Nagy Plays 1:

Rape on the Contemporary Stage Lisa Fitzpatrick, 2018-01-22 This book investigates the representation of rape in British and Irish theatre since the second wave of the Women's Movement. Mainly focusing on the period from the 1990s to the present, it identifies key feminist debates on rape and gender and introduces a set of ideas about the function of rape as a form of embodied gendered violence to the analysis of dramaturgical and performance strategies used in a range of important and/or controversial works. The chapters explore the dramatic representation of consent, feminist performance strategies that interrogate common attitudes to rape and rape survivors, the use of rape as an allegory for political oppression, the relationships of vulnerability, eroticism and affect in the understanding and representation of sexual violence and recent work that engages with anti-rape activism to present women's personal experiences on stage. **Performing Human**

Consciousness Vanessa Dodd, 2024-09-30 Is the mind like a theatrical performance? This comparison has often been used as a conceptual tool by neuroscientists, philosophers and psychologists in trying to understand what constitutes the human mind and in particular how the comings and goings and the character transformations on the stage and in the scripted text give us visible access to the hidden workings of the human mind. *Performing Human Consciousness* makes use of this metaphor to explore the variety of ways in which the private thoughts and feelings we all have bring into play many aspects of persistent philosophical questions over how the essentially private world of personal experiences can relate to and communicate with the common public world. To investigate this generalisation in more detail, the author brings into play her own conscious experiences by making use of an auto-inscribed play *Being Me Through*. In this dramatic medium, she seeks to show in detail how phenomenal consciousness is captured through the dramatic play text and thereby made known to others through performance of that text. Broadening out her argument further, the author then embarks on an enquiry into a selection of play texts from an historical variety of perspectives from the early Greek and Mediaeval dramas through to the Symbolist period and onwards to the present day, demonstrating the variety of ways in which they illustrate her argument. This book will be of great interest to students and scholars of theatre performance and scriptwriting. **Staging Motherhood J.**

Komporalý, 2006-10-31 Focusing on post-1956 British women playwrights, this book questions to what extent transformations in women's lives have impacted on theatre. Contributing to a range of discourses including gender studies, cultural studies and theatre and performance studies, this timely volume is crucial to our understanding of women's drama in this period.

Nagy Plays: 1 Phyllis Nagy, 2013-12-10 Young playwrights don't come much hotter than Phyllis Nagy. *Daily Telegraph* Includes her three Royal Court performed plays *Weldo*, *Rising Here*. 'This is the best new play I have seen in many months. This play is exciting because it is well written, unusually constructed and morally serious.' *Financial Times* In *Butterfly Kiss*, Nagy captures the texture of a life and writes short, vivid, often disturbingly erotic scenes. It's a play that leaves me proclaiming Nagy a writer of real talent. *Guardian* Disappeared winner of the Mobil Prize 1995. A piece that gets right under your skin.

There s no neat solution to Nagy s conundrum just a fog of fear despair and most remarkably of all a final mirage of escape Spine tingling stuff Daily Telegraph The Strip kaleidoscopic and hugely accomplished dissection of fate love and chance Independent Each play I see by Phyllis Nagy confirms me in the belief that she is the finest playwright to have emerged in the 1990s Financial Times

illuminate the Irish saga world **The Reserve Pharmacon** ,1927 Assimilation and Community Jonathan Frankel, Steven J. Zipperstein, 2004-03-18 A thorough reassessment by fourteen leading historians of the supposed period of Jewish assimilation New Theatre Quarterly 49: Volume 13, Part 1 Clive Barker, Simon Trussler, 1997-08-21 Provides an international forum where theatrical scholarship and practice can meet to question dramatic assumptions **The Transition to Democracy in Hungary** Dae Soon Kim, 2013-07-18 Unlike in other countries of Eastern Europe where the opposition to communism came in the form of single mass movements led by charismatic leaders such as Vclav Havel and Lech Waśa in Hungary the opposition was very fragmented brought together and made effective only by the authoritative significant but relatively unknown János Kádár who subsequently became Hungary's first post communist president This book charts the political career of János Kádár outlining the outstanding contribution he made to Hungary's transition to democracy Drawing on a wide range of sources including archives and interviews with Kádár himself and others it shows how Kádár unlike Havel who was a playwright and whose political role was largely symbolic was a campaigning politician all his life consistently advocating social democratic but not communist values Imprisoned from 1956 for his participation in the 1956 uprising Kádár was a highly effective political operator in the transition period around 1989 and as president wielded real power effectively As politics in Hungary are again marred by deep division and fragmentation Kádár's success in bringing rival groups together is even more pronounced **History of the Literary Cultures of East-Central Europe** Marcel Cornis-Pope, John Neubauer, 2007-07-18 The third volume in the History of the Literary Cultures of East Central Europe focuses on the making and remaking of those institutional structures that engender and regulate the creation distribution and reception of literature The focus here is not so much on shared institutions but rather on such region wide analogous institutional processes as the national awakening the modernist opening and the communist regimentation the canonization of texts and censorship of literature These processes which took place in all of the region's cultures were often asynchronous and subjected to different local conditions The volume's premise is that the national awakening and institutionalization of literature were symbiotically interrelated in East Central Europe Each national awakening involves a language renewal an introduction of the vernacular and its literature in schools and universities the creation of an infrastructure for the publication of books and journals clashes with censorship the founding of national academies libraries and theaters a reconstruction of national folklore and the writing of histories of the vernacular literature The four parts of this volume are titled 1 Publishing and Censorship 2 Theater as a Literary Institution 3 Forging Primal Pasts The Uses of Folk Poetry and 4 Literary Histories Itineraries of National Self images *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1973 *The Value of Labor* Martha Lampland, 2016-09-15 The Value of Labor by Martha Lampland is a deeply provocative book that explains how capitalism paradoxically flourished during Hungary's socialist period by examining the complex process of creating monetized labor markets in Hungary from before WWI until the end of the Stalinist period

Tracing the efforts of work scientists who claimed they could objectively determine the value of labor Lampland explores the enormous amount of logistical political and epistemological work that goes into the making of supposedly self regulating labor markets In showing this history Lampland reveals the ways in which all markets are unstable configurations constantly in search of a stable metric of value Her discussion of the fundamental bases of capitalism has wide applicability to other contexts This is a meticulously researched book full of rich historical detail which benefits enormously from the author s crisp clear and vivid writing style
