Sacramental Life A Festschrift Honoring Bernard Cooke:

A Sacramental Life Bernard J. Cooke, Michael Horace Barnes, William P. Roberts, 2003 The authors of this volume have explored diverse aspects of Bernard's major theological focus drawn from them and directly and indirectly addressed them in a variety of topics BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Essential Writings of Bernard Cooke Bernard Cooke, Bruce T. Morrill, 2016 The Hidden History of Women's Ordination Gary Macy, 2012-11-29 The Roman Catholic leadership still refuses to ordain women officially or even to recognize that women are capable of ordination But is the widely held assumption that women have always been excluded from such roles historically accurate How might the current debate change if our view of the history of women's ordination were to change In The Hidden History of Women's Ordination Gary Macy argues that for the first twelve hundred years of Christianity women were in fact ordained into various roles in the church He uncovers references to the ordination of women in papal episcopal and theological documents of the time and the rites for these ordinations have survived The insistence among scholars that women were not ordained Macy shows is based on a later definition of ordination one that would have been unknown in the early Middle Ages Sacramental Presence Ruthanna B. Hooke, 2023-05-22 Drawing on performance studies and sacramental and liturgical theology Ruthanna B Hooke develops a theology of proclamation grounded in the body's experience of preaching The author explores the claim that preaching is a sacramental event of communion with the triune God by comparing the steps involved in voice production with the fourfold shape of the Eucharist This comparison yields a description of preaching as an event of self offering that allows space for the humanity of the preacher and as an encounter with the Holy Spirit that is communal and prophetic Preaching draws participants into Christ's dying and rising and hence into a mode of power known in vulnerability Calling hearers into the eschatological event of the resurrection preaching inherently moves toward proclamation on political and ethical issues Hooke uses this theological framework to offer ways of preaching on environmental crisis and on racism The author calls preachers to embodied engagement with preaching and describes a way for preachers to bear witness to Jesus Christ not only in the content of their proclamation but in their way of being in the preaching event *T&T Clark Handbook of Sacraments and Sacramentality* Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes

The Cambridge Companion to Medieval English Mysticism Samuel Fanous, Vincent Gillespie, 2011-05-12 The widespread view that mystical activity in the Middle Ages was a rarefied enterprise of a privileged spiritual elite has led to isolation of the medieval mystics into a separate narrowly defined category Taking the opposite view this book shows how individual mystical experience such as those recorded by Julian of Norwich and Margery Kempe is rooted in nourished and framed by

Beyond Reformation? David Aers, 2015-11-15 In Beyond Reformation An Essay on William Langland's Piers Plowman and the End of Constantinian Christianity David Aers presents a sustained and profound close reading of the final version of William Langland's Piers Plowman the most searching Christian poem of the Middle Ages in English His reading most unusually seeks to explore the relations of Langland's poem to both medieval and early modern reformations together with the ending of Constantinian Christianity Aers concentrates on Langland's extraordinarily rich ecclesiastic politics and on his account of Christian virtues and the struggles of Conscience to discern how to go on in his often baffling culture The poem's complex allegory engages with most institutions and forms of life In doing so it explores moral languages and their relations to current practices and social tendencies Langland's vision conveys a strange sense that in his historical moment some moral concepts were being transformed and some traditions the author cherished were becoming unintelligible Beyond Reformation seeks to show how Langland grasped subtle shifts that were difficult to discern in the fourteenth century but were to become forces with a powerful future in shaping Western Christianity The essay form that Aers has chosen for his book contributes to the effectiveness of the argument he develops in tandem with the structure of Langland's poem he sustains and tests his argument in a series of steps or passus a Langlandian mode of proceeding His essay unfolds an argument about medieval and early modern forms of Constantinian Christianity and reformation and the way in which Langland's own vision of a secularizing de Christianizing late medieval church draws him toward the idea of a church of fools beyond papacy priesthood hierarchy and institutions For Aers Langland opens up serious diachronic issues concerning Christianity and culture His

essay includes a brief summary of the poem and modern translations alongside the original medieval English It will challenge specialists on Langland's poem and supply valuable resources of thought for anyone who continues to struggle with the church of today

Sacramentality Renewed Lizette Larson-Miller, 2016 Tracing developments in sacramental theology over the past twenty five years this study explores a growing ecumenical dynamism in both the academic study of sacramentality and its centrality in pastoral applications But how does ecumenical excitement in a renewed discovery of sacramental theology fit with different theologies of church and different pastoral beliefs and practices How does the universality of academic accessibility in the form of an expansive ecumenical sharing of perspectives meet the particularities of pastoral reality and ecclesial polity Arguing in favor of fruitful ecumenical conversation this book also focuses on the crucial interaction of ecclesiology liturgical practice and sacramentality which raises the need for a creative tension between the particularities of a given ecclesial system and the catholicity of Christian sacramentality Using Anglican sacramental theologies and Anglicanism as vehicles of exploration this study contributes to an overview of the state of the field of sacramental theology in the twenty first century while challenging the assumption that one size fits all In sacramental theology as in other important areas of Christian life unity in diversity
