time a single volume offers overviews by leading scholars of the full range of Brazilian religions alongside more theoretically oriented discussions of relevant religious and culture themes This Handbook s three sections present specific religions and groups of traditions Brazilian religions in the diaspora and issues in Brazilian religions e g women possession politics race and material culture

Fragments of Bone Patrick Bellegarde-Smith,2005 The bones of Pierre Toussaint the first proposed African American Catholic saint were disinterred and spread around in the New World In his introduction Patrick Bellegarde Smith suggests the same is true of the religious practices that peoples of African descent and victims of the Atlantic slave trade brought with them *Fragments of Bone* examines the evolution of these religions as they have been adapted and recontextualized in various New World environments The essays in *Fragments of Bone* discuss African religions as forms of resistance and survival in the face of Western cultural hegemony and imperialism The collection is unique in presenting the voices of scholars primarily outside of the Western tradition speaking on the issues they as practitioners regard as important Bellegarde Smith himself a priest in the Haitian Vodou religion brings together thirteen contributors from different disciplines genders and nationalities

Let's Make Some Noise Clarence Bernard Henry,2010-02-17 Clarence Bernard Henry s book is a culmination of several years of field research on sacred and secular influences of s the West African Yoruba concept that spread to Brazil and throughout the African Diaspora s is imagined as power and creative energy bestowed upon human beings by ancestral spirits acting as guardians In Brazil the West African Yoruba concept of s is known as ax and has been reinvented transmitted and nurtured in Candomblé an Afro Brazilian religion that is practiced in Salvador Bahia The author examines how the concepts of ax and Candomblé religion have been appropriated and reinvented in Brazilian popular music and culture Featuring interviews with practitioners and local musicians the book explains how many Brazilian popular music styles such as samba bossa nova samba reggae ijex and ax have musical and stylistic elements that stem from Afro Brazilian religion The book also discusses how young Afro Brazilians combine Candomblé religious music with African American music such as blues jazz gospel soul funk and rap Henry argues for the importance of ax as a unifying force tying together the secular and sacred Afro Brazilian musical landscape

Medicine, Health and Being Human Lesa Scholl,2018-05-11 *Medicine Health and Being Human* begins a conversation to explore how the medical has defined us that is the ways in which perspectives of medicine and health have affected cultural understandings of what it means to be human With chapters that span from the early modern period through to the contemporary world and are drawn from a range of disciplines this volume holds that incremental historical and cultural influences have brought about an understanding of humanity in which the medical is ingrained consciously or unconsciously usually as a mode of legitimisation Divided into three parts the book follows a narrative path from the integrity of the human soul through to the integrity of the material human body then finally brought together through engaging with end of life responses Part 1 examines the move from spirituality to psychiatry in terms of the way medical science has influenced cultural understandings of the mind Part 2

interrogates the role that medicine has played in the nineteenth and twentieth centuries in constructing and deconstructing the self and other including the fusion of visual objectivity and the scientific gaze in constructing perceptions of humanity Part 3 looks at the limits of medicine when the integrity of one body breaks down It contends with the ultimate question of the extent to which humanity is confined within the integrity of the human body and how medicine and the humanities work together toward responding to the finality of death This is a valuable contribution for all those interested in the medical humanities history of medicine history of ideas and the social approaches to health and illness African American Magick Stephanie Rose Bird,2023-06-05 An inspired herbal guide to natural living with ancient techniques remedies and rituals from around the world centered on the rhythms of the seasons The changing of the seasons is magickal green leaves transforming into browns and golds snow melting to show fresh buds We all recognize these telltale signs but few of us are aware of the powerful impact each season has on our spiritual lives Whether sunny snowy windy rainy cold or humid the weather has a dramatic effect on our being wherever we may live The author Stephanie Rose Bird is deeply committed to keeping alive the spiritual wisdom of her indigenous African ancestors In African American Magick she examines the magickal ability of the seasons to enhance our lives by unearthing ancient techniques rituals and methods from around the world that reflect each season s inherent energies to supplement body mind and soul Drawing upon her own ancestral heritage as well as other cultures and those that have influenced her Bird offers a lifetime of wisdom and expert botanical knowledge while sharing her path to a holistic and magickal life Guidance from all over the world and from classical and modern traditions alike are offered Spiritual insights from Caribbean African American culture Wisdom from indigenous Native American traditions Buddhist and Hindu meditation practices and rites Practices of classical European spiritual traditions Lessons from Aboriginal Australian dreaming practices African American Magick was previously published in 2006 under the title Four Seasons of Mojo This new edition includes a new preface by the author **Black Art in Brazil** Kimberly L. Cleveland,2013-07-09 Kimberly Cleveland highlights the work of five Brazilian artists from all over the country who work in a wide range of media including photography sculpture and installation art She shows how each conveys blackness through his or her unique visual vocabulary and points out the ways this reflects their lived experiences Voodoo and Afro-Caribbean Paganism Lilith Dorsey,2005 Few religions are as misunderstood as Afro Caribbean traditions like Voodoo Yoruba Candomble Shango Santeria and Obeah Even the most wide ranging books about Paganism rarely include a discussion of the African earth religions **Indigenous Knowledge and the Environment in Africa and North America** David M. Gordon,Shepard Krech III,2012-03-01 Indigenous knowledge has become a catchphrase in global struggles for environmental justice Yet indigenous knowledges are often viewed incorrectly as pure and primordial cultural artifacts This collection draws from African and North American cases to argue that the forms of knowledge identified as indigenous resulted from strategies to control environmental resources during and after colonial encounters At times indigenous knowledges

represented a middle ground of intellectual exchanges between colonizers and colonized elsewhere indigenous knowledges were defined through conflict and struggle The authors demonstrate how people claimed that their hybrid forms of knowledge were communal religious and traditional as opposed to individualist secular and scientific which they associated with European colonialism Indigenous Knowledge and the Environment offers comparative and transnational insights that disturb romantic views of unchanging indigenous knowledges in harmony with the environment The result is a book that informs and complicates how indigenous knowledges can and should relate to environmental policy making Contributors David Bernstein Derick Fay Andrew H Fisher Karen Flint David M Gordon Paul Kelton Shepard Krech III Joshua Reid Parker Shipton Lance van Sittert Jacob Tropp James L A Webb Jr Marsha Weisiger

White Musical Mythologies Edmund Mendelssohn, 2023-09-12 In a narrative that extends from fin de siècle Paris to the 1960s Edmund Mendelssohn examines modernist thinkers and composers who engaged with non European and pre modern cultures as they developed new conceptions of pure sound Pairing Erik Satie with Bergson Edgard Varèse with Bataille Pierre Boulez with Artaud and John Cage with Derrida *White Musical Mythologies* offers an ambitious critical history of the ontology of sound suggesting that the avant garde ideal of pure sound was always an expression of western ethnocentrism Each of the musicians studied in this book re created or appropriated non European forms of expression as they conceived music ontologically often thinking music as something immediate and immersive from Satie's dabblings with mysticism and exoticism in bohemian Montmartre of the 1890s to Varèse's experience of ethnographic exhibitions and surrealist poetry in 1930s Paris and from Boulez's endeavor to theorize a kind of musical writing that would absorb the sounds of non European musical traditions to Cage who took inspiration from Eastern thought as he wrote about sound silence and chance These modernist artists believed that the presence effects of sound in their moment were more real and powerful than the outmoded norms of the European musical past By examining musicians who strove to produce sonic presence specifically by re thinking the concept of musical writing critique the book demonstrates that we cannot fully understand French theory in its novelty and complexity without music and sound Supported by the AMS 75 PAYS Fund of the American Musicological Society supported in part by the National Endowment for the Humanities and the Andrew W Mellon Foundation

Violence and Desire in Brazilian Lesbian Relationships Andrea Stevenson Allen, 2016-04-08 In *Violence and Desire in Brazilian Lesbian Relationships* Allen examines the lives of Brazilian women in same sex relationships This examination contributes to interdisciplinary discussions of female same sex sexuality violence race and citizenship Using fifteen months of ethnographic fieldwork primarily with Afro Brazilian women in the city of Salvador da Bahia Allen argues that Brazilian lesbian women reject Brazilian cultural norms that encourage male domination and female submission through their engagement in romantic relationships with each other At the same time Allen claims

lesbian women also reproduce Brazilian cultural ideals that associate passion intensity and power with physical dominance through their engagement in infidelity and intimate partner violence The book demonstrates that lesbian women are nonetheless marginalized as Brazilian citizens through widespread social and political invisibility despite these apparent displays of masculinized power *The Smell of Slavery* Andrew Kettler,2020-05-28 In the Atlantic World different groups were aromatically classified in opposition to other ethnic gendered and class assemblies due to an economic necessity that needed certain bodies to be defined as excremental which culminated in the creation of a progressive tautology that linked Africa and waste through a conceptual hendiadys born of capitalist licentiousness The African subject was defined as a scented object appropriated as filthy to create levels of ownership through discourse that marked African peoples as unable to access spaces of Western modernity Embodied cultural knowledge was potent enough to alter the biological function of the five senses to create a European olfactory consciousness made to sense the African other as foul Fascinating informative and deeply researched The Smell of Slavery exposes that concerns with pungency within the Western self were emitted outward upon the freshly dug outhouse of the mass slave grave called the Atlantic World New Era - New Religions Dr Andrew Dawson,2013-05-28 New Era New Religions examines new forms of religion in Brazil The largest and most vibrant country in Latin America Brazil is home to some of the world s fastest growing religious movements and has enthusiastically greeted home grown new religions and imported spiritual movements and new age organizations In Brazil and beyond these novel religious phenomena are reshaping contemporary understandings of religion and what it means to be religious To better understand the changing face of twenty first century religion New Era New Religions situates the rise of new era religiosity within the broader context of late modern society and its ongoing transformation **African-Atlantic Cultures and the South Carolina Lowcountry** Ras Michael Brown,2012-08-27 Examines perceptions of the natural world in ideas and practices of African descended communities in South Carolina from the colonial period to the twentieth century
