

I've always been afraid
of losing people I love.
Sometimes I wonder,
is there anyone out there

Losing People:

On Loss and Losing Melvyn L. Fein, 2011-12-31 All people suffer instances of personal loss that cause distress. All too often their discomfort is treated as a medical issue requiring treatment usually through medication. Melvyn L. Fein argues for a broader understanding of loss and losing that offers another approach which he characterizes as resocialization. Indeed how a person thinks, feels, and acts may all need to be reorganized if personal distress is to be overcome. Fein urges that we distinguish between the loss of something we once possessed and losing something that never came to fruition. Thus it is possible never to achieve vital social roles, social statuses, and/or personal bonds despite our individual efforts. While some of these losses are not necessarily problematic, others are extremely painful. Unfortunately, rather than investigate the source of this discomfort, distraught individuals frequently seek refuge in simplistic solutions. As a consequence, one of the reasons the medical model remains dominant is that the alternative is imperfectly understood. Fein presents a compelling case for a sociological interpretation of personal distress. Although he acknowledges that some personal suffering derives from biological sources and that mental illnesses can spill over to cause social dysfunctions, he argues that it is important to recognize the social causes of human suffering. In thereby recognizing the limitations of the human condition, most of us can do better than blindly accept an inherited dedication to the medical model. **On Loss and Losing** offers a legitimate option without denying the reality of human suffering.

Losing Ground David M. Burley, 2010-04-26 What is it like to lose your front porch to the ocean? To watch salt water destroy your favorite fishing holes? To see playgrounds and churches subside and succumb to brackish and rising water? The residents of coastal Louisiana know. For them, hurricanes are but exclamation points in an incessant loss of coastal land, now estimated to occur at a rate of at least twenty-four square miles per year. In **Losing Ground**, coastal Louisianans communicate the significance of place and environment. During interviews taken just before the 2005 hurricanes, they send out a plea to alleviate the damage. They speak with an urgency that exemplifies a fear of losing not just property and familiar surroundings but their identity as well. People along Louisiana's southeastern coast hold a deep attachment to place, and this shows in the urgency of the narratives David M. Burley collects here. The meanings that residents attribute to coastal land loss reflect a tenuous and uprooted sense of self. The process of coastal land loss and all its social components, from the familial to the political, impacts these residents' concepts of history and the future. Burley updates many of his subjects' narratives to reveal what has happened in the wake of the back-to-back disasters of Hurricanes Katrina and Rita.

[Making Borders in Modern East Asia](#)

Nianshen Song,2018-05-03

Until the late nineteenth century the Chinese Korean Tumen River border was one of the oldest and perhaps most stable state boundaries in the world Spurred by severe food scarcity following a succession of natural disasters from the 1860s countless Korean refugees crossed the Tumen River border into Qing China s Manchuria triggering a decades long territorial dispute between China Korea and Japan This major new study of a multilateral and multiethnic frontier highlights the competing state and nation building projects in the fraught period that witnessed the Sino Japanese War the Russo Japanese War and the First World War The power plays over land and people simultaneously promoted China s frontier building endeavours motivated Korea s nationalist imagination and stimulated Japan s colonialist enterprise setting East Asia on an intricate trajectory from the late imperial to a situation that Song argues we call modern
