Richard Masters,2023-09-30 This essential reference focuses on the lives careers and musical contributions of over 150 American pianists from early days of the nation until the present day Richard Masters spotlights both modern and historical pianists including women people of color and LGBTQ pianists who either never had the opportunity to win widespread acclaim but were top notch performers or who achieved important careers against heavy odds but were soon forgotten after their deaths such as Augusta Cottlow George Copeland and Natalie Hinderas This volume also gives attention to important collaborative pianists none of whom have ever appeared in any volume on classical pianists and influential pedagogues some of whom never had significant performing careers but produced important students Each entry explores an individual pianist s life and career from relevant biographical details to impact on American musical culture and includes a selected list and brief discussion of existing and available recordings if any Additionally an introduction situates these pianists into historical trends Overseen by a blue ribbon editorial board *Encyclopedia of American Classical Pianists 1800s to the Present* provides a comprehensive view of the depth and breadth of American pianistic achievement and serves as the most up to date work for students piano departments music libraries researchers and interested pianophiles *Notable Twentieth-century Pianists*

John Gillespie,Anna Gillespie,1995 Pianists their lives performances and recordings are detailed in this text the second of a two volume set Each biographical essay emphasises musical background and training special influences on development significant performances and more Performance is analysed and emphasis given to style and repertoire For those pianists who recorded there are selective discographies and reviews of outstanding recordings The authors attended many performances and often supply a personal dimension to the discussions This readable work containing extensive documented coverage of 100 artists should be appreciated by scholar student and music buff alike [The Music Practitioner](#) JaneW.

Davidson,2017-07-05 Useful work has been done in recent years in the areas of music psychology philosophy and education yet this is the first book to provide a wide assessment of what practical benefits this research can bring to the music practitioner With 25 chapters by writers representing a broad range of perspectives this volume is able to highlight many of the potential links between music research and practice The chapters are divided into five main sections Section one examines practitioners use of research to assist their practice and the ways in which they might train to become systematic researchers Section two explores research centred on perception and cognition while section three looks at how practitioners have explored their everyday work and what this reveals about the creative process Section four focuses on how being a musician affects an individual s sense of self and the how others perceive him or her The essays in section five outline the new types of data that creative researchers can provide for analysis and interpretation The concluding chapter discusses that key question what makes music affect us in the way it does The research findings in each chapter provide useful sources of

data and raise questions that are applicable across the spectrum of music related disciplines Moreover the research methodologies applied to a specific question may have broader application for readers wishing to take on research themselves

Con Brio Nat Brandt,2000-07-26 A 1959 New Yorker profile captured the inspired risk taking and raw creative spark of a Budapest String Quartet rehearsal Sasha leaped from his chair and with violin held aloft played the passage with exaggerated schmalz like a street fiddler in Naples Kroyt stopped playing and started singing a Russian song Mischa Schneider thereupon performed a number of stupendous triads on his cello Only Roisman went quietly on with his part untouched by the pandemonium around him playing Beethoven with his noble tone and elegant bowing Here were four men with personalities as varied as their ways of playing Yet when they played they produced a perfect union of instrumental voices and interpretive nuances that not only created an entirely new audience for chamber music in America but also made the Budapest String Quartet the premier chamber music group of the twentieth century **New York Magazine**
