АННОТАЦИЯ

Представлена точка зрения на возможные пути дальнейшего развития и поддержки российской научной периодики в условиях санкционного давления и существенного сокращения возможностей для сотрудничества с западными компаниями, в том числе владеющими Web of Science и Scopus. Обсуждается ряд негативных последствий ориентирования отечественной науки в основном на данные наукометрические базы данных. Подчёркивается, что необходимо продолжать работу по повышению уровня научных изданий и развивать собственные индексы, не прекращая при этом сотрудничество там, где это возможно, и налаживая новые коллаборации в данной сфере.

This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Journals has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Journals. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge.
