Sadats Strategy

Risa Brooks

Sadats Strategy:

Sadat's Strategy Paul Eidelberg, 1979 Gift of Rabbi W Gunther Plaut Shaping Strategy Risa Brooks, 2018-06-05 Good strategic assessment does not guarantee success in international relations but bad strategic assessment dramatically increases the risk of disastrous failure The most glaring example of this reality is playing out in Iraq today But what explains why states and their leaders are sometimes so good at strategic assessment and why they are sometimes so bad at it Part of the explanation has to do with a state's civil military relations In *Shaping Strategy* Risa Brooks develops a novel theory of how states civil military relations affect strategic assessment during international conflicts And her conclusions have broad practical importance to anticipate when states are prone to strategic failure abroad we must look at how civil military relations affect the analysis of those strategies at home Drawing insights from both international relations and comparative politics *Shaping Strategy* shows that good strategic assessment depends on civil military relations that encourage an easy exchange of information and a rigorous analysis of a state's own relative capabilities and strategic environment Among the diverse case studies the book illuminates Brooks explains why strategic assessment in Egypt was so poor under Gamal Abdel Nasser prior to the 1967 Arab Israeli war and why it improved under Anwar Sadat The book also offers a new perspective on the devastating failure of U S planning for the second Iraq war Brooks argues that this failure far from being unique is an example of an assessment pathology to which states commonly succumb *Deterrence Theory* Elli Lieberman, 1995

Sadat's Jihad Lt. Col. (Ret.) Shimon Mendes, 2018-06-27 SADAT's JIHAD is the fruit of seven years research The author describes the real reasons in his opinion that led the Israel Defense Forces to be utterly surprised in the Yom Kippur War Israeli Intelligence had concluded with direct assistance of Sadat himself that he was illiterate politically and militarily impotent Admittedly Sadat ultimately showed himself as a political intellectual and military strategist a visionary leader who gazed back 7000 years yet stared forward into Eternal History The Egyptian surprise that carried out successfully conducted by the Egyptian President Nevertheless despite the sophisticated brilliant gambit that preceded the war Israel succeeded to turn the table on Egypt and Egypt almost suffered a crippling defeat again Shimon Mendes introduces Anwar al Sadat as The First Muslim Pharaoh Within the multiple stratagems that preceded his war Sadat had chosen to interlace Old and New Consequently Israeli Intelligence could not read him He started the war as a Moslem Caliph and ended the war as a Modern Pharaoh *Sadat and After* Raymond William Baker, 1990 Most analyses of Egyptian politics present the limitations and failures of official political life as the complete story of politics in Egypt Raymond Baker's direct observation of Egyptian politics has convinced him that alternative political groups have sustained themselves and carved out spaces for promising political action despite official efforts at containment In this compelling study Baker recreates the public worlds of eight groups on the periphery of Egyptian politics They range in their political stances from Communists to the Muslim Brothers and include shifting clusters of critical intellectuals who gather around influential journals or in research centers as well as

the quiescent aestheticists of the Wissa Wassef community Taken together the experiences of Egyptians in alternative groups reveal that Egyptians are more than the objects of diverse external pressures and more than the sufferers from multiple internal problems They are also creative political actors who have stories to tell about the human potential to struggle for humane values and goals in the modern world In examining Egypt from the margins rather than from the center Baker proposes a new direction for Third World political studies He suggests a way out of the impasse in the current development literature which is fixed on a scientific study of causes and determinants by focusing on actual political struggles and alternative political visions

The Political Army Thomas Crosbie, 2025-03-11 Since World War II the U S military has taken a keen interest in shaping press coverage and through it public perception and democratic oversight of the armed forces After misjudging the domestic political landscape during the Vietnam War Army leaders embraced media management recognizing that control over information had become central to how wars are fought Even as the Army presented itself as a scrupulously apolitical organization its leaders strove to reshape their political environment through public relations This book tells the story of the U S Army s deepening involvement in media management over six decades and offers new ways to understand the military as a political actor Thomas Crosbie examines how the Army gradually transformed its relationship with the civilian government and the public by engaging with the press He traces Army media management from its origins as an ad hoc task to its professionalization and formalization alongside the Army s rise as a political force its precipitous fall in the Vietnam War era and its renewed ascent after learning key lessons from the experience of Vietnam The *Political Army* draws on the records of Army leaders archives of major public affairs figures and organizations and extensive interviews with war correspondents public affairs officers and senior Army staff Demonstrating how the U S Army gained at great expense potent political sway this book provides a theoretically rich account of military politics and what it means for democracy

Camp David William B. Quandt, 2015-12-29 In September 1978 William Quandt a member of the White House National Security Council staff spent thirteen momentous days at Camp David the presidential retreat in Maryland where three world leaders were holding secret negotiations When U S President Jimmy Carter Egyptian President Anwar Sadat and Israeli Prime Minister Menachem Begin emerged on September 17 they announced a monumental accomplishment the first peace agreement between Israel and one of its Arab neighbors Praised by some for laying the foundations for peace between Egypt and Israel the accords have also been criticized for failing to achieve a comprehensive settlement including a resolution of the Palestinian question But supporters and critics alike recognize the importance of what happened at Camp David and both groups acknowledge the vital role played by the United States in reaching an agreement There are few eyewitness accounts of the Camp David negotiations Of the three leaders present only Jimmy Carter wrote specifically of the talks in *Keeping Faith* Memoirs of a President 1982 Neither Sadat nor Begin ever wrote about Camp David Quandt s book is not only an eyewitness account but a scholar s reconstruction of the event with insights into the people politics and policies His *Camp*

David has provided a comprehensive and lasting guide to the difficult negotiations surrounding the talks including the fraught scenario leading up to the meetings at the presidential retreat and the accord that would lead to Sadat and Begin jointly receiving the 1978 Nobel Peace Prize Praise for Camp David Peacemaking and Politics The most authoritative account of a major historic event written with scrupulous scholarship by a key behind the scenes participant Zbigniew Brzezinski Adviser to the President for National Security Affairs 1977 81 An excellent piece of work will represent a major contribution to the academic literature on American Middle East policy during the Carter administration No one but Bill Quandt could in my view write so knowledgeable yet so judiciously balanced an account Hermann Frederick Eilts Director Boston University Center for International Relations and ambassador to Egypt 1973 79 Quandt writes as a participant in the process and as a thoughtful proven scholar an expert on international diplomacy and on the Middle East Foreign Affairs

An American Political Scientist in Israel Paul Eidelberg, 2010-08-20 An American Political Scientist in Israel recounts the author's meetings with some of Israel's political and intellectual leaders after he immigrated to Israel in 1976 His book reveals for the first time the flawed mentality of these elites and how this affects their foreign policy As a political scientist and student of the America's Founding Fathers he provides a professional critique of Israel's ideological and institutional flaws Eidelberg also provides a detailed account of Israel's economic and technological contribution to the United States Contrary to conventional opinion dollar for dollar the United States receives more from Israel than Israel receives from the United States Finally Eidelberg offers a remedy for Israel's woes He first shows that although Israel is a democracy from a sociological perspective it is not a democracy from a political institutional perspective Not only does Israel lack a written Constitution with institutional checks and balances but members of the legislature are not individually accountable to the voters in constituency elections Operating in Israel is not representative government so much as multi party cabinet government dominated by the prime minister Eidelberg has therefore drafted a Constitution that empowers the people and is consistent with basic Judaic principles

Middle East, the Strategic Hub Army Library (U.S.), 1978 *The Egyptian Strategy for the Yom Kippur War* Dani Asher, 2009-09-12 This volume examines the military strategy and issues that Egyptian war planners faced during the 1973 Yom Kippur War Of major interest is the relationship between the political and military leaders and how that affected the buildup and course of the conflict Taking this as a starting place the author concentrates on how Soviet military doctrinal changes presented themselves between the conclusion of the Six Day War and the Yom Kippur War

Reconceptualizing Deterrence Elli Lieberman, 2013 This book offers a reconceptualisation of conventional deterrence theory and applies it to enduring rivalries in the Middle East The work argues that many of the problems encountered in the development of deterrence theory lay in the fact that it was developed during the Cold War when the immediate problem it had to address was how to prevent catastrophic nuclear wars The logic of nuclear deterrence compelled a preoccupation with the problem of stability over credibility however because the logic of conventional

deterrence is different the solution of the tension between credibility and stability is achieved by deference to credibility due to the requirements of reputation and costly signaling This book aims to narrow the gap between theory and evidence It explores how a reconceptualization of the theory as a process that culminates in the internalization of deterrence within enduring rivalries is better suited to account for its final success a finding that has eluded deterrence theorists for long This interdisciplinary book will be of much interest to students of deterrence theory strategic studies international security Middle Eastern studies and IR in general Conflict Management In The Middle East Steven L Spiegel,2019-03-07 This book explores efforts being made to create Russian American cooperation in managing recurrent conflict in the Middle East Theoretical historical and policy sections provide the framework for chapters that represent the most current multinational thinking on issues of war prevention crisis avoidance and conflict resolution The contributo *Face-to-Face Diplomacy* Marcus Holmes,2018-03-08 Face to face diplomacy has long been the lynchpin of world politics yet it is largely dismissed by scholars of International Relations as unimportant Marcus Holmes argues that dismissing this type of diplomacy is in stark contrast to what leaders and policy makers deem as essential and that this view is rooted in a particular set of assumptions that see an individual s intentions as fundamentally inaccessible Building on recent evidence from social neuroscience and psychology Holmes argues that this assumption is problematic Marcus Holmes studies some of the most important moments of diplomacy in the twentieth century from Munich to the end of the Cold War and by showing how face to face interactions allowed leaders to either reassure each other of benign defensive intentions or pick up on offensive intentions his book challenges the notion that intentions are fundamentally unknowable in international politics a central idea in IR theory

Jimmy Carter and the Middle East Daniel Strieff,2015-08-05 Based on newly declassified documents this book offers a provocative new analysis of President Jimmy Carter s political role in Arab Israeli diplomacy It analyzes the reflexive relationship between domestic politics and foreign policy especially the roles played by the media public opinion and pro Israel lobby groups **Middle East Research Institute Reports (Routledge Revivals)** Middle East Research

Institute,2021-02-25 First published in 1985 the Middle East Research Institute MERI Reports on the Middle East quickly established themselves as the most authoritative and up to date information on the state of affairs in the region The books provide vital analysis of the political and economic issues affecting the countries involved at the time This reissue set covers topics including political structure risks to stability planning and public policy finance defence and agriculture in Israel

Turkey Iran Egypt United Arab Emirates and Kuwait **Egypt (Routledge Revival)** Middle East Research

Institute,2015-07-24 First published in 1985 this study focusing on Egypt looks at the underlying reasons why certain political economic and social events have taken place in the country s history It provides vital analysis of the political and economic issues of the country and those that have affected it as well as providing statistical material on all the key data of the political economy The book was originally published as part of the Middle East Research Institute MERI Reports on the

Middle East which quickly established themselves as the most authoritative and up to date information on the state of affairs in the region

Egypt And The Arabs Joseph P Lorenz, 2021-11-28 As the Arab states come to grips with new realities in the Middle East the shifts in political and economic power in the region the growing ascendancy of fundamentalist Islam over Nationalist and pan Arab ideologies of the past and the changing dynamics of the Palestinian problem the course that Mubarak charts for Egypt has become a factor of key importance In this book a career Foreign Service officer examines the changes that are taking place in Egyptian attitudes and policies toward the Arab world from three perspectives the ways in which Egypt pursued its regional interests under Nasser and Sadat the policy constraints imposed by political economic and social forces within Egypt and the dynamics of Egyptian Arab relations since the October War

Israel, Palestinians and the Intifada Geoffrey Aronson, 2024-11-01 First published in 1987 and this edition in 1990 Israel Palestinians and the Intifada is a comprehensive book covering the dynamics of interaction between Israeli policies and Palestinian responses Concentrating on the West Bank it was written from firsthand observation and original sources by Oxford trained scholar and journalist Geoffrey Aronson Hebrew and Arabic accounts have been used almost exclusively in the preparation of this book On the Israeli side the author explores the push and pull of competing factions and personalities and their impact on occupation policies On the Palestinian side he chronicles the evolution of the Palestinian reaction to these policies from the angry passivity of early stages of the occupation to the increasing politicization and growing popularity of the PLO This is an important historical reference work for the scholars and researchers of West Asian studies Middle East politics international relations peace and conflict resolution and political history

Bridging the Gap Cindy R. Jebb, 2004-01-01 In Bridging the Gap scholar and military officer Cindy R Jebb asks why the United States with its considerable diplomatic economic and military resources vested in the Middle East has not been able to successfully implement plans to quell unrest in the region To find an answer Jebb specifically focuses on the factors that drive United States foreign policy decisions in Egypt and Syria in a Cold War and post Cold War context The epilogue brings forward the post Cold War findings to a post 9 11 world providing insights on the changing legitimacy formulas for both states Using comparative politics literature to answer the international relations question of why states behave as they do this searching study builds an important foundation for further research in other critical areas of current scholarly interest including democratization consensus building multilateral institutions and ethnic studies Bridging the Gap will be indispensable to scholars in the international comparative and security fields and Jebb s insights will be of particular value to Middle East regional experts and policy makers

Peacemaking in International Conflict I. William Zartman, 2007 This updated and expanded edition of the highly popular volume originally published in 1997 describes the tools and skills of peacemaking that are currently available and critically assesses their usefulness and limitations

This is likewise one of the factors by obtaining the soft documents of this **Sadats Strategy** by online. You might not require more time to spend to go to the book foundation as capably as search for them.
