John Lanigan (D.D.),1829 International Book Publishing: An Encyclopedia Philip G. Altbach,Edith S. Hoshino,2015-05-08 First Published in 1996 This encyclopedia is unique in several ways As the first international reference source on publishing it is a pioneering venture Our aim is to provide comprehensive discussion and analysis of key subjects relating to books and publishing worldwide The sixty four essays included here feature not only factual and statistical information about the topic but also analysis and evaluation of those facts and figures The chapters are significantly more comprehensive than those typically found in an encyclopedia Arts & Humanities Citation Index ,1985 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals World Authors, 1900-1950 Martin Seymour-Smith,1996 Representing a broad range of ethnic diversity these in depth profiles present fascinating accounts of lives and careers the circumstances under which works were produced and their literary significance Each profile also includes critical evaluation a list of the author s principal works with date first published a list of major critical works and a portrait or photograph where available A Dictionary of Christian Biography, Literature, Sects and Doctrines William Smith, Henry Wace,1877 Henry Miller and Religion Thomas Nesbit,2012-12-06 This study argues that this previously banned author devoted his entire life to articulating a religion of self liberation in his autobiographical books examining his life and work within the context of fringe religious movements that were linked with the avant garde in New York City and Paris at the first of the 20th century This study shows how these transatlantic movements including Gurdjieff Rosicrucianism and Theosophy gave him the hermeneutical devices not to mention the creative license to interpret texts and symbols from mainline religions in an iconoclastic manner ranging from obscure Taoist treatises to the mystical works of Jacob Boehme The influence of numerous philosophical sources widely circulated in his most critical years particularly Henri Bergson s *Two Sources of Morality and Religion* 1932 also helped him develop a religious view situated between transcendence and immanence in which self liberation through the channeled flow of *lan vital* is the chief objective Miller s knowledge of these intellectual currents along with his involvement with sidestream religious groups inspired him to meld his religious and literary aims into one perplexing project **Gargoyle Magazine** Richard Peabody,1985 *A Dictionary of Christian Biography, Literature, Sects and Doctrines: Eaba-Hermocrates* William Smith, Henry Wace,1880
