Lost Lands Forgotten Stories:

Lost Lands, Forgotten Realms Bob Curran, 2007-11-15 A comprehensive encyclopedia of fantastic places straddling the nebulous borderlands between fact and fantasy Frank Joseph author of *Opening the Ark of the Covenant* There are places that turn up in literature or in film mystical and legendary places whose names may be familiar but about which we know little We nod knowingly at the reference but are often left wondering about places such as Atlantis the lost land overwhelmed by the sea or El Dorado the fabulous city that vanished somewhere in the South American jungles Other names are more evocative Mount Olympus the Garden of Eden the mystic Isle of Avalon and Davy Jones Locker But did such places actually exist and if so where were they and what really happened What are the traditions and legends associated with them In the fascinating book *Lost Lands Forgotten Realms* historian Dr Bob Curran sets out to find the answers by journeying to the far flung corners of the world and to the outer reaches of human imagination In this fascinating encyclopedia of places that time forgot Irish psychologist and historian Dr Bob Curran brings the legends alive Nexus magazine Learned and erudite yet written in an accessible and exceptionally readable style this book is invaluable for those interested in the mysteries of vanished civilizations Brian Haughton author of *Hidden History* *Lost Lands, Forgotten Realms (EasyRead Super Large*

18pt Edition) , **Lost Lands, Forgotten Realms (Volume 1 of 2) (EasyRead Super Large 24pt Edition)** , Frigid Women Sue Riches, Victoria Riches, Dawn French, 2010-12-01 Men like to conquer fight or subdue the Arctic while we had a different attitude We felt that we had to go along with what we were faced with We tried to have the Arctic on our side instead of confronting it In 1997 a group of 20 women set out to become the world's first all female expedition to the North Pole hoping to raise awareness and support for sufferers of cancer and other illnesses Sue Riches recently recovering from a mastectomy and her daughter Victoria were among them and this is their inspirational story of personal accomplishment

Woman's Way Through

Unknown Labrador Mina Benson Hubbard,Sherrill E Grace,2004-05-19 In 1903 Hubbard s husband Leonidas starved to death on his cartographic and ethnographic expedition to Labrador Hubbard decided to complete her husband s work becoming a skilled explorer and cartographer in her own right She set out in July 1905 and with the help of George Elson a M tis guide who had been employed by her husband on the original trip and three other guides completed her expedition in record time with significant results including completing the first accurate map of the Labrador river system thus correcting the earlier map that had led to her husband s death Her original photographs and the map are reproduced in this volume

Woman Who Mapped Labrador Mina Benson Hubbard,2005-06-28 In 1905 Mina Benson Hubbard became the first white woman to cross Labrador completing the expedition that had led to her husband s death The Woman Who Mapped Labrador makes available for the first time the unguarded and personal diary that was the basis for her famous book A Woman s Way Through Unknown Labrador Three specialists have combined their expertise to enhance the richness of this original source

Roberta Buchanan's annotation of Hubbard's expedition diary makes it accessible to contemporary readers. Anne Hart's biography illuminates an Edwardian woman's transformation from teacher, nurse, and devoted wife to courageous explorer and social activist. Bryan Greene's discussion of Hubbard's navigational, cartographic, and topographical techniques shows her to have been a serious explorer. His nineteen newly drawn maps make it possible to follow her journey in detail. In her diary, Hubbard's full enthusiasm for the Labrador wilderness shines through her descriptions of the great caribou migration, the Montagnais, Naskapi Indians, Innu, and life at a Hudson's Bay post. She also reveals in frank detail the difficulties of asserting her authority as a female expedition leader and her satisfaction at beating out her male rival, Dillon Wallace.
