Tom Greening, Dick Hobson

Psychotherapy Today A Consumers Guide To Choosing The Right Therapist:

A Consumer's Guide to Choosing the Right Psychotherapist Ronald W. Pies, 1997 Recent studies show that one of the most important factors in a successful psychotherapy is the patient's active participation in the selection of his or her therapist This book is dedicated to the idea that the best patient is a well informed patient It describes the variety of therapies available today and guides the consumer in making informed decisions including whether or not therapy is necessary Other essential issues discussed are the role of medication in therapy how to judge the competence of a therapist and how to decide if your therapy is working

The Complete Guide to Self-Management of Depression Harpreet S. Duggal MD FAPA, 2016-06-09 Depression is a complex illness that presents in a myriad of ways and affects more than 350 million people worldwide While medications and conventional cognitive behavioral approaches to the treatment of depression have success for many people these kinds of one size fits all treatments are not enough to alleviate the symptoms of depression or help them find a long term path toward wellness In *The Complete Guide to Self Management of Depression Practical and Proven Methods* Dr Harpreet S Duggal offers several evidence based treatments for depression and presents them in a practical easy to use format that can be incorporated into day to day self management of depression Self management is increasingly becoming the standard of care in people with long standing medical conditions and it broadens the narrow perspective of self help beyond the traditional treatment of symptoms to include behavioral methods positive psychology interventions mindfulness and complementary and alternative medicine approaches for treating depression Finally besides a focus on treating symptoms it also addresses lifestyle changes social relationships communication problem solving and elements of wellness and recovery In contrast to the traditional one size fits all approach of self help books on depression *The Complete Guide to Self Management of Depression* offers a menu of options for self management of depression and provides guidance on when and when not to use or combine particular strategies Placing those who suffer from depression in the drivers seat of self management can help them build confidence and prepare for the journey of managing depression

Clinical Manual of Psychiatric Diagnosis and Treatment Ronald W. Pies, 1994 *Clinical Manual of Psychiatric Diagnosis and Treatment A Biopsychosocial Approach* points out the most important issues in both the pharmacologic and psychotherapeutic treatment of the patient and guides the reader through the fundamental concepts Dr Pies integrates both psychodynamic and biochemical perspectives which he calls the biopsychosocial approach This approach equips the clinician with a broad based understanding of the patient The chapters include clinical vignettes tables charts and summaries This book is helpful for both the resident who is preparing for board examinations and the experienced clinician who is in pursuit of enriched understanding

Building Your Ideal Private Practice Lynn

Grodzki,2015-03-16 A much anticipated second edition to this classic practice building text *Building Your Ideal Private Practice* a best seller in its genre is now fully revised after its original publication in 2000 Much has changed for therapists in private practice over the past fifteen years including the widespread encroachment by insurance and managed care into the marketplace the density of new therapists as over 600 000 therapists nation wide try to stay viable and the role of the Internet in marketing services The revision of *Building Your Ideal Private Practice* is a comprehensive guide updated with six new chapters and targeted for therapists at all stages of private practice development It covers the essential how to questions for those starting out in practice and explains the common pitfalls to avoid For those already in practice worried about profitability in an age of increasing competition the author offers informed strategies such as the best way to create websites and other online marketing to find clients and then goes further to explain how to retain the new breed of fickle clients who shop for therapists online but are hard to satisfy Other new chapters support veteran therapists edging towards retirement including how to sell a therapy business for a profit or whether to stay working solo or expand into a more lucrative group business model The revision comprises a complete easy to use and fascinating business plan that shows therapists not just what to do but also who to be in order to succeed It adds depth up to date information and a wealth of strategies to the original book often referred to as the bible for therapists in private practice Like the original the revision conveys the author s experience optimism and warmth as she presents case examples checklists and exercises to make the business advice come alive Whether you have insurance based or a fee for service practice this book will help you thrive
