John Bryson, Peter Daniels, Nick Henry, Jane Pollard, 2002-01-04 We are now living through a period of knowledge capitalism in which as Castells put it the action of knowledge upon knowledge is the main source of productivity In the face of such transformation the economic social and institutional contours of contemporary capitalism are being reshaped At the heart of this world are an emergent set of economies regions institutions and peoples central of the flows and translations of knowledge This book provides an interdisciplinary review of the triad of knowledge space economy on entering the twenty first century Drawing on a variety of disciplinary backgrounds the first part of the book comprises a set of statements by leading authors on the role of knowledge in capitalism Thereafter the remaining two parts of the book explore the landscape of knowledge capitalism through a series of analyses of knowledge in action within a range of economic political and cultural contexts Bringing together a set of authors from across the social sciences this book provides both a major theoretical statement on understanding the economic world and an empirical exemplification of the power of knowledge in shaping the spaces and places of today s society **Commercial Space Launch Industry** United States. *Within the Space of the Moment* Espen Vidar, 2012-06-29 Simon Mollat woke up in the dunes of Arambol Beach Goa India with an agonizing hangover The year was 2000 and the apocalypse was still a figment of collective imagination the millennium celebration had lasted Simon for four

consecutive months A more enlightened soul would have enjoyed the sunrise but not Simon He was being pissed on by a stray dog and somewhere in the back of his mind Pink Floyd wandered in and around his aching head Is there anybody out there Once he had been a promising young man from the land of the midnight sun Current status Man on the lam suffering from depression and aimlessness a stray dog s pissing post His thoughts turned to the stones he d stuffed in his pocket during the night the boat he could easily borrow that could take him away far into the water He would slip out of the boat and dive downward and away from all of his suffering Something intervened and took Simon out of his suicidal head and the recurring Pink Floyd soundtrack it was something itchy and stuffed in the neck opening of his t shirt It was a balled up piece of paper with the photograph of a withered Indian man and a message that read Freedom from this me and signed by someone named Raman Kavalam It smelled of incense and made Simon think of sects robes and cultist brainwashing Simon was by no means a religious person he didn t even believe in God But something compelled him forward to seek out this Raman Kavalam something much larger than himself And so begins the odyssey of Simon Mollat s spiritual awakening Within the Space of the Moment takes readers on an unforgettable journey from despair and outer pleasure to inner peace and the feeling of being intensely alive If there is any formula at all to discovering the truth of who you are it lies in the distinction between an occupied mind and a still or clear one
