Los Niños No Quieren La Guerra:

Los niños no quieren la guerra Éric Battut, 2006 There were two kingdoms with two castles and two kings But one day the two kings decided to declare war on each other It all began with a silly joke *María Montessori. Una vida para los niños* Magela Ronda, Leire Salaberria, 2020-03-26 Celebra el 150 aniversario del nacimiento de Maria Montessori con esta novela gráfica sobre su vida y su mirada transformadora Montessori un método pedagógico clásico es hoy más vanguardista que nunca Todas las buenas escuelas deben beber de esta pedagogía en mayor o menor influencia para poder ser consideradas como tales Pero sabemos realmente qué hay detrás de esta manera de entender la educación y por ende los niños y la vida Quién fue realmente Maria Montessori la creadora de esta pedagogía Qué vida tuvo y qué la llevó a transformarse y a ver la vida de esa manera A través de la primera novela gráfica en España basada en este personaje nos aproximaremos a esta extraordinaria mujer y a su mirada transformadora *En el café, en el aula y con los niños: reflexiones filosófico-pedagógicas* Esther Charabati, José Ezcurdia, 2025-10-09 En el café en el aula y con los niños reflexiones filosóficas pedagógicas se constituye como una contribución para el desarrollo del quehacer filosófico en el ámbito de la filosofía aplicada Es la aplicación misma de la filosofía al ámbito de enriquecimiento del carácter crítico y reflexivo en el que se constituye Los diversos registros de experiencia sobre los que recae el quehacer filosófico en el café en el aula con los niños no solo se transforman gracias a la intervención de la filosofía sino que son el espacio en el que se intenta dar cumplimiento a su vocación fundamental otorgar un contenido material a la máxima inscrita en el Oráculo de Delfos Con cetera también mismo Podrá ser de otra manera Filosofía aplicada como doble transformación Como transformación de los propios registros de experiencia o los contextos que son invitados a nombrarse y conocerse a sí mismos gracias a la actividad filosófica Como transformación y afirmación de una filosofía que al hacer una toma de contacto con realidades diversas que reclaman ser pensadas se sacude la tutela de los entornos académico narcisistas con sus inevitables sujeciones y servidumbres que en múltiples ocasiones la esclerosan En el café en el aula y con los niños reflexiones filosóficas pedagógicas pretende ser fiel a la inspiración de una filosofía que no reniega de su propia orientación crítica y reflexiva que no reniega de su propia dimensión vital *Psychology of Liberation* Maritza Montero, Christopher C. Sonn, 2009-04-28 Since the mid 1980s the psychology of liberation movement has been a catalyst for collective and individual change in communities throughout Latin America and beyond and recent political developments are making its powerful transformative ideas more relevant than ever before Psychology of Liberation Theory and Applications updates the activist frameworks developed by Ignacio Martín Baró and Paulo Freire with compelling stories from the frontlines of conflict in the developing and developed worlds as social science and psychological practice are allied with struggles for peace justice and equality In these chapters liberation is presented as both an ongoing process and a core dimension of wellbeing entailing the reconstruction of social identity and the transformation of all parties involved both oppressed and oppressors It also expands the social consciousness of professionals bringing more profound meaning to

practice and enhancing related areas such as peace psychology as shown in articles such as these Philippines the role of liberation movements in the transition to democracy Venezuela liberation psychology as a therapeutic intervention with street youth South Africa the movement for representational knowledge Muslim world religion the state and the gendering of human rights Ireland linking personal and political development Australia addressing issues of racism identity and immigration Colombia building cultures of peace from the devastation of war Psychology of Liberation demonstrates the commitment to overcome social injustices and oppression The book is a critical resource for social and community psychologists as well as policy analysts It can also be used as a text for graduate courses in psychology sociology social work and community studies
