The first is Carpe Diem vs Reflection and Contemplation Or its variation the early bird gets the worm but the second mouse gets the cheese The second is ambivalence which amazingly means simultaneously loving and hating something or someone The third involves following your heart versus the head and we all root for the Hollywood ending The fourth looks at whether it is better to work alone or as part of a group The fifth deals with whether you should follow the rules or challenge them The sixth shows the advantages of having big picture views in your life while also appreciating your daily realities The final chapter Transcendence offers a unique answer and alternative to all the six contradictions As a grandfather a father a psychiatrist a son a brother a wishing to be better golfer a jogger a sailor a hiker an amateur geologist want to be comedian local newspaper reporter and a veteran of School of Hard Knocks the author has wrestled with all six of them and discovered moments of transcendence In this book he shares his observations and philosophy about all of them with his grandchildren and you Based on this book you can make better decisions The book itself is engaging insightful witty and entertaining It is full of examples from history literature and the author s experiences Welcome and enjoy
