Sadr Al-Din Shirazi and His Transcendent Theosophy Seyyed Hossein Nasr, 1997 The author gives a clear explanation of the philosophy of Sadr al Din Shirazi Sadr Al-Dīn Shīrāzī and His Transcendent Theosophy Seyyed Hossein Nasr, 1978 Religious Diversity in Contemporary Shi'i Thought: The Views of Ayatollah 'Abdollah Javadi-Amoli and Professor Mahmoud Ayoub Saeid Sobhani, 2022-01-01 The question of religious diversity and the related issues of validity truth and salvation can immensely impact our lives in the modern closely knit global society they may help improve or ruin the relationships between faith communities In the context of Christianity these issues have led to the emergence of three types of theology exclusivism inclusivism and pluralism This book analyses the views of two contemporary Shi'i thinkers Ayatollah Abdullah Javadi Amoli and Professor Mahmoud Mustafa Ayoub who have tried to deal with the challenges posed by the above three types of theology from an Islamic perspective The book discusses among other things the impact of the social and educational backgrounds of these two thinkers on their research methodologies particularly their ways of interpreting the Qur'an Since both thinkers are interested in the question of dialogue between people of different faiths this inquiry also highlights the views of Ayoub and Javadi Amoli on the question of dialogue its common ground goals conditions and presuppositions **Breaking the Idols of Ignorance: Admonition of the So-Distant Sufi** Sadr al-Din

Shirazi, 2008-01-01 This work marks the meeting point of three different traditions of the Shi'i Islamic thought philosophical mystical and theological In this book Mulla Sadra masterfully analyses the creed of false mystics and those groups of philosophers whom he named as disgraceful impious sophists The work deals with the most crucial issues of metaphysics encompassing ontology cosmology epistemology psychology and spiritual wayfaring the attributes of the pious and some homiletic advice It stresses the importance of virtue and spiritual exercises on the true Sufi path while presenting Mulla Sadra's own metaphysical commentary inspired by the Holy Qur'an **Islam, Modernity and a New Millennium** Ali

Paya, 2018-02-02 As the world becomes increasingly globalised Islam faces some important choices Does it seek to modernise in line with the cultures in which it is practised or does it retain its traditions even if they are at odds with the surrounding society This book utilizes a critical rationalist viewpoint to illuminate many of the hotly contended issues in modern Islam and to offer a fresh analysis A variety of issues within Islam are discussed in this book including Muslims and modernity Islam Christianity and Judaism approaches to the understanding of the Quran Muslim identity and civil society doctrinal certainty and violent radicalism In each case the author makes use of Karl Popper's theory of critical rationalism to uncover new aspects of these issues and to challenge post modern relativist literalist and justificationist readings of Islam This is a unique perspective on contemporary Islam and as such will be of significant interest to scholars of Religious Studies Islamic Studies and the Philosophy of Religion **Knowledge and Power in the Philosophies of Ḥamīd al-Dīn Kirmānī and Mullā Ṣadrā Shīrāzī** Sayeh Meisami, 2018-03-23 This book is a comparative study of two major Shi'i thinkers and al-Din Kirmānī from

the Fatimid Egypt and Mulladr from the Safavid Iran demonstrating the mutual empowerment of discourses on knowledge formation and religious political authority in certain Isma'ili and Twelver contexts The book investigates concepts narratives and arguments that have contributed to the generation and development of the discourse on the absolute authority of the imam and his representatives To demonstrate this key passages from primary texts in Arabic and Persian are translated and closely analyzed to highlight the synthesis of philosophical Sufi theological and scriptural discourses The book also discusses the discursive influence of Na'ral-Din as a key to the transmission of Isma'ili narratives of knowledge and authority to later Shi' philosophy and its continuation to modern and contemporary times particularly in the narrative of the guardianship of the jurist in the Islamic Republic of Iran

Self-Awareness in Islamic Philosophy Jari Kaukua, 2015-01-01 This important book investigates the emergence and development of a distinct concept of self awareness in post classical pre modern Islamic philosophy Jari Kaukua presents the first extended analysis of Avicenna's arguments on self awareness including the flying man the argument from the unity of experience the argument against reflection models of self awareness and the argument from personal identity arguing that all these arguments hinge on a clearly definable concept of self awareness as pure first personality He substantiates his interpretation with an analysis of Suhraward's use of Avicenna's concept and Mulladr's revision of the underlying concept of selfhood The study explores evidence for a sustained pre modern and non Western discussion of selfhood and self awareness challenging the idea that these concepts are distinctly modern European concerns The book will be of interest to a range of readers in history of philosophy history of ideas Islamic studies and philosophy of mind

Traditional Islamic Environmentalism Tarik M. Quadir, 2013-09-16 This work examines the relevance of traditional Islamic thought and practices for a lasting solution to the current environmental crisis Quadir describes how Seyyed Hossein Nasr challenges Muslims to reclaim their traditional intellectual and Sufi heritage as powerful means toward a most thoughtful approach to the crisis In so doing Nasr urges us to take a critical look at the consequences of the worldviews generated by modern science and technology and offers bold solutions for a more caring relationship between man and nature The book argues that only a revival of the traditional worldview which perceives all entities of nature as signs of God can effectively respond to the crisis our planet faces

Mulla Sadra Safi Haider, 2016-01-21 Mulla Sadra His Eschatology and Transcendent Philosophy is a work that seeks to analyze Mulla Sadra's theory of afterlife through his divine philosophy The main works of Sadra used in this regard are his Asfar al-Arba'ah and Risalah fi al-Hashr The idea is upheld that there is a nexus between Mulla Sadra's belief in the afterlife and his four spiritual journeys Indeed there would be a gaping hole in his philosophy if one did not take eschatology into consideration Indeed in any divine philosophy there is a void that needs to be filled if one does not take eschatology into consideration Mulla Sadra belonged to the muta'aliyah school of philosophy His life can be divided into three phases one being the phase where he sought to reach academic heights the second being his stage of reclusion and the final being his return to the academic field and his teaching As is the case of all of his work these

two works belong to the third phase of his life Sadr Al-Din Shirazi and Its Transcendent Theosophy Seyyed Hossein Nasr,1978 *Shi'i Theology in Iran* Ori Goldberg,2011-09-12 Metaphor and identity The discursive personality Stuck in the middle with you A double edged sword Anxiety and discourse Theology and duality Mediated deliverance Faith Wheel within a wheel Faith as core and structure Silence fraught with meaning **Sufi Encounters** Shaykh Fadhlalla Haeri,Muneera Haeri,2019-05-14 An unparalleled exploration of Sufism as it is practised around the world describing meetings with today s enlightened teachers as well as including wonderfully inspiring translations of the great Sufi masters of the past Ultimately this book acts as a guide to the Sufi path and offers wise insight into the meaning and purpose of life A compelling view of Sufi history together with vivid personal remembrances of living mystics This is an inspiring and at the same time beautifully subtle book with light filled insights on every page Saadi Shakur Chishti author of *The Sufi Book of Life* The Sufi path described in this book leads the seeker past ordinary states of consciousness towards a new experience of infinitude that is the source of the universe In this stage there is no duality or otherness but instead infinitude the Original Oneness from which all dualities and attributes emanate The book is at once an autobiography a didactic treatise and a literary opus full of wonderful translations of the words of earlier Sufis as well as the author s own poetry It describes Shaykh Fadhlalla Haeri s life quest to connect today s world with classical times especially through his meetings with enlightened Sufis all over the globe Shaykh Fadhlalla Haeri also addresses profound Sufi teachings concerning the nature of humankind the cosmos and God using clear and simple language to address difficult doctrinal issues as only a master who has digested fully such knowledge could do The book also reveals much about the present day Islamic world where despite the tragedies that are to be seen everywhere tradition and spirituality survive This is a metaphysical and spiritual guide to the Sufi path that ultimately offers insight into the meaning and purpose of life **Mulla Sadra** Sayeh Meisami,2013-10-01 A timely biography on the single most important and influential philosopher in the Muslim world in the last four hundred years Mulla Sadra 572 1640 is perhaps the single most important and influential philosopher in the Muslim world in the last four hundred years The author of over forty works he sought to bring to life the whole heritage of Islamic thought from philosophy to mysticism and create a more flexible and conciliatory approach to the problems which seemed to dissociate reason from faith In this wide ranging profile Sayeh Meisami reaches beyond historical narrative to assess the true impact of the man and his ideas This thought provoking and comprehensive account is ideal for any philosopher wanting to uncover the life and thoughts of a man who represents the climax of intellectual tradition at a crucial point in the history of Islamic civilization **Women's Contemporary Readings of Medieval (and Modern) Arabic Philosophy** Saloua Chatti,2022-06-27 This book explores a large variety of topics involved in Arabic philosophy It examines concepts and issues relating to logic and mathematics as well as metaphysics ethics and aesthetics These topics are all studied by different Arabic philosophers and scientists from different periods ranging from the 9th century to the 20th century and are representative of the Arabic tradition This is the

first book dealing with the Arabic thought and philosophy and written only by women The book brings together the work and contributions of an international group of female scholars and researchers specialized in the history of Arabic logic philosophy and mathematics Although all authors are women the book does not enter into any kind of feminist trend It simply highlights the contributions of female scholars in order to make them available to the large community of researchers interested in Arabic philosophy and to bring to the fore the presence and representativeness of female scholars in the field

What is Shi'i Islam? Mohammad Ali Amir-Moezzi, Christian Jambet, 2018-05-08 For the public at large Shi'ism often implies a host of confused representations suggesting more often than not obscurantism intolerance political violence and other ignominies running hot or cold in response to world events In fact for many people Shi'ism stands for radical Islam or worse Islamic terrorism In some respects nothing is more familiar than Shi'ism and yet nothing is more misunderstood For some twenty years the media have increased their coverage of the phenomenon Never or only rarely do they formulate the question we ask here what is Shi'ism What is this belief that inspires millions of people dispersed throughout the world This book provides a broad based introduction to Shi'i Islam It examines what the Shi'is believe how they see themselves and how they view the world It includes a thorough examination of doctrine philosophy the Shi'i approach to the Qur'an and the historical evolution of Shi'ism as a branch of Islam Too often and too quickly the conclusion is drawn that Shi'ism is a marginal heretical sect fundamentally alien to the deeper truth of the great religion of Islam thrust by historical accident onto the political stage Shi'ism either speaks the truth of Islam meaning that it is a truth of terror or it is entirely foreign to Islam and therefore merits outright rejection as Islamic fundamentalists and some individuals repeatedly claim This book intends to explain why such common misunderstandings of Shi'ism have taken root Written in an accessible format and providing a thorough overview of Shi'ism this book will be an essential text for students and scholars of Islamic Studies or Iranian Studies

Revelation, Intellectual Intuition and Reason in the Philosophy of Mulla Sadra Zailan Moris, 2013-11-05 This book examines and analyses the legitimacy of the widely held claim that Mulla Sadra's philosophy *al-hikmah al-muta'aliyyah* is a synthesis of principles and doctrines drawn from revelation *wahy* gnosis *irfan* *ma'rifah* and discursive philosophy *al-hikmah al-baḥthiyyah* In Mulla Sadra's view these three major sources of knowledge can be brought together without contradiction and accorded their respective roles in the human quest for true and certain knowledge This book discusses and demonstrates how Mulla Sadra achieves this synthesis as contained in and exemplified by his text *al-Hikmah al-arshīyyah* or *Wisdom from the Divine Throne* An evaluation on whether or not Mulla Sadra's synthesis is successful is also undertaken The criteria used for the evaluation are the internal coherence of his ideas their conformity to Islamic teachings and impact on Islamic thinkers after him
