Sacrificing The Self

Margaret Cormack

Sacrificing The Self:

Sacrificing the Self Margaret Cormack, 2002-07-18 Acts of martyrdom have been found in nearly all the world's major religious traditions. Though considered by devotees to be perhaps the most potent expression of religious faith, dying for one's god is also one of the most difficult concepts for modern observers of religion to understand. This is especially true in the West where martyrdom has all but disappeared and martyrs in other cultures are often viewed skeptically and dismissed as fanatics. This book seeks to foster a greater understanding of these acts of religious devotion by explaining how martyrdom has historically been viewed in the world's major religions. It provides the first sustained cross-cultural examination of this fascinating aspect of religious life. Margaret Cormack begins with an introduction that sets out a definition of martyrdom that serves as the point of departure for the rest of the volume. Then scholars of Christianity, Judaism, Hinduism, and Islam examine martyrdom in specific religious cultures. Spanning 4000 years of history and ranging from Saul in the Hebrew Bible to Sati immolations in present-day India, this book provides a wealth of insight into an often noted but rarely understood cultural phenomenon.

The Motives of Self-Sacrifice in Korean American Culture, Family, and Marriage Chul Woo Son, 2014-01-24 The concept of self-sacrifice is highly important to Korean Americans. With hierarchy of age, social status, and gender-defined roles taking primacy over equality and justice, self-sacrifice becomes instrumental in maintaining family and social relationships. Unfortunately, in family relationships, sacrifice has more to do with submission and endurance than it does with sacrificial service that is redemptive and mutually beneficial. When self-sacrifice carries hidden motives—coercive responsibility, obligation, shame, guilt, or one's reputation—that self-sacrifice is not self-giving, neither serving nor being of mutual benefit. In this context, it is important to explore the attitudes and motives of self-sacrifice in Korean American families. In unlocking and exploring the dynamics of the theology and practice of self-sacrifice for Korean Americans, this book explores cultural virtues, marital relationships, gender inequality, domestic violence, and their theological implications. The author introduces a new approach and model with a proposal for a healthier and a more judicious understanding of self-sacrifice for Korean American family relationships. The element of equal regard as pertaining to self-sacrifice offers Korean Americans a refreshing hope in the perspective of familial relationships and a liberating casting off of culturally and religiously imposed burdens. The Korean American family ought to be grounded on a love ethic of equal regard and place its value on mutuality, self-sacrifice, and individual fulfillment. When this is done, sacrificial love can be understood as justly appropriated for both husbands and wives, males and females, and parents and children. Thus, Christian teaching and theology may deliver a more transparent message of true agape and its liberating effects for the marginalized, especially women and children.

Women and Identity Constance Margaret Hall, 1990 This book addresses the issue of change through choice, examining ways that women can empower themselves by becoming more aware of their identity, values, and commitments to action. It emphasises priorities and the behavioural consequences of giving primacy to the value of equality.

Sacrifice and Regeneration Yael Mabat, 2022-12 At the dawn of the twentieth century while Lima's aristocrats hotly debated the future of a nation filled with Indians thousands of Aymara and Quechua Indians left the pews of the Catholic Church and were baptized into Seventh day Adventism One of the most staggering Christian phenomena of our time the mass conversion from Catholicism to various forms of Protestantism in Latin America was so successful that Catholic contemporaries became extremely anxious on noticing that parts of the Indigenous population in the Andean plateau had joined a Protestant church In *Sacrifice and Regeneration* Yael Mabat focuses on the extraordinary success of Seventh day Adventism in the Andean highlands at the beginning of the twentieth century and sheds light on the historical trajectories of Protestantism in Latin America By approaching the religious conversion among Indigenous populations in the Andes as a multifaceted and dynamic interaction between converts missionaries and their social settings and networks Mabat demonstrates how the religious and spiritual needs of converts also brought salvation to the missionaries Conversion had important ramifications on the way social political and economic institutions on the local and national level functioned At the same time socioeconomic currents had both short term and long term impacts on idiosyncratic religious practices and beliefs that both accelerated and impeded religious change Mabat's innovative historical perspective on religious transformation allows us to better comprehend the complex and often contradictory way in which Protestantism took shape in Latin America
