Running the Numbers: A Practical Guide to Regional Economic and Social Analysis: 2014 John Quintero, 2014-12-18 Through use of practical examples and a plainspoken narrative style that minimises the use of maths, this book demystifies data, concepts, sources, and methods for public service professionals interested in understanding economic and social issues at the regional level. By blending elements of a general interest book, a textbook, and a reference book, it equips civic leaders, public administrators, urban planners, nonprofit executives, philanthropists, journalists, and graduate students in various public affairs disciplines to wield social and economic data for the benefit of their communities. While numerous books about quantitative research exist, few focus specifically on the public sector. *Running the Numbers*, in contrast, explores a wide array of topics of regional importance, including economic output, demographics, business structure, labour markets, and income, among many others. To that end, the book stresses practical applications, minimises the use of maths, and employs extended chapter-length examples that demonstrate how analytical tools can illuminate the social and economic workings of actual American regions.

Sunset, 1921 *Running the Race* Brian Steel Wills, 2022-09-27 From Moses and Michelangelo to Andrew Jackson and Thomas Jefferson, Wills provides a compelling treatment of Heston's long and successful career. Gary W. Gallagher, author of *The Confederate War*, Brian Steel Wills captures for the first time a comprehensive view of Charlton Heston's climb to fame, his search for the perfect performance, and the meaningful roles he played in support of the causes he embraced in *Running the Race*. The Public Face of Charlton Heston: The actor was born and raised in the Michigan woodlands and suburbs of Chicago, where he found his love of acting in the books he read and the movies he saw. legendary directors like Cecil B DeMille William Wyler Franklin Schaffner and Orson Welles He shifted to science fiction in Planet of the Apes and Soylent Green a wide range of action and disaster films and more nuanced roles such as Will Penny Over his decades of performance Heston defined and redefined his public face in a constant quest for an audience for his work He undertook wide ranging public service roles for the government the arts and other causes In Running the Race award winning historian Brian Steel Wills digs deep to paint a rich portrait of Heston s extraordinary life a mix of complications and complexities that touched film television theater politics and society **Endurance Sports Medicine**

Driver Program ,1994 **The 1929 Bunion Derby** Charles B. Kastner,2014-03-31 On March 31 1929 seventy seven men began an epic 3 554 mile footrace across America that pushed their bodies to the breaking point Nicknamed the Bunion Derby by the press this was the second and last of two trans America footraces held in the late 1920s The men averaged forty six gut busting miles a day during seventy eight days of nonstop racing that took them from New York City to Los Angeles Among this group two brilliant runners Johnny Salo of Passaic New Jersey and Pete Gavuzzi of England emerged to battle for the 25 000 first prize along the mostly unpaved roads of 1929 America with each man pushing the other to go faster as the lead switched back and forth between them To pay the prize money race director Charley Pyle cobbled together a traveling vaudeville company complete with dancing debutantes an all girl band wearing pilot outfits and blackface comedians all housed under the massive show tent that Pyle hoped would pack in audiences Kastner s engrossing account often told from

the perspective of the participants evokes the remarkable physical challenge the runners experienced and clearly bolsters the argument that the last Bunion Derby was the greatest long distance footrace of all time **Standard Guide to Los Angeles, San Diego, and the Panama-California Exposition ...** ,1914
