The Film Factory Ian Christie, Richard Taylor, 2012-10-12 The Film Factory provides a comprehensive documentary history of Russian and Soviet cinema It provokes a major reassessment of conventional Western understanding of Soviet cinema Based on extensive research and in original translation the documents selected illustrate both the aesthetic and political development of Russian and Soviet cinema from its beginnings as a fairground novelty in 1896 to its emergence as a mass medium of entertainment and propaganda on the eve of World War II **Life in a Railway Factory** Alfred Williams, 1920 A man who for 23 years worked in the railway factory at Swindon writes about life as a hotter and stamper An idealist with his feet on the ground the author had some reputation as a poet while still at work and was unable to publish this account until illness drove him to leave the factory because the truth would cost him his job He is appreciative of man s generosity and sense of fair play his skill and strength but scornful of his inhumanity and ruthlessness The Face Factory Ithaka O., 1900 Arthur Schopenhauer Frida Kahlo Helen of Troy Bazz is the proud designer of the unique noble and memorable faces given to these icons Art Craft Life itself That is what face design is for Bazz He does whatever it takes to design faces that make a human s life worth living spending long shifts at his workstation at the Face Design Department dealing with his uninspiring boss and limiting his existential rumination to the briefest of moments so that he doesn t think

too much about the Nothing or Everything that lies beyond the Earth Life Production Center By moons suns and stars if he didn't dedicate himself to his vision he wouldn't even know what to do with himself His existence goes on splendidly until all of a sudden a formless yet formidable enemy appears More and more humans are populating Earth Each of them needs a face to be born with And nowadays this annoying thing called the internet happens to come equipped with technology that makes the re use of a classic face definitely tricky and potentially dangerous A novel about the awakening of a man in the process of the unfolding of life and death that crosses multiple worlds and connects countless reflections of the various selves

Factory Girls Paul Chrystal,2022-12-01 Ever since there have been factories women and children have more often than not worked in those factories What is perhaps less well known is that women also worked underground in coal mines and overground scaling the inside of chimneys Young children were also put to work in factories and coalmines they were deployed inside chimneys often half starved so that they could shin up ever narrower flues This book charts the unhappy but aspirational story of women and children at work through the Industrial Revolution to the beginning of the 20th century Without women there would have been no pre industrial cottage industries without women the Industrial Revolution would not have been nearly as industrial and nowhere near as revolutionary Many women and children were obliged to take up work in the mills and factories long hours dangerous often toxic conditions monotony bullying abuse and miserly pay were the usual hallmarks of a day's work before they headed homeward to their other job keeping home and family together This long overdue and much needed book also covers the social reformers the role of feminism and activism and the various Factory Acts and trade unionism We examine how women and children suffered chronic occupational diseases and disabling industrial injuries life changing and life shortening and often a one way ticket to the workhouse The book concludes with a survey of the art literature and the music which formed the soundtrack for the factory girl and the climbing boys *Back to the Miracle Factory* Paul Williams,2025-10-16 Paul Williams has been writing about pop music for decades never flagging in his enthusiasm or his emotional and intellectual openness to the newest music He has been doing this ever since he founded the rock magazine *Crawdaddy* in 1966 His insight into how it feels when we listen to certain performers or certain performances makes a connection between music and reading that is rare and fascinating Whether its Bob Dylan or Brian Wilson Pearl Jam or Nirvana Paul Williams can reveal something we didn't know we knew when we listened to the music This is what rock criticism was invented to do back in the 1960s and he has been doing ever since It's as much fun to read as the music is to listen to At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied *Off the Edge* Orvar Löfgren,Richard R. Wilk,2006 Have you ever heard of the cream effect or witnessed the power of cultural backdraft Have you watched the slow process of fossilization or used the tactics of cultural stealth You might be waiting for just the right word to describe what you have seen and done This collection revitalizes the study of the cultural processes of stability and change The 25 essays invent new processes for a rapidly changing world They illustrate

how different perspectives enrich cultural analysis and add a bit of playfulness and experimentation to a longstanding academic issue The authors from anthropology European ethnology sociology and cultural studies are peeking into blind spots and looking under the furniture in order to understand why and how some kinds of social life become visible while so many others remain unseen This book will inspire researchers and students to develop new approaches in cultural analysis This is a reprint of the journal *Ethnologia Europaea* Journal of European Ethnology
52 Factory Lane Selim Özdoğan, 2022-04-01 You'll live out your lives in a foreign country G.I. is warned But the whole world is foreign when you're far from your loved ones The train ride to Germany ushers in the days of long awaited letters night time telephone calls and blissful summers back home The years of hard work will flow like water before her house in Turkey is built and she can return Until then there will be fireworks young love and the cassette tapes of the summer played on repeat In these years G.I. will learn all kinds of longing for her two daughters for her father the blacksmith for scents and colours and fruit Yet imperceptibly Factory Lane in this cold incomprehensible country becomes a different kind of home A novel about how home is found in many places and yet still eludes us
