Russians The:

The New Russian Diaspora Vladimir Shlapentokh, Munir Sendich, Emil Payin, 1994 In the wake of the USSR's collapse more than 25 million Russians found themselves living outside Russian territory their status ambiguous This volume prepared under the sponsorship of the Kennan Institute offers a comprehensive and amply documented examination of the issue

Russia Rodric Braithwaite, 2022-08-25 Wise and thorough Spectator Brisk and readable very valuable Financial Times He is an engaging guide and writes with the same flair demonstrated in his previous bestseller *Afgantsy* Sunday Telegraph A scholarly yet highly readable gallop through the last 1000 years of Russian history To understand this tormented nation you can do no better than read this illuminating portrait Jonathan Dimbleby With its attack on Ukraine Russia's future seems almost as uncertain as its past The largest country in the world with the largest arsenal of nuclear weapons has been known over the past thousand years as Rus Muscovy the Russian Empire and the Soviet Union Thirty years ago it was reinvented as the Russian Federation Russia is not an enigma but its past is violent tragic sometimes glorious and certainly complicated Like the rest of us the Russians constantly rewrite their history They too omit episodes of national disgrace in favour of patriotic anecdotes sometimes more rooted in myth than reality Expert and former ambassador Rodric Braithwaite unpicks fact from fiction to discover what lies at the root of the Russian story more relevant to the rest of the world now than ever before

The Disastrous 1990s in Russia Konstantin Sidorov, 2022 The 1990s dive into cowboy capitalism and democracy with advice from the West led to an utter breakdown in the former Soviet Union Shocking concrete examples of the corruption chaos and misery are related by an eye witness Facing destruction they chose a strong smart leader and so we have Putin

The United States and Russia Gary Wiener, 2017-12-15 After the U S S R formed the United States found itself in a rivalry that has persisted for nearly a century Readers are introduced to the complex history between the United States and Russia which for many years was a conflict between democracy and communism However after the dissolution of the U S S R the relationship between the two countries remains strained and readers also explore the reasons for this continued tension Quotes from powerful leaders of both countries striking photographs and thoroughly researched text help readers understand why these two competing nations have maintained a cold relationship for so many years

European Powers in the First World War Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as

military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike

Administering the Colonizer Blaine R. Chiasson,2011-01-01 Harbin of the 1920s was viewed by Westerners as a world turned upside down The Chinese government had taken over administration of the Russian founded Chinese Eastern Railway concession and its large Russian population This account of the decade long multi ethnic and multinational administrative experiment in North Manchuria reveals that China not only created policies to promote Chinese sovereignty but also instituted measures to protect the Russian minority This multi faceted book is a historical examination of how an ethnic cultural and racial majority coexisted with a minority of a different culture and race It restores to history the multiple national influences that have shaped northern China and Chinese nationalism

Congress. House. Select Committee on Communist Aggression,1954 **Russia's Revolution from Above 1985-2000** Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information Hahn presents a magisterial study that fills a significant void in our understanding of USSR s destruction While readers may at times feel overwhelmed readers are presented with a conceptual approach that can be useful for appreciating ongoing institutional changes and often subtle elite maneuverings in the post Soviet era John P Willerton University of Arizona This is a big book in all respects weighty both in size and scholarship The core is a meticulous analysis of the perestroika period of the Soviet Union 1985-91 Followed by a concluding general chapter that applies the earlier analysis to post Communist Russia 1992-2000 The work is based on years of painstaking analysis considerable archival research and numerous interviews The Russian Review This is an important book with a number of substantive strengths Slavic Review The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990-91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB

and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in Europe Asia Studies Problems of Post Communism Russian Review and Russian History Histoire Russe

Russians The Introduction

In today's digital age, the availability of Russians The books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russians The books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russians The books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russians The versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russians The books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russians The books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russians The books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast

collection of digitized books and historical documents. In conclusion, Russians The books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russians The books and manuals for download and embark on your journey of knowledge?
