Daveed Gartenstein-Ross

Losing Bin Laden Unabr Mp3:

The Publishers Weekly, 2004

Books Out Loud, 2004

Losing Bin Laden Richard Minitzer, 2013-02-05 Journalist

Rich Minitzer uses his unparalleled access to sources and stories throughout the Middle East Africa and the United States He paints a devastating portrait of how close the U S military was to killing bin Laden on multiple occasions and how each time Clinton dropped the ball and allowed bin Laden to grow stronger and more dangerous

Bin Laden's Legacy Daveed Gartenstein-Ross, 2011-08-30 Why al Qaeda is winning its war against the West and America has been playing right into its hands In the decade since 9 11 the United States has grown weaker It has been bogged down by costly wars in Iraq and Afghanistan It has spent billions of dollars on security to protect air travel and other transport as well as the homeland more generally Much of this money has been channeled into efforts that are inefficient by design and highly bureaucratic a lack of coordination between and among the government and an array of contractors making it difficult to evaluate the return on the enormous investment that we have made in national security Meanwhile public morale has been sapped by measures ranging from color coded terror alerts to full body hand searches Now counterterrorism expert Daveed Gartenstein Ross details the strategic missteps the U S has made in the fight against al Qaeda a group that U S planners never really took the time to understand For this reason America s responses to the terrorist threat have often unwittingly helped al Qaeda achieve its goals Gartenstein Ross s book explains what the country must do now to stem the bleeding Explains in detail al Qaeda s strategy to sap and undermine the American economy and shows how the United States played into the terrorist group s hands by expanding the battlefield and setting up an expensive homeland security bureaucracy that has difficulty dealing with a nimble adaptive foe Outlines how al Qaeda s economic plans have evolved toward an ultimate strategy of a thousand cuts which involves smaller yet more frequent attacks against Western societies Shows how the domestic politicization of terrorism has weakened the United States skewing its priorities and causing it to misallocate counterterrorism resources Offers a practical plan for building domestic resiliency against terrorist attacks and escaping the mistakes that have undermined America s war against its jihadist foes Clearly written and powerfully argued by a prominent counterterrorism expert this book is essential reading for anyone who wants to understand what al Qaeda is really after and how the United States can thwart its goals or help unwittingly to achieve them
