Baseball Ratings Charles F. Faber, 2016-04-18 In this third edition of *Baseball Ratings*, author Charles Faber combines the second edition's great fodder for arguments with his book on 19th century greats *Baseball Pioneers*, very impressive Reference and User Services Quarterly, a notable and worthwhile addition. ARBA is updating the ratings and expanding the commentary in each. The result is *Baseball Ratings: The All Time Best Players at Each Position 1876 to the Present*, a rarest of rankings books, a time tested comprehensive reference work that invites reading. Batters, fielders and pitchers from all major leagues since 1876 are ranked by position and for pitchers according to role (e.g. starter, middle reliever, closer) according to career peak and per season achievement. All big league players with at least five years of eligibility are rated and appendices identify underrated and overrated players, rate multiposition players and sort the great by handedness.
