To Every People from Every People Dr. Larry D. Pate, 2022-04-22 To Every People From Every People trains people to plant reproducing churches in the mainstream of unreached cultures around the world There are over two billion people living in over seven thousand such cultures who will never have an adequate chance to know Christ as Lord and Savior unless someone plants churches in the mainstream of their culture and language group This book teaches clearly and biblically about why that is important More important it teaches you how to do it It focuses on practical subjects like how to learn another language without studying it in a school and how to make an effective strategy It actually walks you through case studies with illustrations so you can get a mental picture of how to plant reproducing churches in the mainstream of any people group An earlier version of this book was originally written specifically for Latin America It was published by Editora Vida Miami Florida in several editions of Spanish and Portuguese It has long been the best selling book of its kind for many years This English edition has been revised and updated for a global English speaking audience Many thousands of people have used this book to plant new churches in other cultures and even in their own cultures The anthropological communications and sociological principles in this book have also helped people understand the Bible better and how to

apply its truths anywhere Most of all this book is designed to implant vision and passion for cross cultural ministry in the mind and heart of the reader It creates a mental image of how to do it It is a powerful tool intended for the Holy Spirit to use to thrust forth dedicated and effective laborers into the unreached harvest fields of the world *Home Missions*

Modern Metaphors of Christian Leadership Joshua D.

Henson, 2020-01-11 This book explores contemporary metaphors of leadership from a biblical or church historical perspective. It seeks to understand the cultural, social, and organizational metaphors from the Bible and the implications for contemporary organizations. Addressing issues such as communication, mentorship, administration, motivation, change, management, education, and coaching, the authors explore concepts related to both for-profit and not-for-profit organizations. This book will be a valuable addition to the leadership literature in showing how biblical leadership principles can be used in contemporary organizations.

Introducing Christian Education Michael J. Anthony, 2001-09-01 Building on the success of his 1992 collection *Foundations of Ministry* (over 17,000 sold), Michael Anthony offers *Introducing Christian Education* to fill the need in the C/E curriculum for an introductory foundations textbook, one that provides an overview and understanding of the broad range of subjects included in C/E for college and seminary use. Thirty-one chapters are offered under the following sections: 1. Foundations of C/E, 2. Developmental Perspectives of C/E, 3. Educational Implications of C/E, 4. Organization, Administration, and Leadership, 5. C/E Applied to the Family, and 6. Specialized Ministries. Contributors include Robert Pazmi, Jim Wilhoit, Julie Gorman, Klaus Issler, and Ted Ward. FROM THE FOREWORD BY LESTER C. BLANK JR. *Introducing Christian Education* will become a major resource text for church leaders and Christian education leaders who are professors of Christian education. It will be a valuable resource in my personal library. The desired outcome will be Psalm 78:72: "He cared for them with a true heart and led them with skillful hands."

The Congregationalist, 1922 *Religious Requirements and Practices* U. S. Department of the Army, 2001-10 Prepared by the Office of the Chief of Chaplains, United States Army, this handbook provides a useful guide to the beliefs and practices of a number of religious groups. It provides a useful reference both for professionals such as airport and hospital chaplains and for lay readers interested in a basic guide to religious groups not readily covered in other references. A specific purpose of the handbook was also to limit the amount of information provided on each group. Thus, while the information is accurate in most instances, approved by authorities from the individual groups themselves, it is by no means comprehensive. The material presented in the handbook was derived through an extensive research effort. The handbook includes 37 different group descriptions divided into seven categories. The categories are: Christian Heritage Groups, Japanese Heritage Groups, Jewish Groups, Indian Heritage Groups, Islamic Groups, Sikh Groups, and Other Groups. Among the uniform topics covered for each group are: historical roots, origins in the U.S., number of adherents in the U.S., organizational structure, leadership, and role of priesthood; who may conduct worship services; group worship; required dietary laws or restrictions; special religious holidays; funeral and burial requirements; autopsy; cremation; medical treatment; is a priest required at the time of death; basic teachings or beliefs; and ethical practices.
