

The Rape of Shavi

A NOVEL

Buchi Emecheta

Rape Of Shavi

James Acheson

Rape Of Shavi:

Rape of Shavi Buchi Emecheta, 2000-05-30 Emecheta's fluent prose is steeped in the tradition of a difficult rural African life. The New York Times. An allegorical tale in which a collision between Westerners and tribal members imperils the stoic traditionalism of the Africans. Buchi Emecheta's *The Rape of Shavi* and *Second Class Citizen* Amy Stirling, 1998

Writing Across Cultures Omar Sougou, 2021-10-25 This is a timely and comprehensive study combining various critical approaches to the fiction of Buchi Emecheta, one of Africa's most illustrious and contentious women writers. Feminist Showalter, Cixous, Kristeva, and postcolonial approaches writing back are taken to Emecheta's texts to illuminate the personal, political, and aesthetic ramifications of the production of this born writer. Poststructural programmes of analysis are shown to be less relevant to this writer's fiction than Marxist and Bakhtinian perspectives. Emecheta is shown to be a bridge builder between two cultures and two worlds in narratives both challenging and popular, characterized by ambiguity, ambivalence, and double-voiced discourse, all of which evince the writer's determination to expose imaginatively the colonial heritage of centre-periphery conflicts, cultural corruption, ethnic discrimination, gender oppression, and the migrant experience in multiracial communities. Nigerian Literary Imagination and the Nationhood Project Toyin Falola, 2022-07-14 This book explores how modern Nigerian fiction is rooted in writers' understanding of their identity and perception of Nigeria as a country and home. Surveying a broad range of authors and texts, the book shows how these fictionalized representations of Nigeria reveal authentic perceptions of Nigeria's history and culture today. Many of the lessons in these works of literature provide cautionary tales and critiques of Nigeria as well as an examination of the lasting impact of colonialism. Furthermore, the book presents the nation as both the framework and subject of its narrative. By conducting literary analyses of Nigerian fiction with historical reference points, this work demonstrates how Nigerian literature can convey profound themes and knowledge that resonates with audiences, teaching Nigerians and non-Nigerians about the colonial and postcolonial experience. The chapters cover topics on nationhood, women's writing, postcolonial modernity, and Nigerian literature in the digital age. Encyclopedia of African Literature Simon Gikandi, 2003-09-02 The most comprehensive reference work on African literature to date, this book covers all the key historical and cultural issues in the field. The Encyclopedia contains over 600 entries covering criticism and theory, African literature's development as a field of scholarship, and studies of established and lesser-known writers and their texts. While the greatest proportion of literary work in Africa has been a product of the twentieth century, the Encyclopedia also covers the literature back to the earliest eras of story telling and oral transmission, making this a unique and valuable resource for those studying social sciences as well as humanities. This work includes cross-references, suggestions for further reading, and a comprehensive index. Missions of Interdependence Gerhard Stilz, 2002 At the beginning of the twenty-first century, it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism in order to help the world survive both the ancient pitfalls of particularist

terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital In this book thirty five scholars address and negotiate in a spirit of learning and understanding an exemplary variety of intercultural splits and fissures that have opened up in the English speaking world Their methodology can be seen to constitute a seminal field of intellectual signposts They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations They show how a new ethic of literary self assertion interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices silences and taboos established by discrimination against race class and gender

Multimodal Insights into Translation and Interpreting Studies Didem Tuna Küçük,Nazan Müge Uysal,2024-12-10 Multimodal Insights into Translation and Interpreting Studies sets out to provide a stimulating discussion and an integrated display of information as a reflection of a range of theoretical approaches in translation and interpreting studies Over recent years the field has expanded considerably and the scholars of translation and interpreting studies have initiated the proliferation of new concepts strategies and approaches resulting from the ongoing contact and communication of translation and interpreting studies with a variety of disciplines To illustrate the diverse spectrum of translation and interpreting both as a scholarly praxis and a professional field of expertise making strides on the continuum of professionalization from the perspective of the sociology of professions the book is divided thematically into three parts discussions on semiotics of translation paratextual and peritextual analysis in literary translation and professionalization of translation and interpreting Serving the multimodality aspect the book is designed to embody contemporary understandings and innovative thinking within the well established research area of literary translation on the one hand and the sociological approach to translation as a relatively recent phenomenon that has become a salient field of study as of 90s onwards in translation and interpreting studies on the other

Fishburn,1995-04-25 In this first full length study of Emecheta s fiction Fishburn highlights the difficulties inherent in reading across cultures She challenges the notion that all we need to understand African texts is a willingness to be open to them arguing that too many of the cultural and critical preconceptions we bring to these texts interfere with our ability to understand them Directly responding to Western feminist criticism written about Emecheta this study argues that Emecheta herself is not a feminist in the Western sense and that her novels should not be construed as reflecting this political interest In close readings of eight of her best known works this study reveals a complex narrative voice which is far more supportive of Emecheta s own African culture and its tradition than has been recognized previously **Subaltern Women's**
