Russian Woman:

The Life of a Russian Woman Doctor Anna Bek,2004-11-10 The story of an idealistic Russian woman doctor in pre and postrevolutionary Siberia *Russian Women and their Organizations* R. Kay,2000-02-02 Grassroots Russian women s organizations faced multiple challenges in the early 1990s Like their members they were confronted with both potentially hostile attitudes and numerous practical difficulties Post Soviet ideologies of gender difference produced a gender climate which was particularly unsympathetic to female activism in support of other women This book presents a detailed study of grassroots Russian women s organizations in 1991-96 against the background of a careful analysis of gender relations and attitudes to women s place in post Soviet Russian society **Russian Women Writers** Christine D. Tomei,1999 *Russian Women, 1698-1917* Robin Bisha,2002-09-16 Women can do everything men can do the rest Between a woman s yes and a woman s no it s hard to pass a needle What goes in with mother s milk goes out with the soul Russian proverbs This rich anthology of source materials makes available for the first time in any language an extensive variety of primary sources on the lives of Russian women from the reign of Peter the Great to the Bolshevik revolution The selections are drawn from a wide variety of sources published and unpublished including memoirs diaries legal codes correspondence short fiction poetry ethnographic observations and folklore with primacy given to sources produced by women and previously unavailable in English translation Organised thematically the documents focus on women s family life work and schooling public activism creative self expression and sexuality and spirituality as well as on the cultural ideals and legal framework which constrained women of all social classes Introductions to chapters and to individual selections provide context for the sources and highlight both the continuities and changes that occurred in Russian women s lives over time This compendium serves as a unique guide to the social economic political and cultural history of women in Imperial Russia The volume includes illustrations a chronology a glossary of Russian terms a map and a guide to further reading *Russian Women Experience and Expression* is an ideal collection for classroom use in Russian history literature and culture courses and in comparative courses in women s history **Mapping Experience in Polish and Russian Women's Writing** Urszula Chowaniec,2010-09-13 The volume encompasses eleven articles which discuss the critical views that Polish and Russian women writers have articulated with regard to the notion of experience and constructions of femininity in the national imagination from the 19th to the 21st centuries Major themes of the articles include women s experiences as writers in the 19th century women s embodied experiences of a traumatic past body and sexuality in the different ages of women political and aesthetic discourses and femininity Although the articles are arranged in chronological order they do not form an absolute chronological or periodic continuum i.e. from Romanticism to Postmodernism although references to certain aesthetic periods are made The authors of the articles reflect in detail on how the women writers and their literary texts represent different understandings and experiences in relation to dominant perceptions for example of the memory of war of

motherhood of art and aesthetics and so on Readers are encouraged to seek parallels and continuities between the different historical times and spaces between women s writing in Russia and Poland between different scholarly approaches and aims The articles of this volume bring together important critical standpoints in women s writing in Poland and Russia in which parallels continuities and resemblances can be traced but in which discontinuities breaks and differences also make themselves visible Apart from the conspicuous resemblances between individual Russian and Polish women writers works or even between groups of women writers the articles document the diversity within Russian and Polish women s writing respectively and even within individual writers

Resilient Russian Women in the 1920s & 1930s Marcelline Hutton,2015-07 The stories of Russian educated women peasants prisoners workers wives and mothers of the 1920s and 1930s show how work marriage family religion and even patriotism helped sustain them during harsh times The Russian Revolution launched an economic and social upheaval that released peasant women from the control of traditional extended families It promised urban women equality and created opportunities for employment and higher education Yet the revolution did little to eliminate Russian patriarchal culture which continued to undermine women s social sexual economic and political conditions Divorce and abortion became more widespread but birth control remained limited and sexual liberation meant greater freedom for men than for women The transformations that women needed to gain true equality were postponed by the poverty of the new state and the political agendas of leaders like Lenin Trotsky and Stalin

This collection of essays examines the lives of women across Russia from wealthy noblewomen in St Petersburg to desperately poor peasants in Siberia, discussing their interaction with the Church and the law and their rich contribution to music, art, literature and theatre.
