Russia and the Negro Allison Blakely, 1986      **American Girls in Red Russia** Julia L. Mickenberg, 2017-04-25 If you were an independent adventurous liberated American woman in the 1920s or 1930s where might you have sought escape from the constraints and compromises of bourgeois living Paris and the Left Bank quickly come to mind But would you have ever thought of Russia and the wilds of Siberia This choice was not as unusual as it seems now As Julia L Mickenberg uncovers in *American Girls in Red Russia* there is a forgotten counterpoint to the story of the Lost Generation beginning in the late nineteenth century Russian revolutionary ideology attracted many women including suffragists reformers educators journalists and artists as well as curious travelers Some were famous like Isadora Duncan or Lillian Hellman some were committed radicals though more were just intrigued by the Soviet experiment But all came to Russia in search of social arrangements that would be more equitable just and satisfying And most in the end were disillusioned some by the mundane realities others by horrifying truths Mickenberg reveals the complex motives that drew American women to Russia as they sought models for a revolutionary new era in which women would be not merely independent of men but also equal builders of a new society Soviet women after all earned the right to vote in 1917 and they also had abortion rights property rights the right to divorce maternity benefits and state supported childcare Even women from Soviet national minorities many recently unveiled became public figures as African American and Jewish women noted Yet as Mickenberg's collective biography shows Russia turned out to be as much a grim commune as a utopia of freedom replete with economic social and sexual inequities *American Girls in Red Russia* recounts the experiences of women who saved starving children from the Russian famine worked on rural communes in Siberia wrote for Moscow or New York newspapers or performed on Soviet stages Mickenberg finally tells these forgotten stories full of hope and grave disappointments      Blacks, Reds, and Russians Joy Gleason Carew, 2008 One of the most compelling yet little known stories of race relations in the twentieth century is the account of blacks who chose to leave the United States to be involved in the Soviet Experiment in the 1920s and 1930s In *Blacks Reds and Russians* Joy Gleason Carew offers insight into the political strategies that often underlie relationships between different peoples and countries Interviews with the descendants of figures such as Paul Robeson and Oliver Golden offer rare personal insights into the story of a group of emigrants who confronted by the daunting challenges of making a life for themselves in a racist United States found unprecedented opportunities in communist Russia      Encyclopedia of Blacks in European History and Culture Eric Martone, 2008-12-08 Blacks have played a significant part in European civilization since ancient times This encyclopedia illuminates blacks in European history literature and popular culture It emphasizes the considerable scope of black influence in and contributions to European culture The first blacks arrived in Europe as slaves and later as laborers and soldiers and black immigrants today along with others are transforming Europe into multicultural states This indispensable set expands our knowledge of blacks in Western civilization More than 350 essay entries introduce

**Busted in New York and Other Essays** Darryl Pinckney, 2019-11-12. A collection of essays that blend the personal and the social from the celebrated literary critic and novelist. In these twenty five essays Darryl Pinckney has given us a view of our recent racial history that blends the social and the personal and wonders how we arrived at our current moment. Pinckney reminds us that white supremacy isn't back it never went away. It is this impulse to see historically that is at the core of *Busted in New York and Other Essays* which traces the lineage of black intellectual history from Booker T. Washington through the Harlem Renaissance to the Black Panther Party and the turbulent sixties to today's Afro pessimists and celebrated and neglected thinkers in between. These are capacious essays whose topics range from the grassroots of protest in Ferguson Missouri to the eighteenth century Guadeloupian composer Joseph Bologne from an unsparing portrait of Louis Farrakhan to the enduring legacy of James Baldwin the unexpected story of black people experiencing Russia Barry Jenkins's *Moonlight* and the painter Kara Walker. The essays themselves are a kind of record many of them written in real time as Pinckney witnesses the Million Man March feels and experiences the highs and lows of Obama's first presidential campaign explores the literary black diaspora and reflects on the surprising and severe lesson he learned firsthand about the changing urban fabric of New York. As Zadie Smith writes in her introduction to the book: How lucky we are to have Darryl Pinckney who without rancor without insult has all these years been taking down our various songs.
