National Park Service,1987 *South Pass* Will Bagley,2014-05 Wallace Stegner called South Pass one of the most deceptive and impressive places in the West Nowhere can travelers cross the Rockies so easily as through this high treeless valley in Wyoming immediately south of the Wind River Mountains South Pass has received much attention in lore and memory but attracted no serious book length study until now In this narrative award winning author Will Bagley explains the significance of South Pass to the nation s history and to the development of the American West Fur traders first saw South Pass in 1812 From the early 1840s until the completion of the Union Pacific and Central Pacific Railroads almost forty years later emigrants on the Oregon California and Mormon Trails used South Pass in transforming the American West in a single

generation Bagley traces the peopling of the region by the earliest inhabitants and adventurers including Indian peoples trappers and fur traders missionaries and government commissioned explorers Later California gold rushers Latter day Saints and families seeking new lives went through this singular gap in the Rockies Without South Pass overland wagons beginning their journey far to the east along the Missouri River could not have reached their destinations in a single season and western settlement might have been delayed for decades The story of South Pass offers a rich history The Overland Stage Pony Express and first transcontinental telegraph all came through the region Nearly a century later President Dwight D Eisenhower designated South Pass as one of America s first National Historic Landmarks An American place so rich in historical significance Bagley argues deserves the best of historical preservation efforts **Helldorado** William M.

Breakenridge,1992-06-01 Helldorado offers cinematic images of wagon trains crossing the Great Plains of Phoenix and Denver emerging from the dust and mud of Tombstone blazing through a silver bonanza and of the railroad joining East and West to change history In his memoirs originally published in 1928 William M Breakenridge is shown doing about everything an enterprising and vigorous young man could do on the frontier After leaving Wisconsin at the age of sixteen he became a teamster railroader and lawman in Colorado Arizona and elsewhere He took part in the Sand Creek Massacre here described from his own point of view Helldorado heats up in its evocation of early day Tombstone where as deputy sheriff Breakenridge encountered the Earp brothers Doc Holliday Bat Masterson Luke Short John Ringo and Buckskin Frank Leslie **The Pony Express in Central Nevada** Donald L. Rhetorical Delivery and Digital Technologies Sean Morey, 2015-11-19 This book theorizes digital logics and applications for the rhetorical canon of delivery Digital writing technologies invite a re evaluation about what delivery can offer to rhetorical studies and writing practices Sean Morey argues that what delivery provides is access to the unspeakable unconscious elements of rhetoric not primarily through emotion or feeling as is usually offered by previous studies but affect a domain of sensation implicit in the overlooked original Greek term for delivery hypokrisis Moreover the primary means for delivering affect is both the logic and technology of a network construed as modern digital networks but also networks of associations between humans and nonhuman objects Casting delivery in this light offers new rhetorical trajectories that promote its incorporation into digital networked bodies Given its provocative and broad reframing of delivery this book provides original robust ways to understand rhetorical delivery not only through a lens of digital writing technologies but all historical means of enacting delivery offering implications that will ultimately affect how scholars of rhetoric will come to view not only the other canons of rhetoric but rhetoric as a whole
