Russias Last Capitalists The Nepmen 1921 1929

James R. Gibson

Russias Last Capitalists The Nepmen 1921 1929:

Russia's Last Capitalists Alan M. Ball,1987 In 1921 Lenin surprised foreign observers and many in his own Party by calling for the legalization of private trade and manufacturing Within a matter of months this New Economic Policy NEP spawned many thousands of private entrepreneurs dubbed Nepmen After delineating this political background Alan Ball turns his attention to the Nepmen themselves examining where they came from how they fared in competition with the socialist sector of the economy their importance in the Soviet economy and the consequences of their liquidation at the end of the 1920s Alan Ball s history of this experiment with capitalism is strikingly relevant to current efforts toward economic reform in the USSR

Russia's Last Capitalists Alan M. Ball,1990 Annotation In 1921 Lenin surprised foreign observers and many in his own Party by calling for the legalization of private trade and manufacturing Within a matter of months this New Economic Policy NEP spawned many thousands of private entrepreneurs dubbed Nepmen After delineating this political background Alan Ball turns his attention to the Nepmen themselves examining where they came from how they fared in competition with the socialist sector of the economy their importance in the Soviet economy and the consequences of their liquidation at the end of the 1920s Alan Ball s history of this experiment with capitalism is strikingly relevant to current efforts toward economic reform in the USSR

The Cambridge History of Russia: Volume 3, The Twentieth Century Maureen Perrie,Ronald Grigor Suny,2006-11-02 A major history of twentieth century Russia by leading scholars in the field

Industry, State, and Society in Stalin's Russia, 1926-1934 David R. Shearer,2018-09-05 In his reexamination of the origins of the Stalinist state during the formative period of rapid industrialization in the late 1920s and early 1930s David R Shearer argues that a centralized state controlled economic system was the consciously conceived political creation of Stalinist leaders rather than the inevitable by product of socialist industrialization Focusing on the different economic and bureaucratic cultures within the industrial system Shearer reconstructs the debates in 1928 and 1929 over administrative financial and commercial reform He uses information from recently opened archives to show that attempts by the state s trading organizations to create a commercial economy enjoyed wide support offering a model that combined planning and rapid industrialization with social democracy and economic prosperity In an effort to crush the syndicate movement and establish tight political control over the economy Stalinist leaders intervened with a program of radical reforms Shearer demonstrates that professional engineers planners and industrial administrators in many cases actively supported the creation of a powerful industrial state unhampered by domestic social and economic constraints The paradoxical result Shearer shows was a loss of control The overly centralized system that emerged during the first Five Year Plan was rendered incoherent by periodic economic crises and the continuing influence of partially suppressed social and market forces

Russia's International Relations in the Twentieth Century Alastair Kocho-Williams,2013-01-04 Russia has long been a major player in the international relations arena but only by examining the whole century can Russian foreign policy be

properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia's post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia's International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy The Routledge Companion to Marketing History D.G. Brian Jones, Mark Tadajewski, 2016-01-29 The Routledge Companion to Marketing History is the first collection of readings that surveys the broader field of marketing history including the key activities and practices in the marketing process With contributors from leading international scholars working in marketing history this companion provides nine country specific histories of marketing practice as well as a broad analysis of the field including the histories of advertising retailing channels of distribution product design and branding pricing strategies and consumption behavior While other collections have provided an overview of the history of marketing thought this is the first of its kind to do so from the perspective of companies industries and even whole economies The Routledge Companion to Marketing History ranges across many countries and industries engaging in substantive detail with marketing practices as they were performed in a variety of historical periods extending back to ancient times It is not to be missed by any historian or student of business

Contending with Stalinism Lynne Viola, 2018-05-31 Resistance has become an important and controversial analytical category for the study of Stalinism The opening of Soviet archives allows historians an unprecedented look at the fabric of state and society in the 1930s Researchers long spellbound by myths of Russian fatalism and submission as well as by the very real powers of the Stalinist state are startled by the dimensions of popular resistance under Stalin Narratives of such resistance are inherently interesting yet the topic is also significant because it sheds light on its historical surroundings *Contending with Stalinism* employs the idea of resistance as a tool to explore what otherwise would remain opaque features of the social cultural and political history of the 1930s In the process the authors reveal a semi autonomous world residing within and beyond the official world of Stalinism Resistance ranged across a spectrum from violent strikes to the passive resistance that was a virtual way of life for millions and took many forms from foot dragging and negligence to feigned ignorance and false compliance *Contending with Stalinism* also highlights the problematic nature of resistance as an analytical category and stresses the ambiguous nature of the phenomenon The topics addressed include working class strikes

peasant rebellions black market crimes official corruption and homosexual and ethnic subcultures **Russia's Uncommon Prophet** Wallace L. Daniel, 2016-04-20 This lucidly written biography of Aleksandr Men examines the familial and social context from which Men developed as a Russian Orthodox priest Wallace Daniel presents a different picture of Russia and the Orthodox Church than the stereotypes found in much of the popular literature Men offered an alternative to the prescribed ways of thinking imposed by the state and the church Growing up during the darkest most oppressive years in the history of the former Soviet Union he became a parish priest who eschewed fear who followed Christ's command to love thy neighbor as thyself and who attracted large diverse groups of people in Russian society How he accomplished those tasks and with what ultimate results are the main themes of this story Conflict and controversy marked every stage of Men's priesthood His parish in the vicinity of Moscow attracted the attention of the KGB especially as it became a haven for members of the intelligentsia He endured repeated attacks from ultraconservative anti-Semitic circles inside the Orthodox Church For Men represented the spiritual vision of an open non-authoritarian Christianity and his lectures were extremely popular He was murdered on September 9 1990 For years his work was unavailable in most church bookstores in Russia and his teachings were excoriated by some both within and outside the church But his books continue to offer hope to many throughout the world they have sold millions of copies and are testimony to his continuing relevance and enduring significance This important biography will appeal to scholars and general readers interested in religion politics and global affairs Hungry and Starving James R. Gibson, 2024-02-13 In the wake of Vladimir Lenin's death in 1924 various protagonists grappled to become his successor but it was not until 1928 that Joseph Stalin emerged as leader of the Russian Marxists Bolshevik wing Surrounded by an increasingly hostile capitalist world Stalin reasoned that Soviet Russia had to industrialize in order to survive and prosper But domestic capital was scarce so the country's minerals timber and grain were sold abroad for hard currency for funding the development of heavy industry Claiming total control of agricultural management and production Stalin implemented the collectivization of farming consolidating small peasant holdings into large collective farms and controlling their output The program was economically successful but it came at a high social cost as the state encountered intense resistance and between 1928 and 1934 collectivization led to the deaths of at least ten million people from starvation and associated diseases Hungry and Starving elicits the voices of both the culprits and the victims at the centre of this horrific process Through primary accounts of collectivization as well as the eyewitness observations of ambassadors reporters tourists fellow travellers Russian emigrants tsarist officials aristocrats scientists and technical specialists James Gibson engages the crucial notions and actors in the academic discourse of the period He finds that the famine lasted longer than is commonly supposed that it took place on a national rather than a regional scale and that while the famine was entirely man-made the result of the ruthless manner in which collectivization was executed and enforced it was neither deliberate nor ethnically motivated given that it was not in the Soviet state's economic or political

interest to engage in genocide Highlighting the experiences of life and death under Stalin's ruthless regime *Hungry and Starving* offers a broader understanding of the Great Soviet Famine **Constructive Spirit** David W. McFadden, Claire Gorfinkel, Sergei Nikitin, 2004 [Lenin and the Russian Revolution](#) Steve Phillips, 2000 A study of Lenin and the Russian Revolution It is designed to fulfil the AS and A Level specifications in place from September 2000 The AS section deals with narrative and explanation of the topic The A2 section reflects the different demands of the higher level examination **The Oxford Handbook of Communist Visual Cultures** Aga Skrodzka, Xiaoning Lu, Katarzyna Marciniak, 2020-06-04 Stereotypes often cast communism as a defunct bankrupt ideology and a relic of the distant past However recent political movements like Europe's anti-austerity protests the Arab Spring and Occupy Wall Street suggest that communism is still very much relevant and may even hold the key to a new idealized future In *The Oxford Handbook of Communist Visual Cultures* contributors trace the legacies of communist ideology in visual culture from buildings and monuments murals and sculpture to recycling campaigns and wall newspapers all of which work to make communism's ideas and values material Contributors work to resist the widespread demonization of communism demystifying its ideals and suggesting that it has visually shaped the modern world in undeniable and complex ways Together contributors answer curricular questions like What can be salvaged and reused from past communist experiments How has communism impacted the cultures of late capitalism And how have histories of communism left behind visual traces of potential utopias An interdisciplinary look at the cultural currency of communism today *The Oxford Handbook of Communist Visual Cultures* demonstrates the value of revisiting the practices of the past to form a better vision of the future **Food Nations** Warren Belasco, Philip Scranton, 2014-06-03 This original collection abandons culinary nostalgia and the cataloguing of regional cuisines to examine the role of food and food marketing in constructing culture consumer behavior and national identity **Law and the Russian State** William E. Pomeranz, 2018-12-27 Russia is often portrayed as a regressive even lawless country and yet the Russian state has played a major role in shaping and experimenting with law as an instrument of power In *Law and the Russian State* William E. Pomeranz examines Russia's legal evolution from Peter the Great to Vladimir Putin addressing the continuities and disruptions of Russian law during the imperial Soviet and post-Soviet The book covers key themes including Law and empire Law and modernization The politicization of law The role of intellectuals and dissidents in mobilizing the law The evolution of Russian legal institutions The struggle for human rights The rule of law The quest to establish the law-based state It also analyzes legal culture and how Russians understand and use the law With a detailed bibliography this is an important text for anyone seeking a sophisticated understanding of how Russian society and the Russian state have developed in the last 350 years **Mennonites in the Russian Empire and the Soviet Union** Leonard G. Friesen, 2022-11-17 *Mennonites in the Russian Empire and the Soviet Union* is the first history of Mennonite life from its origins in the Dutch Reformation of the sixteenth century through migration to Poland and Prussia and on to more than two centuries of settlement in the Russian

Empire and the Soviet Union Leonard G Friesen sheds light on religious economic social and political changes within Mennonite communities as they confronted the many faces of modernity He shows how the Mennonite minority remained engaged with the wider empire that surrounded them and how they reconstructed and reconfigured their identity after the Bolsheviks seized power and formed a Soviet regime committed to atheism Integrating Mennonite history into developments in the Russian Empire and the USSR Friesen provides a history of an ethno religious people that illuminates the larger canvas of Imperial Russian Ukrainian and Soviet history Historical Dictionary of Marxism Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx s thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism *A Dream Deferred* Donald A. Filtzer, 2008 This volume brings together the latest work in Russian labour history based on exciting materials from previously closed archives and collections Sixteen essays focusing on peasants and workers explore the lives and struggles of working people Ranging over a century of dramatic upheaval from the late 1800s to the present the essays are organized around three broad themes workers politics incentives and coercion within industrial and rural workplaces and household strategies The volume explores the relationship between the peasantry and the working class a nexus that has been central to state policy oppositional politics economic development and household configuration It profiles a working class rent by divisions and defined not only by its relationship to the workplace or the state but also by its household strategies for daily survival The essays explore many topics accessible for the first time including the motivations of women workers roots of revolutionary activism the revolutionary movement outside the great cities socialist opposition to the Soviet regime reactions of workers to Stalinist terror socialist tourism peasant families in forced exile and work discipline on the collective farms **Readings on the Russian Revolution** Melissa K. Stockdale, 2020-09-03 Readings on the Russian Revolution brings together 15 important post Cold War writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and contrasting methodological approaches to the Revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors Language Symbols War Revolution and the State Revolutionary Dreams and Identities and Outcomes and Impacts that explore the beginnings events and outcomes of the Russian Revolution as well as examinations of central figures critical topics and major

historiographical battlegrounds Melissa Stockdale also provides translations of two crucial Russian language works published here in English for the first time and includes useful pedagogical features such as a glossary chronology and thematic bibliography to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution *The Baba and the Comrade* Elizabeth A. Wood,1997 How could the baba traditionally the backward Russian woman be mobilized as a comrade in the construction of a new state and society Drawing on newly available archival materials historian Elizabeth Wood explores the Bolshevik government's campaign to draw women into the public sphere and involve them in the world of politics in the early Soviet years *Moscow Politics and The Rise of Stalin* Catherine Merridale,1990-10-19 Focusing on the development of the Communist Party in Moscow between 1925 and 1932 and its ultimate assumption of absolute power This volume examines in detail the political changes in Moscow including the crisis over collectivization and the organization strategy of the Party in Moscow
