*Lion and the Eagle* Kathleen Burk,2018-08-23 An invigorating history of the arguments and cooperation between America  
and Britain as they divided up the world and an illuminating exploration of their underlying alliance Throughout modern  
history British and American rivalry has gone hand in hand with common interests In this book Kathleen Burk brilliantly  
examines the different kinds of power the two empires have projected and the means they have used to do it What the two  
empires have shared is a mixture of pragmatism ruthless commercial drive a self righteous foreign policy and plenty of naked  
aggression These have been aimed against each other more than once yet their underlying alliance against common enemies  
has been historically unique and a defining force throughout the twentieth century This is a global and epic history of the rise  
and fall of empires It ranges from America s futile attempts to conquer Canada to her success in opening up Japan but rapid  
loss of leadership to Britain from Britain s success in forcing open China to her loss of the Middle East to the US and from  
the American conquest of the Philippines to her destruction of the British Empire The Pax Americana replaced the Pax
