

The background of the cover is a monochromatic blue photograph. It depicts a vast mountain landscape. In the foreground, the dark, silhouetted branches of trees are visible on the left side. The middle ground is filled with layers of mountains, their peaks and ridges partially obscured by soft, white clouds or mist. The sky above is a pale, clear blue. The overall mood is serene and majestic.

Grey, 2004 This book explores what is happening to the human spirit in a culture shaped and driven by globalization a culture where dreams imaginations and desires are all manipulated What do we really want Noted theologian Mary Grey believes we have gotten out of touch with our deepest desires and that the root problem is our acquiescence in global capitalism s most problematic characteristics Story and symbol she argues can put us back in touch with out sacred longings Focusing on such simple yet profound symbols as water light and sacred space she tries to reinstill a spiritual quest In the end she envisions spirituality a kind of ecomystical renewal as an element in the transformation of desire lived out in Christian community For desire to be reborn for sacred longings even to be named not to mention fulfilled there needs to be an embracing of the way of renunciation simplicity and sacrifice And that is counter cultural As Part One looks at how our culture has lost heart and Part Two analyzes are restless hearts Part Three asks us to take heart and rekindle our thirst for righteousness

*The Holy Longing* Connie Zweig, 2008-04-08 Longing is the core of mystery Longing itself brings the cure Rumi In every tradition saints and poets speak of the soul s search for the beloved the seeker s yearning for the divine This holy longing a secret feeling with

many disguises leads us to pursue religious discipleship spiritual practice romantic union or an ideal community It guides us to timeless wisdom and transcendent experience But it also can go awry when we misplace it onto objects such as food alcohol drugs or sex believing that they will satisfy our craving Or when we misplace it onto an authoritarian personality believing that he or she will meet our unmet needs If this teacher or priest abuses power we encounter the shadow side of spiritual life Whether the abuse is sexual financial or emotional coercion we may feel forsaken and lose faith even in God The Holy Longing tells the stories of teachers in many traditions Sufi poet Rumi Hindu master Ramakrishna Christian saint Catherine of Siena whose lives unfolded as they followed their longing And it tells the tales of many ordinary people Catholic believers students of Zen and TM followers of Trungpa Rinpoche and Rajneesh and their encounters with spiritual shadow Finally it offers wise counsel for rekindling the flame of faith moving through the shadow to the light by reclaiming sacred parts of the self that were lost along the way

**Longing for More** Blake S. Hart, 2025-06-25 Why do people long for more Why in an age of progress and endless possibilities do so many feel restless fragmented and unfulfilled Longing for More Man's Quest for Meaning and the Hope of Christ explores humanity's enduring search for purpose in a world increasingly marked by disillusionment Blake S Hart masterfully weaves intellectual history philosophy and theology to trace the unraveling of meaning in modernity from the optimism of scientific progress to the existential despair of postmodernism and New Atheism Through the insights of profound thinkers like Dostoevsky Eliot and Frankl readers will grapple with life's deepest questions Voices of restoration such as Chesterton Lewis and Tolkien illuminate the way forward revealing how beauty imagination and faith rekindle meaning in an age of doubt This book is a call to reclaim purpose through faith community and the Christian narrative With practical wisdom and inspiring clarity Longing for More invites readers to rediscover the joy and hope found in Christ equipping them to live as restorers in a world longing for meaning It is an invitation to the greatest journey of all

**The Psychology of Religion and Place** Victor Counted, Fraser Watts, 2019-11-01 This book examines the role of religious and spiritual experiences in people's understanding of their environment The contributors consider how understandings and experiences of religious and place connections are motivated by the need to seek and maintain contact with perceptual objects so as to form meaningful relationship experiences The volume is one of the first scholarly attempts to discuss the psychological links between place and religious experiences The chapters within provide insights for understanding how people's experiences with geographical places and the sacred serve as agencies for meaning making pro social behaviour and psychological adjustment in everyday life

*Inherited Land* Whitney A. Bauman, Richard R. Bohannon II, Kevin J. O'Brien, 2011-08-04 Religion and ecology has arrived What was once a niche interest for a few academics concerned with environmental issues and a few environmentalists interested in religion has become an established academic field with classic texts graduate programs regular meetings at academic conferences and growing interest from other academics and the mass media Theologians ethicists sociologists and other scholars are engaged in a

broad dialogue about the ways religious studies can help understand and address environmental problems including the sorts of methodological terminological and substantive debates that characterize any academic discourse This book recognizes the field that has taken shape reflects on the ways it is changing and anticipates its development in the future The essays offer analyses and reflections from emerging scholars of religion and ecology each addressing her or his own specialty in light of two questions 1 What have we inherited from the work that has come before us and 2 What inquiries concerns and conversation partners should be central to the next generation of scholarship The aim of this volume is not to lay out a single and clear path forward for the field Rather the authors critically reflect on the field from within outline some of the major issues we face in the academy and offer perspectives that will nurture continued dialogue The Power and Vulnerability of

Love Elizabeth O'Donnell Gandolfo, 2015 Gandolfo constructs a theological anthropology that begins with the condition of human vulnerability as a site to answer why human beings experience and inflict terrible suffering This volume argues that vulnerability is a dimension of human existence that causes us great anxiety which forms the basis for violence but also affords the possibility **The Life of Christian Consecration. Suffering and the Vulnerable Rule of God Kathleen McManus, OP, 2022-04-25 How is the reign of God revealed through the suffering experience of women and the marginalized That is the question Kathleen McManus seeks to answer She employs the Lukan image of the bent over woman standing up straight as the paradigm for all who are marginalized because of gender sexual orientation or race Her viewpoint arises from encounters with individuals and communities who suffer exclusion negation diminishment and violence in relation to a patriarchal church in a still patriarchal world Engaging Edward Schillebeeckx's method of negative contrast experience McManus explores what may be known in the space of encounter between the institutional church and these suffering others and draws out latent possibilities for mutual conversion and

transformation She reflects on the meaning of Schillebeeckx's insight into the superior power of God's defenseless vulnerability in creation and on the cross and asks what it might mean for the church to embody the vulnerable rule of God in its own structures doctrines symbols and rituals

**Moral Matters** Mark Dooley, 2015-07-30 *Moral Matters* A Philosophy of Homecoming is Mark Dooley's attempt to offer an alternative to Cyberia It is a book about home memory and identity At a time when people are rapidly disengaging from those forms of life which once bound them together it can be argued that our happiness depends on saving and conserving them We cannot flourish in isolation or by detaching from the social sphere which surrounds us We cannot truly prosper or progress if we choose to forget where we came from or if we dismiss our inherited moral wisdom And yet in opting for loss separation and homelessness it seems we have done just that We have opted for a rootless existence where alienation and amnesia are the norm This powerful and passionate book shows how the alienated postmodern self can become re-rooted to time and place and restored to full humanity and happiness whilst moving in a virtual hyperconnected world In caring for creation conserving culture and saving the sacred we can once again make our home in the world and experience the consolation of moving from loss to love

Denny,Christopher McMahon,2011-05-01 Finding Salvation in Christ brings together some of the most important figures in contemporary theology to honor the work of William Loewe systematic theologian and specialist in the theology of Bernard Lonergan SJ For over three decades Loewe s writings have sought to make classic christological and soteriological doctrines comprehensible to a Catholic Church that is working to integrate individual subjectivity communal living and historical consciousness in the wake of the Second Vatican Council Essays included in this volume assess Loewe s reinterpretation of patristic and medieval Christology from Irenaeus to Anselm of Canterbury and explain the significance of the theology of Lonergan and Loewe for the fields of soteriology economics family life and interreligious theology While some recent postliberal theologies have polarized the church s relationship with contemporary culture by minimizing similarities between Christianity and other worldviews the contributors in this volume continue Lonergan s project of integrating the findings of various intellectual disciplines with Christian theology and use Loewe s historical and systematic work as a guide in that endeavor While Lonergan s transcendental Thomism has been criticized by both traditionalists and revisionists essays in this collection apply Loewe s theological methodology in a variety of ways to demonstrate that time honored doctrines about Christ can be transplanted into new cultural contexts and gain intelligibility and credibility in this process Having lived and labored through the far reaching changes in Catholic thought introduced in recent decades Loewe s career provides a model for theologians attempting to build bridges between the past and the present and between the church and the world      An Introduction to Christian Theology Anthony Towey,2013-08-01 There has long been a need for a comprehensive but truly introductory single authored textbook in theology By introducing the reader to the biblical doctrinal and contemporary dimensions of Christianity with the help of illustrated examples from selected primary texts the book provides an excellent grounding in theology for both students of the discipline and the general reader The work explores key tools for the scientific study of theology endeavouring both to affirm the rationale behind Christian thinking and also to familiarize the reader with significant contrary positions The solid foundations in biblical theology and hermeneutics given in the book will enable students to read Judeo Christian scripture intelligently Key testimonies regarding Jesus Christ are scrutinized and the nature of the New Testament discussed As well as the emergence of doctrinal orthodoxy and the later disagreements which have shaped contemporary Christianity the reader will become familiar with the dimensions of current Christian thinking in its dialogue with post modernity      **Washington News Letter** ,1916      **The Pathway of Roses** Christian D.
