays in this collection focus on the traditional themes of identity, memory, family, and enclosure that pervade the fiction of these writers. The fictional women who emerge here, as these critics show, are often caught in the interwoven strands of memory, perceive literal and emotional space as entrapping, find identity elusive and frustrating, and experience the interweaving of silence, solitude, and family in complex patterns. Each essay in this collection is followed by bibliographies of works by and about the writer in question that will be invaluable resources for scholars and general readers alike. Here is a readable critical discussion of ten important contemporary novelists who have broadened the pages of American literature to reflect more clearly the people we are.

Memory and the Built Environment in 20th-Century American Literature Alice Levick, 2021-05-20 From the paving of the Los Angeles River in 1938 and the creation of the GI Bill in 1944 to the construction of the Interstate Highway System during the late 1950s and the brownstoning movement of the 1970s throughout the mid-20th century, the United States saw a wave of changes that had an enduring impact on the development of urban spaces. Focusing on the relationship between processes of demolition and restoration as they have

shaped the modern built environment and the processes by which memory is constructed hidden or remade in the literary text this book explores the ways in which history becomes entangled with the urban space in which it plays out Alice Levick takes stock of this history both in the form of its externalised concretised manifestation and its more symbolic representation as depicted in the mid 20th century work of a selection of American writers Calling upon access to archival material and interviews with New York academics authors local historians and urban planners this book locates Freud's Uncanny in the cracks between the absent and present invisible and visible memory and history as they are presented in city narratives demonstrating both the passage of time and the imposition of 20th century modernism With reference to the works of D J Waldie Joan Didion Hisaye Yamamoto Raymond Chandler Marshall Berman Gil Cuadros Paule Marshall L J Davis and Paula Fox *Memory and the Built Environment in 20th Century American Literature* unpacks how time becomes visible in Los Angeles Sacramento Lakewood and New York in the decades just before and after the Second World War questioning how these spaces provide access to the past in both narrative and spatial forms and how at times this access is blocked

Rockstar Games and American History Esther Wright, 2022-08-22 For two decades Rockstar Games have been making games that interrogate and represent the idea of America past and present Commercially successful fan beloved and a frequent source of

media attention Rockstar's franchises are positioned as not only game changing ground breaking interventions in the games industry but also as critical cultural histories on America and its excesses But what does Rockstar's version of American history look like and how is it communicated through critically acclaimed titles like Red Dead Redemption 2010 and L A Noire 2011 By combining analysis of Rockstar's games and a range of official communications and promotional materials this book offers critical discussion of Rockstar as a company their video games and ultimately their attempts at creating new narratives about U S history and culture It explores the ways in which Rockstar's brand identity and their titles coalesce to create a new kind of video game history how promotional materials work to claim the authenticity of these products and assert the authority of game developers to perform the role of historian By working at the intersection of historical game studies U S history and film and media studies this book explores what happens when contemporary demands for historical authenticity are brought to bear on the way we envisage the past and whose past it is deemed to be Ultimately this book implores those who research historical video games to consider the oft forgotten sources at the margins of these games as importance spaces where historical meaning is made and negotiated Watch our book talk with the author Esther Wright here https://youtu.be/AaC_9XsXCQ **A Companion to the Modern American Novel, 1900 - 1950** John T.
