Gomez, 2005-03-21 Beginning with Latin America in the fifteenth century this book first published in 2005 is a social history of the experiences of African Muslims and their descendants throughout the Americas including the Caribbean The record under slavery is examined as is the post slavery period into the twentieth century The experiences vary arguably due to some extent to the Old World context Muslim revolts in Brazil are also discussed especially in 1835 by way of a nuanced analysis The second part of the book looks at the emergence of Islam among the African descended in the United States in the twentieth century with successive chapters on Noble Drew Ali Elijah Muhammad and Malcolm X with a view to explaining how orthodoxy arose from varied unorthodox roots Anarchist, Artist, Sufi Mark Sedgwick, 2021-04-08 This book follows the life of Ivan Agu li the artist anarchist and esotericist notable as one of the earliest Western intellectuals to convert to Islam and to explore Sufism This book explores different aspects of his life and activities revealing each facet of Agu li s complex personality in its own right It then shows how esotericism art and anarchism finally found their fulfillment in Sufi Islam The authors analyze how Agu li s life and conversion show that Islam occupied a more central place in modern European intellectual history than is generally realized His life reflects several major modern intellectual political and cultural trends This book is an important contribution to understanding how he came to Islam the values and influences that informed his life and ultimately the role he played in the modern Western reception of Islam **Hasan-i-Sabah** James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world s most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in The Travels of Marco Polo He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic Esoteric trends that continue to this day Essential reading for an understanding of modern esoteric secret societies and today s headlines coming from the Middle East Includes 9 maps

Post-Anarchism Duane Rousselle, Süreyya Evren, 2011-02-04 Post anarchism has been of considerable importance in the discussions of radical intellectuals across the globe in the last decade In its most popular form it demonstrates a desire to blend the most promising aspects of traditional anarchist theory with developments in post structuralist and post modernist thought Post Anarchism A Reader includes the most comprehensive collection of essays about this emergent body of thought making it an essential and accessible resource for academics intellectuals activists and anarchists interested in radical philosophy Many of the chapters have been formative to the development of a distinctly post anarchist approach to politics aesthetics and philosophy Others respond to the so called post anarchist turn with caution and scepticism The book also includes original contributions from several of today s post anarchists inviting further debate and new ways of conceiving post anarchism across a number of disciplines *I Am Not a Man, I Am Dynamite!* John Moore, Spencer Sunshine, 2004 As the primary liberatory project anarchism the project which aims at the abolition of all forms of power control and coercion remains entitled to appropriate the work of one of the greatest iconoclasts of all time And although Nietzsche was rather harsh on his anarchist contemporaries or more precisely on a type of contemporary anarchist he nevertheless in some respects shared with them a vision of total transformation The notion of a transvaluation of all values clearly remains not merely compatible with but an integral component of the anarchist project and the idea of philosophy with a hammer underlies the anarchist commitment to radical social transformation John Moore in *Attentat Art* This collection of essays is intended to examine various dimensions of the interactions between anarchism and Nietzsche The aim of this volume is twofold first to provide instances of the historical appropriation of Nietzsche by anarchists and second to provide instances of appropriations and readings of Nietzsche by contemporary anarchist thinkers and commentators The volume is thus divided into two sections the historical and the contemporary or in other words the periods of modernity and postmodernity The historical section comprises four essays which consider historical appropriations of Nietzsche from a variety of ideological perspectives from the early twentieth century Daniel Colson provides an overview of Nietzsche and the libertarian tradition and focusses on the appropriation of Nietzsche by French anarcho syndicalists Leigh Starcross reconstructs the ideas of Emma Goldman on Nietzsche and thus investigates an important intersection between anarchism individualism and feminism Allan Antliff considers the synthesis between anarchism Eastern traditions and Nietzschean thought effected by Ananda Coomaraswamy providing an important post colonialist perspective to the topic Finally the modernity section includes the neglected but historically significant 1902 essay by the British anarchist Guy Aldred who provides an early and brief but very sophisticated anarchist reading of Nietzsche The book s second section explores the relevance of Nietzsche to contemporary anarchism At the core of this section are five essays by Andrew Koch Franco Riccio Salvo Vaccaro Saul Newman and Max Cafard which from different perspectives deal with post structuralist and post modern readings of Nietzsche and consider their appropriateness or otherwise for anarchists These specific engagements with contemporary interpretations of

Nietzsche are complemented by two essays focusing on specific aspects of Nietzsche's work from anarchist perspectives John Moore provides an anarchist post situationist interpretation of Nietzsche's aesthetics and Peter Lamborn Wilson considers the Islamic dimensions of Nietzsche's philosophy
