Bakewell, 2013-08-16 As Athenians of the classical era became increasingly aware of their own collective identity they sought to define themselves and exclude others They created a formal legal status to designate the free noncitizens living among them calling them metics and calling their status metoikia When Aeschylus dramatized the mythical flight of the Danaids from Egypt in his play Suppliant Women he did so in light of his own time and place Throughout the play directly and indirectly he casts the newcomers as metics and their stay in Greece as metoikia Bakewell maps the manifold anxieties that metics created in classical Athens showing that although citizens benefited from the many immigrants in their midst they also feared the effects of immigration in political sexual and economic realms Bakewell finds metoikia was a deeply
