Literary Culture and U.S. Imperialism John Carlos Rowe, 2000 John Carlos Rowe considered one of the most eminent and progressive critics of American literature has in recent years become instrumental in shaping the path of American studies His latest book examines literary responses to U S imperialism from the late eighteenth century to the 1940s Interpreting texts by Charles Brockden Brown Poe Melville John Rollin Ridge Twain Henry Adams Stephen Crane W E B Du Bois John Neihardt Nick Black Elk and Zora Neale Hurston Rowe argues that U S literature has a long tradition of responding critically or contributing to our imperialist ventures Following in the critical footsteps of Richard Slotkin and Edward Said Literary Culture and U S Imperialism is particularly innovative in taking account of the public and cultural response to imperialism In this sense it could not be more relevant to what is happening in the scholarship and should be vital reading for scholars and students of American literature and culture Exemplary Ambivalence in Late

Nineteenth-Century Spanish America Elisabeth L. Late exploitation, Exploitation Cinemas, and Latin America Victoria Ruétalo, Dolores Tierney, 2009-05-07 Exploring the much neglected area of Latin American exploitation cinema this anthology challenges established continental and national histories and canons which often exclude exploitation cinema due to its perceived low cultural status It argues that Latin American exploitation cinema makes an important aesthetic and social contribution to the larger body of Latin American cinema often competing with Hollywood and more mainstream national cinemas in terms of popularity **Football and Literature in South America** David Wood, 2017-02-10 South America is a region that enjoys an unusually high profile as the origin of some of the world's greatest writers and most celebrated footballers This is the first book to undertake a systematic study of the relationship between football and literature across South America Beginning with the first football poem published in 1899 it surveys a range of texts that address key issues in the region's social and political history Drawing on a substantial corpus of short stories novels and poems each chapter considers the shifting relationship between football and literature in South America across more than a century of writing The way in which authors combine football and literature to challenge the dominant narratives of their time suggests that this sport can be seen as a recurring theme through which matters of identity nationhood race gender violence politics and aesthetics are played out This book is fascinating reading for any student

Learn Spanish News Vol.4 Nik Marcel, LEARN SPANISH NEWS Vol 4 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Spanish language edition of Voice of America VOA The Spanish text has been translated into English for this dual language project

The reader can choose between four formats Section 1 English to Spanish Section 2 Spanish to English Section 3 English Section 4 Spanish A methodology for getting the most out of this bilingual format is explained in the book's Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows Familiarise yourself with a basic language instruction book or re read the one you have Once a student has studied the basics a suitable book about basic grammar can be helpful The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books History of the New World Called America: book II. Kerem, Deochand, Ektaa, Mendoza Servín, Natalia, Monsalve, Ezequiel, Peralta, Jennifer, Zec, Slavenska, 2021-05-01 Populist authoritarian governments have jeopardized the human rights accomplishments of the 20th century Ensuring their fulfillment has become a challenge for these governments and an issue for human rights defenders seeking to find ways to resist anti democratic actions This book seeks to expose the crisis of human rights at the hands of people who despite rising to power through democratic means now see democracy as a limiting institution that must be dismantled urgently Restrictions on civil society and arbitrary detentions are some of the reasons why this populist and authoritarian vision is incompatible with human rights which are guaranteed to some and denied to others Through various narratives the authors seek to recognize new spaces for struggle such as political activism to develop action research tools in a context of crisis **José Martí** Alfred J. López, 2021-10-05 Jos Mart 1853 1895 was the founding hero of Cuban independence In all of modern Latin American history arguably only the Great Liberator Sim n Bol var rivals Mart in stature and legacy Beyond his accomplishments as a revolutionary and political thinker Mart was a giant of Latin American letters whose poetry essays and journalism still rank among the most important works of the region Today he is revered by both the Castro regime and the Cuban exile community whose shared veneration of the apostle of freedom has led to his virtual apotheosis as a national saint In Jos Mart A Revolutionary Life Alfred J L pez presents the definitive biography of the Cuban patriot and martyr Writing from a nonpartisan perspective and drawing on years of research using original Cuban and U S sources including materials never before used in a Mart biography L pez strips away generations of mythmaking and portrays Mart as Cuba s greatest founding father and one of Latin America s literary and political giants without suppressing his public missteps and personal flaws In a lively account that engrosses like a novel L pez traces the full arc of Mart s eventful life from his childhood and adolescence in Cuba to his first exile and subsequent life in Spain Mexico City and Guatemala through his mature revolutionary period in New York City and much mythologized death in Cuba on the battlefield at Dos R os The first major biography of Mart in over half a century and the first ever in English Jos Mart is the most substantial examination of Mart s life and work ever published [Catalog of Copyright Entries. Cyborgs, Sexuality, and the Undead M. Elizabeth Ginway, 2020-12-15 Writers in Brazil and Mexico discovered early on that speculative fiction provides an ideal platform for addressing the complex issues of modernity yet the study of speculative fictions rarely strays from the United States and England Cyborgs Sexuality and the Undead expands the traditional purview of speculative fiction in all its incarnations science fiction fantasy horror beyond the traditional Anglo American context to focus on work produced in Mexico and Brazil across a historical overview from 1870 to the present The book portrays the effects and ravages of modernity in these two nations addressing its technological cultural and social consequences and their implications for the human body In Cyborgs Sexuality and the Undead M Elizabeth Ginway examines all these issues from a

number of theoretical perspectives most importantly through the lens of Bolívar Echeverría's baroque ethos which emphasizes the strategies that subaltern populations may adopt in order to survive and prosper in the face of massive historical and structural disadvantages Foucault's concept of biopolitics is developed in discussion with Roberto Esposito's concept of immunity and Giorgio Agamben's distinction between political life and bare life This book will be of interest to scholars of speculative fiction as well as Mexicanists and Brazilianists in history literary studies and critical theory
