keeps front and center the bodily psychological and social suffering experienced by those without stable support of family or homeland whether they were economic migrants or descendants of those enslaved by Roman armies In the new household of God believers are encouraged to exhibit a moral superiority to the society that engulfs them But adoption of elite values cannot erase the undertones of randomized verbal abuse general scorn and physical violence that women immigrants slaves and freedmen faced as the facts of life First Peter offers the honor of identifying with the Crucified by his bruises you are healed 2 24 A Christian liberation ethic would challenge 1 Peter's approach Pliny the Younger governor of Bithynia Pontus in north western Asia Minor is a contemporary of 2 Peter's writer The polemical accusatory genre of 2 Peter like Jude originates in Roman judicial rhetoric The pastor in the persona of a prosecuting attorney condemns immoral defendants including influential women Their crimes encode community tensions over women's leadership Gentile members sexual ethics their syncretistic deviations from Jewish doctrine on creation and the certainty of divine judgment and punishment Citations to Elizabeth Cady Stanton's A Woman's Bible enliven the commentary The doctrinal disorder prompts the male pastor to sustain loyalists in their commitment to Our Lord and Savior Jesus Christ Second Peter dramatizes an ecclesial crisis whose solution was the eventual imposition of a magisterium to silence dissent Brief combative and assuming a familiarity with a literary culture that most twenty first century readers do not have the Letter of Jude would be an obvious candidate for being the most neglected book of the New Testament As a model for a pastoral strategy it can be recommended only with great reservations almost everyone will find in it something problematic if not offensive Yet in addition to giving a window on a Greek speaking Jewish Christian milieu Jude's energetic prose testifies to the author's visceral concern for those attempting to live by the gospel in difficult circumstances Furthermore to the extent that over familiarity with parts of the New Testament can blunt their challenge this letter provides a salutary reminder that the entire canon originated in a world that is radically unfamiliar to us

The Omnipresence of Jesus Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA

Novatian's Theology of the Father and Son Daniel Lloyd, 2020-07-23 Early Christian theologian Novatian's c 200-258 work begins with the topic of the unique and supreme Father The categories he uses to describe the

Father include both traditions from Christian sources and articulations of negative theology especially as seen in Middle Platonism After establishing the limitations set by philosophical and theological language Daniel Lloyd turns to the positive categories Novatian chooses for describing the Father highlighting Novatian's emphasis on revelation evaluating the parameters of the uniqueness of the Father and showing that his theology presents the Father as distinct in attributes such as incomprehensibility eternity and inability to change Having presented Novatian's theology of the Father as the center point of his thought Lloyd next assesses Novatian's theology of the Son showing that his categories and terminology even to the point of calling the Son God do not function against his theology of the unique Father Novatian has many resources for speaking about the Son's divinity in a way that does not contradict his theology of the Father Lloyd presents and analyzes these resources to demonstrate that the Son's status as ontologically subordinate to the Father is the best reading of De Trinitate

Tertullian and the Church David Rankin, 1995-08-17 Was Tertullian of Carthage a schismatic How did he view the church and its bishops How did he understand the exercise of authority within the church In this study David Rankin sets the writings of Tertullian in the context of the early third century church and the developments it was undergoing in relation to both its structures and its self understanding He then discusses Tertullian's own theology of the church his imagery and his perception of church office and ministry Tertullian maintained throughout his career a high view of the church and this in part constituted the motivation for his vitriolic attacks on the church's hierarchy after he had joined the New Prophecy movement His contribution to the development of the church has often been misunderstood and this thorough exploration provides a timely reassessment of its nature and importance

The Diaconate James Monroe Barnett, 1995-01-01 This book is a highly readable comprehensive study that has established itself as the definitive work on the diaconate Drawing upon original sources the book provides valuable insights into the development of the office of the deacon in the early church and situates it within the context of the church's total ministry Dr Barnett contends that a radical change in the nature and understanding of the church's ministry took place in the fourth century A ministry that had included the whole people of God in a horizontal organic structure gave way to one that was clerical and hierarchical This change among other factors eventually transformed the diaconate into an inconsequential transitional office on the way to the priesthood Responding to the present day revival of the diaconate in the Roman Catholic Episcopal Lutheran and other churches Barnett calls for a restoration of the office to its original place as full and equal order thus re-creating the great symbol of the servant ministry that Christ gave to all the church James Monroe Barnett now living in retirement in Omaha is the former rector of Trinity Episcopal Church Norfolk NE
