**The Ways of Russian Theology - Part II** Georges Florovsky, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> How to bring the life and activities of theological students to the Church They should arouse religious and theological independence in them Now let the guardians of the church instead of scolding the academy its professors and students instead of intensely searching for heresies in their writings and misconduct in their behavior indicate ways to introduce this condition But life is not studied in a theological school On the contrary young people already separated from their estates by life are even more clogged from it by seminary pedagogy Naturally it is not life's fighters zealots of truth but dry theorists artificially raised resonators who will leave the school should they be given the message of life heal the brokenhearted release the tormented to freedom Rev Anthony Khrapovitsky True these words were spoken a little later in 1896 but they could have been spoken earlier Here pastoral jealousy is sharply confronted and diverges from official and official unbelief Since the mid 80s this pastoral awakening the renewal of the pastoral ideal has already been very noticeable This was most evident in the St Petersburg Academy when Yanyshchev was replaced as rector by Arseniy Bryantsev vposl Archbishop of Kharkov The Academy Inspector was transferred from Kazan then still Archimandrite Anthony Vadkovsky 1846 1912 afterwards Metropolitan of St Petersburg He was a man of great cordial sympathy and benevolence Around him there is a circle of zealots of a monastic feat the so called Squad After a twenty year hiatus tonsure again begins in the student community The ascetic ideal at the same time internally merges with the pastoral vocation this was a new feature A Russian Course Alexander Lipson, 1974

Gregory L. Nichols,2011-11-09 Today many evangelicals in the Russian speaking world emphasize sanctification as a distinctive mark of their Christian faith This is a unique characteristic particularly in the European context Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century Missionary efforts of the German Baptists a revival sparked by a British evangelist and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage Ivan Kargel uniquely participated in the formation and ministry of each of these threads His life spans from Tsarist Russia to the Soviet Union Kargel refused to adhere to a systematic view of theology Instead he urged believers to go to Scripture and draw from the riches of a life united with Christ Kargel s influence today is keenly felt across the Russian speaking evangelical world as they seek to identify the roots of their spiritual identity This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality      **Statutes and Ordinances of the**
