Lane, 2002 This substantially expanded edition of Belden C Lane s *Landscapes of the Sacred* includes a new introductory chapter that offers three new interpretive models for understanding American sacred space Lane maintains his approach of interspersing shorter and more personal pieces among full length essays that explore how Native American early French and Spanish Puritan New England and Catholic Worker traditions has each expressed the connection between spirituality and place A new section at the end of the book includes three chapters that address methodological issues in the study of spirituality the symbol making process of religious experience and the tension between place and placelessness in Christian spirituality **Sacred Nature** Jerome A. Stone, 2017-06-26 *Sacred Nature* examines the crisis of environmental degradation through the prism of religious naturalism which seeks rich spiritual engagement in a world without a god Jerome Stone introduces students to the growing field of religious naturalism exploring a series of questions about how it addresses the environmental crises evaluating the merits of public prophetic discourse that uses the language of spirituality He presents and defends the concept of religious naturalism while drawing out the implications of religious naturalism for addressing some of the major environmental issues facing humans today This book is designed for undergraduate and graduate students as well as scholars specializing in contemporary religious thought or environmental studies **This Sacred Earth** Roger S. Pagans & Christians Gus DiZerega, 2001 Although Christianity is still a major religious force there are growing numbers of people in other faiths including the various Pagan traditions Some Christians have responded to this trend with fear and derision while some Pagans have reacted to that fear with anger and mistrust Much of the problem is due to misunderstandings and lack of communication This can change with Gus diZerega's *Pagans Christians* Here you will find a penetrating and illuminating comparison showing that neither path has the single correct approach to the Divine Rather either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All Pagans Christians is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs By sharing core ideas of both paths this book provides a way to give deeper mutual understanding and unity among the religions of the world Although Pagans Christians accepts both paths as valid the book provides a more in depth explanation of Paganism the minority religion because in some ways Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings The author is a Third Degree Gardenerian Elder and in *Pagans Christians* has presented nothing less than a brilliant defense of Paganism clearly showing how it should stand beside all of the major religions of the world as an equal As part of this defense diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack and will help any Christian to view his or her religion as a way not the way Winner of the 2001 Coalition of Visionary Resources COVR Award for Best Non fiction Book
