poorer self image being less able to cope with the stresses and strains of life and sometimes being more likely to look for kicks in anti social ways This book encourages a greater understanding of play from the child s perspective and suggests ways in which adults can support and enhance play It covers Playwork principles and practice Play theory The child Playwork values and practice Playwork and society Playwork education training and continuing professional development Quality and management of playwork It is written for those who are instinctively or otherwise looking to promote and celebrate the need for play in all of their work with children and who see their role as supportive rather than supervisory Further it is for those who recognize that the rewards of working with children come as a privilege Reflective Playwork is for the playworker and for all others who work with children such as childcare practitioners teaching assistants health workers social workers teachers and those in management who are looking to understand and adopt at appropriate times the values and principles in their own settings Ocr National Certificate in Health and Social Care - Level 2 Liam Clarke,Mary Dougherty Riley,Veronica Dougherty,2004 This unique resource provides everything students need for the new OCR National Certificate in Health and Social Care and focuses on the differing levels of care required for individuals in a variety of settings
