Why America Lost the War on Poverty--And How to Win It Frank Stricker, 2011-02-01 In a provocative assessment of American poverty and policy from 1950 to the present Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment Analyzing the War on Poverty theories of the culture of poverty and the underclass the effects of Reaganomics and the 1996 welfare reform Stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs Stricker notes that since the 1970s U S poverty levels have remained at or above 11% despite training programs and periods of economic growth The creation of jobs has continued to lag behind the need for them Stricker argues that a serious public debate is needed about the job situation social programs must be redesigned a national health care program must be developed and economic inequality must be addressed He urges all sides to be honest if we don t want to eliminate poverty then we should say so But if we do want to reduce poverty significantly he says we must expand decent jobs and government income programs redirecting national resources away from the rich and toward those with low incomes **Why America Lost the War on Poverty And How to Win It** is sure to prompt much needed debate on how to move forward

Lost in Transition Aaron D. Purcell,2023-08-18 In Lost in Transition Removing Resettling and Renewing Appalachia Aaron D Purcell presents a thematic and chronological

exploration of twentieth century removal and resettlement projects across southern Appalachia The book shares complex stories of loss and recollection that have grown and evolved over time This edited volume contains seven case studies of public land removal actions in Virginia Kentucky the Carolinas and Tennessee from the 1930s through the 1960s Some of the removals include the Tennessee Valley Authority and the Norris Basin Shenandoah National Park and the New River the Great Smoky Mountains National Park and the Keowee Toxaway Project in northwestern South Carolina Each essay asks key questions How did governmental entities throughout the twentieth century deal with land acquisition and removal of families and communities What do the oral histories of the families and communities particularly from different generations tell us about the legacies of these removals This collection reveals confrontations between past and present federal agencies and citizens and the original accounts of removal and resettlement and contemporary interpretations The result is a blending of practical historical concerns with contemporary nostalgia and romanticism which often deepen the complexity of Appalachian cultural life *Lost in Transition* provides a nuanced and insightful study of removal and resettlement projects that applies critical analysis of fact mythology and storytelling It illustrates the important role of place in southern Appalachian history This collection is a helpful resource to anthropologists folklorists and Appalachian studies scholars and a powerful volume of stories for all readers who reflect upon the importance of place and home *Momma's Lost Piano* David Madden, 2023-05-02 This memoir was composed after the author started having memories of events that occurred in his early lifetime growing up in a gritty neighborhood in Depression era Knoxville The memories centered around his mother Emily Merritt Madden and her experiences dealing with poverty a sometimes well intentioned but never reliable husband one son who ends up in prison and her other son who later grows up to become one of Knoxville's greatest authors The style of the manuscript mimics the way memories came to the author and in some respects the ways we recall the significant and insignificant events of our lives The memoir is at once an intimate retelling of a fundamental relationship and a vivid evocation of an earlier place and time **The Enduring Lost Cause** Edward R. Crowther, 2023-08-18 Marking the fortieth anniversary of Charles Reagan Wilson's classic *Baptized in Blood: The Religion of the Lost Cause, 1865-1920* this volume collects essays by such scholars as Carolyn Rene Dupont Sandy Dwayne Martin Keith Harper and Wilson himself to show how various aspects of the Lost Cause ideology persist into the present *The Enduring Lost Cause* examines the lasting legacy of a belief system that sought to vindicate the antebellum South and the Confederate fight to preserve it Contributors treat such topics as symbolism the perpetuation of the Lost Cause in education and the effects of the Lost Cause on gender and religion as well as examining ways the ideology has changed over time The twelve essays gathered here help the reader understand the development of a cultural phenomenon that affected generations of southerners and northerners alike arising out of the efforts of former Confederates to make sense of their defeat even at the expense of often mythologizing it From fresh looks at towering figures of the Lost Cause to reexamining the role of African Americans in disseminating the ideology in the form of

a religious explanation for suffering the essayists carefully analyze the tensions between the past and the present true belief and commercialization continuity and change Ultimately the narrative of the Lost Cause persists worldwide merging with American exceptionalism to become a pillar of the conservative wing of US politics as well as a lasting cultural legacy The Enduring Lost Cause provides a window into this world helping us to understand the present in the context of the past
