Stones Still Speak Amanda Hope Haley, 2025-09-23 When we first encounter the Bible we are taught its stories Adam and Eve Moses and the Red Sea David and Goliath Jonah and the whale and more When a story lacks the details we crave we fill in the blanks with what we've seen in movies read in books and been told by our Sunday school teachers But there's a better way to encounter the whole story of Scripture uncovering and understanding the ancient world and the people who experienced biblical events In Stones Still Speak Harvard trained archaeologist and theologian Amanda Hope Haley scrapes back 2 000 years of misguided cultural interpretations to reveal God's Word in its historical archaeological and literary contexts Far from a dry academic exercise this process explains how our misunderstandings developed and revitalizes the Scripture you thought you knew with the greater purpose of encouraging a more intentional rigorous study of the Bible in your daily life

The Lost Photographs Richard Carroll, 2011-07 Dr Matthew Lane has been in a lot of scrapes with his fellow archeologist Jim Morgan But neither is prepared for the trouble that lies in store as they search for what could be the biggest discovery in centuries Matt is convinced that the testimony from the Russian soldiers who swore they photographed Noah's ark protruding from the glacier in the summer of 1916 is true They claimed all the documentation measurements description of the interior cages and photographs were turned over to the czar just before the revolution A Russian immigrant Ann Tyler has carried her grandmother's secret with her for more than a decade She knows the hiding place of The Lost Photographs that could prove the existence of Noah's ark Has she finally found a trustworthy confidant When Ann joins Matt and Jim to search for The Lost Photographs they begin a journey none could have predicted Richard Carroll deftly weaves together this fast paced adventure based on the old stories of Russian soldiers discovering the ark on Mount Ararat Uncover the enduring enigma of the ancient ark and the crusade to conceal the truth

Noah And The Great Flood Jerry Blount, 2017-04-17 The apostle Peter warned us that in the last days before the end times there would be a new philosophy that would deny that there ever was a worldwide flood They would deny that God created the world the existence of God and the coming end time judgment by fire Today we see this taking place exactly as Peter had predicted This book provides proof

of a Biblical worldwide flood and backs it up with geological data The information in this book offers evidence of creation by an omnipotent God and a global flood as God s judgment of a sinful world It provides evidence as to what the earth was like before the flood It was a world which after creation God had declared very good Even after the fall of man it was still paradise compared with the world we know today The effects of catastrophic worldwide flood changed this planet drastically This book also offers extensive proof that disproves the theory of evolution New scientific discoveries are showing that evolution is impossible Also contained in this book is considerable scientific evidence showing that the earth is only a few thousand years old This book may go against much of the popular scientific views of today but it does so with the evidence to back it The Bible gave us the history as well as the future of this world The scientific and geological data that is available today fits well within that Biblical framework In fact it fits within the Biblical framework much better than any theories the evolutionary community has come up with as this book will show

Secret Cities of Old South America Harold T. Wilkins,2008-11-01 Monstrous beasts lost worlds vanished civilizations Amazon warriors even Atlantis and Noahs ark figure in this wondrous and rare book Hard to find in print before now this obscure 1952 work is an artifact itself of the postwar fascination with all things mysterious from flying saucers to ancient astronauts to the third eye In this wildly entertaining and more than a little bit preposterous document Wilkins takes us from mountain jungles to unexplored swamps on a search for the hidden secrets of old South America Seekers after the arcane and fans of the paranormal will delight in this odd and extraordinary volume British journalist and historian HAROLD T WILKINS 1891-1960 is also the author of *Mysteries of Ancient South America* 1945 and *Mysteries of Time and Space* 1958
