The Nation ,1924 *The Press and Slavery in America, 1791-1859* Brian Gabriel,2022-04-13 This scholarly study examines the shifting perceptions of slavery in the antebellum South through news accounts of major slave rebellions Slavery remains one of the United States most troubling failings and its complexities have shaped American ideas about race economics politics and the press since the first days of settlement Brian Gabriel s *The Press and Slavery in America 1791 1859* explores those intersections at moments when enslaved people revolted or conspired to revolt Such events forced public discussions about slavery at times when supporters of the peculiar institution preferred them to be silent This volume covers news accounts of five major slave rebellions or conspiracies Gabriel Prosser s 1800 Virginia slave conspiracy the 1811 Louisiana slave revolt Denmark Vesey s 1822 slave conspiracy in Charleston South Carolina Nat Turner s 1831 Southampton County Virginia slave revolt and John Brown s 1859 Harper s Ferry raid Gabriel situates these stories within a historical framework that juxtaposes the transformation of the press into a powerful mass media with the growing political divide over slavery illustrating how two American cultures both asserting claims to founding America devolved into enemies over slavery What the nineteenth century press reveals in this book are discourses that have retained resonance in contemporary race relations and American politics They connect to ideas about the press and technology changing journalistic practice and the

destruction wrought by the dysfunction of the nation's political parties **This Business of Relief** Elna C. Green, 2003 The South has been largely overlooked in the debates prompted by the wave of welfare reforms during the 1990s This book helps correct that imbalance Using Richmond Virginia as an example Elna C Green looks at issues and trends related to two centuries of relief for the needy and dependent in the urban South Throughout she links her findings to the larger narrative of welfare history in the United States She ties social welfare policy in the South to other southern histories showing how each period left its own mark on policies and their implementation from colonial poor laws to homes for children orphaned in the Civil War to the New Deal's public works projects Green also covers the South's ongoing urbanization and industrialization the selective application of social services along racial and gender lines debates over the deserving and undeserving poor the professionalization of social work and the lasting effects of New Deal money and regulations on the region This groundbreaking study sheds light on a variety of key public and private welfare issues in history and in the present and in terms of welfare recipients and providers Linden Row Inn Ginger Warder, 2014 Included in the National Register of Historic Places the collection of Greek Revival row houses that make up the Linden Row Inn have played a significant role in the history of Richmond Virginia for two centuries As a child Edgar Allan Poe played in the private garden that occupied this site and he later courted his first love Elmira Royster among the roses and linden trees During the Civil War Linden Row was a meeting place for leaders and supporters of the Confederacy later it was home to a prestigious girls school whose pupils included Irene and Nancy Langhorne known in later years as the Gibson Girl and Lady Nancy Astor In 1922 two of the original ten houses were torn down and replaced by the Medical Arts Building In 1950 local preservationist Mary Wingfield Scott purchased the remaining houses to save them from the wrecking ball donating them in 1980 to the Historic Richmond Foundation In 1988 under the supervision of the foundation seven of the eight remaining houses were renovated and restored to become the Linden Row Inn which still welcomes travelers today **Richmond's Unhealed History** Benjamin P. Campbell, 2012 In a detailed look at the history of Richmond Benjamin Campbell examines the contradictions and crises that have formed the city over more than four centuries Campbell argues that the community of metropolitan Richmond is engaged in a decisive spiritual battle in the coming decade He believes the city more than any in the nation has the potential for an unprecedented and historic achievement Its citizens can redeem and fulfill the ideals of their ancestors proving to the world that race and class can be conquered by the deliberate and prayerful intention of honest and dedicated citizens The Origin Story of Fort Road/West Seventh Street, the Township/City of Saint Paul, the Territory/State of Minnesota: Glacial Age Forward Joseph Landsberger, 2025-08-01 The relationship of a people to the lands where they live is crucial for understanding their history and culture From Bdote to Imnizha ska from Fort Snelling to Seven Corners the West End in Saint Paul Minnesota has had a complex geologic and demographic history These origins elucidate settlement patterns beginning with Native peoples particularly the eastern Dakota Successive evolution dates from extractive
