Sacraments A Misnomer Ian Traill D.Min, 2014-01-01 The term Sacrament 1 for the Christians has haunted the Church from the emergence of the Roman Catholic Church in the third century when Constantine made Christianity the official religion of the Roman Empire They viewed a sacrament as a religious rite of passage as a way of receiving God s grace It has been and is seen by certain parts of the Church as a means by participating in or working for God s favour These rites of passage established by the priests of the Roman Catholic Church have caused the faith of many to suffer shipwreck Religious Sacraments are a set of rituals or ceremonies held by the traditional Church seen as a means of gaining God s love and grace by conferring some specific grace upon those who receive them The list is as follows baptism confirmation communion Eucharist penance confession holy orders setting people aside for ordination to ministry matrimony and the anointing of the sick Today we may even see in the Pentecostal Church another sacrament of the offering in order to gain God s grace and love The Roman Catholic Church believes that the Sacraments are the second part of God s way of salvation to us 2 In addition to the previous statement the Roman Catholic Church believes that the Roman Catholic Church is the universal sacrament of salvation Anticipating the Second Vatican Council the great theologian Henri de Lubac depicted the Church as the Sacrament of Christ 3 Thus we conclude that the traditional Church view Sacraments as a way of salvation through observance of works or allegiance It is my view that the sacraments listed in the previous paragraph as a way of receiving God s grace and love are a misnomer an inaccurate understanding of the Bible and they are heresies because they are used as a way of saying we can gain more grace from God by doing them instead of doing them in remembrance to signify a new stage in spiritual life and in obedience to a command My understanding of the word heresy unlike the traditional Church s view and that is it is a teaching that conflicts with what the Bible says You may say Where do you find the word sacrament in Scripture Since it is not there it is surely permissible for anyone to choose to put any interpretation on it My answer to that is Correct we do not find it in the Bible But it is how the traditional Church has used this terminology and interpretation to control or even hold some in fear of not receiving salvation through justification by faith but the questionable teaching of following some traditions to gain grace needs to be addressed Therefore it is my aim in this book to show that once we see that God has chosen a person or group in each generation in Church history to bring a certain

perspective to the overall theology Each perspective was and is only a stepping stone for the next generation to stand on We must stop thinking of doctrine as a closed door and move onto the unity of faith and not the unity of dogma In this book we will use the canon of Scripture which is commonly known as the Protestant Canon I have chosen this one to use as it is the oldest accepted canon It had been accepted by the Catholic Council of Carthage Africa in A D 397 The word Protestant may seem to be an anachronism since Protestantism per se refers to the time of the Reformation in the 13th century If we believe a doctrine we need to be brave enough to publish it in some form but it is from this point onwards that it is open to investigation and possible rebuttal But let us not shrink away from this type refutation but continue to investigate what we believe In this book we will study what I believe is the only act that makes God happy with us and we will reflect upon what does please Him too

The Generative Church Cory Seibel, 2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children s youth and young adult ministries by appropriating Erik Erikson s concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation

Taufe - Firmung - Eucharistie - Trauung Andreas Wollbold, 2020-11-09 Sakramente sind Br icken zu Gott Manchmal scheinen sie wie abgebrochen sch ne Feiern ohne echten Glauben Oder kann eine verantwortliche Pastoral zu Taufe Firmung Eucharistie und Trauung Menschen so wie sie sind neu zu Gott f hren Dieses Handbuch f hrt umfassend in die Grundfragen der Sakramentenpastoral und in die einzelnen Sakramente ein Pastorale Fragestellungen werden theologisch fundiert doch stets in den Dienst der konkreten Praxis gestellt Das Buch will Wege aufzeigen Motivation aufbauen und Freude an der Begegnung mit Menschen in entscheidenden Momenten ihres Lebens wecken

Sacraments and Worship Maxwell E. Johnson, 2012-02-15 The church s development and use of sacraments has evolved in many ways from the days of the early church to the present This sourcebook provides key theological texts that played a role in those movements Johnson

traces the history and theology of individual sacraments along with their liturgical context in the church's worship. He includes materials previously developed in James F. White's classic collection *Documents of Christian Worship: Descriptive and Interpretive Sources* (Westminster John Knox Press, 1992) and supplements these to provide a wide range of indispensable materials. He also contributes helpful background notes to give the reader the full breadth and depth of the church's thought on these important topics. This book will be of great value to those studying the history of Christian worship and the development of the sacraments.

The Cumulative Book Index, 1997. A world list of books in the English language. **New Generations of Catholic Sisters** Mary Johnson S.N.D. de N., Patricia Wittberg S.C., Mary L. Gautier, 2014-04-01. This book offers a comprehensive examination of the generations of women who entered religious life in the United States after 1965. It provides up-to-date demographics for women's religious institutes, a summary of canon law locating religious life within the various forms of life in the Church, an analysis of Church documents on religious life, and data on the views of post-Vatican II entrants regarding ministry, identity, prayer, spirituality, the vows, and community. Beginning each chapter with an engaging narrative, the authors explore how different generations of Catholic women first became attracted to vowed religious life and what kinds of religious institutes they were seeking. By analyzing the results of extensive national surveys, the authors systematically examine how the new generations of Sisters differ from previous ones and what those changes suggest about the future. The book concludes with recommendations for further understanding of generations within religious life and within the Church and society. Because of its breadth and depth, this book will be regarded by scholars, the media, and practitioners as an essential resource for the sociological study of religious life for women in the United States.

Generations of Praise Bruce E. Shields, David Alan Butzu, 2007. *Generations of Praise* explains how worship has evolved over the centuries in various cultures to help us develop services of worship suitable for congregations of the twenty-first century from cover. **American Book Publishing Record**, 1997-09. *They Need Not Go Away* Timothy A. Rippstein, 2020-05-29. Have you ever wondered how the Lord sustained Martin Luther through one of the most personally and spiritually intense times in the history of Christendom? And does God still do this today? The answer is yes. *They Need Not Go Away* is a practical book identifying and teaching modern-day Millennials and Gen Zers about Lutheran spirituality. It offers prayer practices designed and applied by Martin Luther, the Reformer, for modern families, individuals, adults, and teenagers. These spiritual practices are also applied to the modern Christian. To support these practices and the Lutheran contribution to Christian spirituality, this volume traces the influences of Martin Luther's piety from pre-Reformation influencers to Dr. Luther as he navigated the tremendous social, cultural, and ecclesiastical pressures of his time. His spirituality is then traced through the next generations of Orthodoxy and Pietism, identifying the shifts away from the affective aspects of Lutheran spirituality and elevation of the academic and more cognitive characteristics received in the twentieth century. The goal is to recapture the wholistic spirituality, including the cognitive, affective, and experiential features. These are still useful in the

hands of the Lord for today's believers Media, Culture, and Catholicism Paul A. Soukup, 1996 This collection of essays addresses the issue of communication and ministry in a mass media dominated society *The Decline of Established Christianity in the Western World* Paul Silas Peterson, 2017-09-22 While Church attendance in the West is often cited as being in decline it is argued that this applies primarily to the older established forms of Christianity Other expressions of the faith are in fact stable or even growing This volume provides multidisciplinary interpretations of and responses to one of the most complicated and controversial issues regarding the global transformation of Christianity today the decline of established Christianity in the Western world It also addresses the future of Christianity in the West after the decline Drawing upon historical research sociology religious studies philosophy and theology an international panel of contributors provide new theoretical frameworks for understanding this decline and offer creative suggestions for responding to it Established Christianity is conceptualized as historically culturally socially and politically embedded religion with or without official established status This is a dynamic volume that gives fresh perspective on one of the great social changes taking place in the West today As such it will be of great interest to scholars of religious sociology history and anthropology as well as theologians Catholicism at a Crossroads Maureen K. Day, James C. Cavendish, Paul M. Perl, Michele Dillon, Mary L. Gautier, William V. D'Antonio, 2025-02-04 Examining survey and interview data through the themes of church authority race citizenship sex and family and trends this book uncovers the challenges and possibilities facing Catholicism exploring thoughts on both the flourishing or demise of the largest religious body in the United States *Divine Agency and Divine Action, Volume III* William J. Abraham, 2018-10-25 Volume III of a tetralogy devoted to Divine Agency and Divine Action articulates a comprehensive vision of systematic theology focused on divine action from creation to eschatology Volume I developed the foundational conceptual work by showing that the concept of action is a radically open concept that readily makes possible the appropriation of divine action for today Volume II explained that in exploring divine action one needs to specify the actual divine actions under review and thus showed that there could be no progress with extensive soundings across the tradition from Paul to Molina Work on divine action requires extended work in doctrinal criticism rooted in the history of theology as a prelude to normative work that communicates a normative vision of divine action for today This vision is best explored by taking up the great themes of systematic theology from creation to eschatology yet treating them in a deflationary manner that sees systematic theology as university level postbaptismal Christian instruction Leading scholar William J. Abraham recognises that we live in a golden period of theological studies the range and depth of material is extraordinary yet we also live in a period of disorientation and confusion that calls for a fresh engagement with the demands of systematic theology Divine Agency and Divine Action Volume III meets that demand by insisting that systematic theology has its own content and modes of inquiry that it belongs intimately to the journey of faith and that it requires authentic academic clarity and rigor It reclaims the rightful place of systematic theology as the center of gravity for theological studies
