

The Rise of the Anglo-German Antagonism

1860-1914

Paul M. Kennedy

"An imaginatively researched, innovative study of one of the most important historical questions of the pre-1914 period."

—Professor Fritz Stern

Rise Of The Anglo German Antagonism 1860 1914

Dirk Bönker

Rise Of The Anglo German Antagonism 1860 1914:

The Rise of the Anglo-German Antagonism, 1860-1914 Paul M. Kennedy, 1987 This book gives an account of the rivalry between Great Britain and Germany in the period leading to the First World War It gives readers a thorough comparison of the two societies their political cultures economies party politics courts the role of the press and pressure groups and so on It investigates the entire political structure within which diplomacy was conducted and seeks to establish the connection between long term background changes in the two countries and their rising antagonism The work therefore contributes to the larger debate on the nature of foreign policy as well as to that on the more specific controversies over Bismarck s imperialism the Anglo German naval race trade rivalries the role of the radical right and the origins of the First World War Back cover **The Rise of the Anglo-German Antagonism 1860-1914. (1. Publ.)** Paul Michael Kennedy, 1980

German Diplomatic Relations 1871-1945 William Young, 2006-09-04 The continuity issue has been a theme in German historiography for half a century Historians have examined the foreign policy of Wilhelmine and Nazi Germany that led to two world wars Dr William Young examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 He stresses the role and influence of strong German leaders in the making of policy and the conduct of foreign relations *German Diplomatic Relations 1871 1945* will be of value to individuals interested in the history of Germany Modern Europe and International Relations **German Naval Strategy, 1856-1888** David H. Olivier, 2004 This book is a comparative study of the evolution of the German navy in the second half of the nineteenth century It examines the development of strategy especially commerce raiding in comparison to what other navies were doing in this era of rapid technological change It is not an insular history merely listing ship rosters or specific events it is a history of the German navy in relation to its potential foes It is also a look at a new military institution involved in an inter service rivalry for funds technology and manpower with the prestigious and well established army *The Origins of Revisionist and Status-Quo States* J. Davidson, 2016-04-30 Explaining why some states seek the status quo and others seek revision in international relations Davidson argues that governments pursuing revisionist policies are responding to powerful domestic groups such as nationalists and those in the military that believe they can defeat their rivals He draws on examples of France Italy and Great Britain to enhance understanding of a fundamental source of instability in international affairs **Steamship Nationalism** Mark A. Russell, 2020-04-15 Steamship Nationalism is a cultural social and political history of the S S Imperator Vaterland and Bismarck Transatlantic passenger steamships launched by the Hamburg Amerikanische Packetfahrt Aktien Gesellschaft HAPAG between 1912 and 1914 they do not enjoy the international fame of their British counterparts most notably the Titanic Yet the Imperator class liners were the largest most luxurious passenger vessels built before the First World War In keeping with the often overlooked history of its merchant marine as a whole they reveal much about Imperial Germany in its

national and international dimensions As products of business decisions shaped by global dynamics and the imperatives of international travel immigration and trade HAPAG s giant liners bear witness to Germany s involvement in the processes of globalization prior to 1914 Yet this book focuses not on their physical but on their cultural construction in a variety of contemporaneous media including the press and advertising on both sides of the Atlantic At home they were presented to the public as symbolic of the nation s achievements and ambitions in ways that emphasize the complex nature of German national identity at the time Abroad they were often construed as floating national monuments and as such facilitated important encounters with Germany both virtual and real for the populations of Britain and America Their overseas reception highlights the multi faceted image of the European superpower that was constructed in the Anglo American world in these years More generally it is a pointed indicator of the complex relationship between Britain the United States and Imperial Germany

The Rise of Western Power Jonathan Daly,2021-01-14 In this second edition of The Rise of Western Power Jonathan Daly retains the broad sweep of his introduction to the history of Western civilization as well as introducing new material into every chapter enhancing the book s global coverage and engaging with the latest historical debates The West s history is one of extraordinary success no other region empire culture or civilization has left so powerful a mark upon the world Daly charts the West s achievements representative government the free enterprise system modern science and the rule of law as well as its misdeeds two World Wars the Holocaust imperialistic domination and the Atlantic slave trade Taking us through a series of revolutions he explores the contributions of other cultures and civilizations to the West s emergence weaving in historical geographical and cultural factors The new edition also contains more material on themes such as the environment and gender and additional coverage of India China and the Islamic world Daly s engaging narrative is accompanied by timelines maps and further reading suggestions along with a companion website featuring study questions over 100 primary sources and 60 historical maps to enable further study Power and the Purse Jean-Marc F.

Blanchard,Edward D. Mansfield,Norrin M. Ripsman,2014-06-03 The essays here address the relationship between economic interdependence and international conflict the political economy of economic sanctions and the role of economic incentives in international statecraft Germany and the Causes of the First World War Mark Hewitson,2014-03-04 How can we understand what caused World War I What role did Germany play This book encourages us to re think the events that led to global conflict in 1914 Historians in recent years have argued that German leaders acted defensively or pre emptively in 1914 conscious of the Reich s deteriorating military and diplomatic position Germany and the Causes of the First World War challenges such interpretations placing new emphasis on the idea that the Reich Chancellor the German Foreign Office and the Great General Staff were confident that they could win a continental war This belief in Germany s superiority derived primarily from an assumption of French decline and Russian weakness throughout the period between the turn of the century and the eve of the First World War Accordingly Wilhelmine policy makers pursued offensive policies at the risk of war at

important junctures during the 1900s and 1910s The author analyses the stereotyping of enemy states representations of war in peacetime and conceptualizations of international relations He uncovers the complex role of ruling elites political parties big business and the press and contends that the decade before the First World War witnessed some critical changes in German foreign policy By the time of the July crisis of 1914 for example the perception of enemies had altered with Russia the traditional bugbear of the German centre and left becoming the principal opponent of the Reich Under these changed conditions German leaders could now pursue their strategy of brinkmanship using war as an instrument of policy to its logical conclusion

British Imperialism P.J. Cain,A. G. Hopkins,2016-03-02 A milestone in the understanding of British history and imperialism this ground breaking book radically reinterprets the course of modern economic development and the causes of overseas expansion during the past three centuries Employing their concept of gentlemanly capitalism the authors draw imperial and domestic British history together to show how the shape of the nation and its economy depended on international and imperial ties and how these ties were undone to produce the post colonial world of today Containing a significantly expanded and updated Foreword and Afterword this third edition assesses the development of the debate since the book s original publication discusses the imperial era in the context of the controversy over globalization and shows how the study of the age of empires remains relevant to understanding the post colonial world Covering the full extent of the British empire from China to South America and taking a broad chronological view from the seventeenth century to post imperial Britain today *British Imperialism 1688 2015* is the perfect read for all students of imperial and global history

At War in Distant Waters Phillip G Pattee,2013-10-15 *At War in Distant Waters* investigates the reasons behind Great Britain s combined military and naval offensive expeditions outside of Europe during the Great War Often regarded as unnecessary sideshows to the conflict waged on the European continent Pattee argues that the various campaigns were necessary adjuncts to the war in Europe and fulfilled an important strategic purpose by protecting British trade where it was most vulnerable Since international trade was essential for the island nation s way of life Great Britain required freedom of the seas to maintain its global trade While the German High Seas Fleet was a serious threat to the British coast forcing the Royal Navy to concentrate in home waters the importance of the island empire s global trade made it a valuable target to Germany s various commerce raiders just as Admiral Tirpitz s risk theory had anticipated

Contemporary Diplomacy in Action Alastair Masser,Jack Spence,Claire Yorke,2021-03-25 Effective diplomacy remains fundamental to the conduct of international relations in the twenty first century as we seek to define and manage a challenging new world order peacefully *New Perspectives on Diplomacy* highlights the importance of diplomacy in political and military crises featuring details of life as a diplomat the importance of alliance building managing failure and diplomatic negotiations with armed groups Using regional case studies from Africa Europe the Middle East Russia and Asia the second volume demonstrates that the importance of diplomacy and diplomats remains undiminished

The Rise and Fall of the Great Powers Paul

Kennedy,2010-10-27 About national and international power in the modern or Post Renaissance period Explains how the various powers have risen and fallen over the 5 centuries since the formation of the new monarchies in W Europe Hitler's Germany Roderick Stackelberg,2002-01-22 Hitler s Germany provides a comprehensive narrative history of Nazi Germany and sets it in the wider context of nineteenth and twentieth century German history Roderick Stackelberg analyzes how it was possible that a national culture of such creativity and achievement could generate such barbarism and destructiveness This second edition has been updated throughout to incorporate recent historical research and engage with current debates in the field It includes an expanded introduction focusing on the hazards of writing about Nazi Germany an extended analysis of fascism totalitarianism imperialism and ideology a broadened contextualisation of antisemitism discussion of the Holocaust including the euthanasia program and the role of eugenics new chapters on Nazi social and economic policies and the structure of government as well as on the role of culture the arts education and religion additional maps tables and a chronology a fully updated bibliography Exploring the controversies surrounding Nazism and its afterlife in historiography and historical memory Hitler s Germany provides students with an interpretive framework for understanding this extraordinary episode in German and European history Sudan Edward M. Spiers,2013-07-04 In 1898 Kitchener s Anglo Egyptian army defeated the armies of dervishes at the battle of Omdurman To commemorate the event 11 historians have produced a reappraisal of the reconquest and its international repercussions They examine some of the policies personalities and issues involved **The Dark Path** Williamson Murray,2024-10-22 From an esteemed military historian a sweeping history of the revolutions in war fighting that have shaped the modern world Heraclitus wrote that war is the father of all and it has formed much of the modern world Although the fundamental nature of war has not altered over the centuries constant change innovation and adaptation have repeatedly reshaped how wars are fought in the West Revolutions in military practice cannot be separated from larger social developments in areas like logistics finance and economics and the culture of military organizations In The Dark Path Williamson Murray argues that the history of warfare in the West hinged on five revolutions which both reflected the social political and economic conditions that produced them and in turn influenced how those conditions evolved These five key turning points are the advent of the modern state which formed bureaucracies and professional militaries the Industrial Revolution which produced the financial and industrial means to sustain and equip large armies the French Revolution which provided the ideological basis needed to sustain armies through continent sized wars the merging of the Industrial and French Revolutions in the U S Civil War and the accelerating integration of technological advancement financial capacity ideology and government that unleashed the modern capacity for total warfare An ambitious work of synthesis this book shows how the world continually re creates war and how war in turn continually re creates the world **The Death of the German Cousin** Peter Edgerly Firchow,1986 In works by Kipling and Forster Lawrence and Shaw Mansfield and Conrad the Germans were transformed from peaceful country cousins into bloodthirsty Huns The author

s aim is to present what Lukacs calls extreme situations which radiate a symbolic force far beyond their relatively narrow confines

The Dreadnought and the Edwardian Age Andrew Lambert, 2016-12-05 HMS Dreadnought 1906 is closely associated with the age of empire the Anglo German antagonism and the naval arms race before the First World War Yet it was also linked with a range of other contexts political and cultural national and international that were central to the Edwardian period The chapters in this volume investigate these contexts and their intersection in this symbolically charged icon of the Edwardian age In reassessing the most famous warship of the period this collection not only considers the strategic and operational impact of this all big gun battleship but also explores the many meanings Dreadnought had in politics and culture including national and imperial sentiment gender relations and concepts of masculinity public spectacle and images of technology and ideas about modernity and decline The volume brings together historians from different backgrounds working on naval and technological history politics and international relations as well as culture and gender This diverse approach to the subject ensures that the book offers a timely revision of the Dreadnought and the Edwardian Age

Militarism in a Global Age Dirk Bönker, 2012-03-15 At the turn of the twentieth century the United States and Germany emerged as the two most rapidly developing industrial nation states of the Atlantic world The elites and intelligentsias of both countries staked out claims to dominance in the twentieth century In Militarism in a Global Age Dirk Bonker explores the far reaching ambitions of naval officers before World War I as they advanced navalism a particular brand of modern militarism that stressed the paramount importance of sea power as a historical determinant Aspiring to make their own countries into self reliant world powers in an age of global empire and commerce officers viewed the causes of the industrial nation global influence elite rule and naval power as inseparable Characterized by both transnational exchanges and national competition the new maritime militarism was technocratic in its impulses its makers cast themselves as members of a professional elite that served the nation with its expert knowledge of maritime and global affairs American and German navalist projects differed less in their principal features than in their eventual trajectories Over time the pursuits of these projects channeled the two naval elites in different directions as they developed contrasting outlooks on their bids for world power and maritime force Combining comparative history with transnational and global history Militarism in a Global Age challenges traditional exceptionalist assumptions about militarism and national identity in Germany and the United States in its exploration of empire and geopolitics warfare and military operational imaginations state formation and national governance and expertise and professionalism

War, Bond Prices, and Public Opinion Tobias A. Jopp, 2021-02-25 The First World War was a watershed in the evolution of warfare politics economics and the social sphere One persistent topic in the historiography of the war is how contemporaries perceived the war s outbreak and its course Tobias A Jopp contributes to the related research from a new angle by analysing a quantitative source of perception that has hitherto been largely neglected namely the prices at which sovereign bonds were traded in the financial markets Sovereign bond prices can be

understood as a real time opinion poll conducted among bondholders as to how the borrowing countries fared considering the war's implications for public finances. Specifically, the author investigates the Amsterdam Stock Exchange between 1914 and 1919. The empirical analysis derives and discusses perceived turning points and asks how bondholders perceived the established alliances' credibility.

Thank you definitely much for downloading **Rise Of The Anglo German Antagonism 1860 1914**. Most likely you have knowledge that, people have seen numerous times for their favorite books as soon as this Rise Of The Anglo German Antagonism 1860 1914, but stop up in harmful downloads.

Rise Of The Anglo German Antagonism 1860 1914 Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rise Of The Anglo German Antagonism 1860 1914, especially related to Rise Of The Anglo German Antagonism 1860 1914, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Rise Of The Anglo German Antagonism 1860 1914, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rise Of The Anglo German Antagonism 1860 1914 books or magazines might include. Look for these in online stores or libraries. Remember that while Rise Of The Anglo German Antagonism 1860 1914, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rise Of The Anglo German Antagonism 1860 1914 eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors

Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Rise Of The Anglo German Antagonism 1860 1914 full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rise Of The Anglo German Antagonism 1860 1914 eBooks, including some popular titles.

FAQs About Rise Of The Anglo German Antagonism 1860 1914 Books

What is a Rise Of The Anglo German Antagonism 1860 1914 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rise Of The Anglo German Antagonism 1860 1914 PDF?**

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rise Of The Anglo German Antagonism 1860 1914 PDF?**

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rise**

Of The Anglo German Antagonism 1860 1914 PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rise Of The Anglo German Antagonism 1860 1914 PDF?**

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or

may not be legal depending on the circumstances and local laws.
