accompanied by listings of contents in the order given in tables of contents or alphabetically Entries for collections provide a base for subsequent listings of individual major works for addition of subsequent editions reprints and re publications  
 Translations of plays are categorized by their most commonly known English titles and cited within categories by the English title given for a particular translation English titles of stories have not been rationalized in this way because the large number of Chekhov s stories would require division of the section on individual stories into virtually hundreds of sub sections  
 Instead stories are listed in alphabetical order by the various English titles given for a particular translation Pushkin
