Sacred Writings Confucianism The Analect:

Sacred Writings: Confucianism: the Analects of Confucius Jaroslav Pelikan,1992 **The Analects of Confucius** Konfucius,2002 *Confucian Analects* Confucius,2016-04-21 The Analects translated as edited conversations is a collection of sayings and ideas attributed to the Chinese philosopher Confucius and his contemporaries Confucian Analects is believed to have been written during the Warring States period 475 BC 221 BC and it achieved its final form during the mid Han dynasty 206 BC 220 AD The Analects is one of the most widely read and studied books in China for the last 2 000 years and continues to have a substantial influence on Chinese and East Asian thought values as well as eastern religions The Analects is considered a sacred text and is one of the central texts of Confucianism Although the Analects encompasses religion spirituality Confucianism and other eastern religions the sacred text is often required textbook reading for many philosophy courses **Sacred Writings** Jaroslav Pelikan,1992 **Sacred Writings** Jaroslav Jan Pelikan,1992 **The Sacred Books of China, The Texts of Confucianism** ,1879 **The Analects** Erin M. Cline,2022 The Analects Lunyu is the earliest and most influential record of the teachings of Kongzi 551 479 B C E known to most Westerners as Confucius If we measure influence according to the number of people who have lived their lives according to the teachings of a particular text there is a good argument to be made that the Analects has been the most influential text in the world This book argues that we have good reasons to study the Analects as a sacred text and that doing so sheds light not only on the text and the Confucian tradition but on what the sacred is more broadly It begins by examining what it means for a text to be regarded as sacred in relation to the unique history of this remarkably influential book and goes on to offer a close study of the Analects including its structure its composition and compilation and the purpose it has served in the Confucian tradition as the earliest and most authoritative record of Kongzi s teachings and conduct The book further considers the history of the Analects as the most authoritative collection of Confucian teachings which virtually all major Confucians as well as Chinese thinkers throughout history from the Mohist Daoist and Buddhist traditions responded This book explores the text situating its teachings in relation to the religious practices of its time including Zhou rituals and customs known as li and the veneration of ancestor and nature spirits and discusses the Analects use and reception both in the periods following its composition and compilation and throughout China s imperial history up through the modern era including the recent revival of activity in Confucian temples An Existential Reading of the Confucian Analects , The Sacred Books and Early Literature of the East Charles Francis Horne,1917 **The Encyclopedia of Confucianism** Xinzhong Yao,2015-05-11 The Encyclopedia the first of its kind introduces Confucianism as a whole with 1 235 entries giving full information on its history doctrines schools rituals sacred places and terminology and on the adaptation transformation and new thinking taking place in China and other Eastern Asian countries An indispensable source for further study and research for students and scholars **Hsieh Liang-tso and the Analects of Confucius** Thomas W. Selover,2005-01-20 Hsieh Liang tso c 1050 c 1120 known as master

Shang ts ai was one of the leading direct disciples of Ch eng Hao and Ch eng I the two brothers who were the early leaders of the Confucian revival known as Neo Confucianism in Northern Sung China Hsieh was thus among the first to recognize and follow the insights of the Ch eng brothers as definitive of the authentic Confucian tradition a recognition that became the conviction of the majority of later Confucian scholars and practitioners The present book is a focused analysis of the core value of Confucian thought namely jen humanity or co humanity through an investigation of Hsieh Liang tso s analysis of the Analects of Confucius Selover argues that Hsieh s handling of key issues in interpreting and applying the Confucian Analects his experiential reasoning and his deference to scriptural classics and earlier tradition bear important similarities to the practice of theology in Western religious traditions The volume also contains a translation of Hsieh s commentary on the Analects as well as a foreword by the renowned scholar of Confucianism Tu Wei ming *The Sacred Books of China* ,1899
