Lost Childhood:

Lost Childhood Kapil Dev, Dipendra Nath Das, Sangeetha Esther, 2020-11-26 *Lost Childhood* explores the everyday lives of street children in India. It presents insights on their life on the streets to provide a comprehensive understanding of why they are driven to extreme means of livelihoods. This volume inquires into the histories of street children and discusses their socio-economic and socio-demographic characteristics to provide a sense of their living conditions. It sheds light on the social injustice experienced by these children, their health and hygiene, and also looks at the insecurities faced by the children in their interactions with the society. It uses detailed field research data to highlight issues that affect the lives of street children, such as education, gender discrimination, and their social networks. It suggests a way forward that would not only benefit street children but will also be of use to the community in understanding their lives, problems, and help explore this issue in further detail. The book will be useful to scholars and researchers of human geography, development studies, child development, urban poverty, and social justice. It will also be of interest to policymakers, social workers, and field workers who work with street children.

The Lost Childhood Yehuda Nir, 2007-04 The story of six years in the life of a Polish Jewish boy who, along with his mother and sister, survived World War II through cunning and guile.

The Lost Childhood: The Complete Memoir Yehuda Nir, 2007-04-01 This compelling memoir takes readers through the eyes of a child surviving World War II in Nazi-occupied Poland. As a nine-year-old, the author witnessed his father being herded into a truck never to be seen again. He, his mother, and sister fled to Warsaw to live in disguise as Catholics under the noses of the Nazi SS, constantly fearful of discovery and persecution. A sobering reminder of the personal toll of the Holocaust on Jews during World War II, this book is a harrowing portrait of one child's loss of innocence. This edition contains previously unpublished content from the original text.

Camelot Lost—Childhood's End Henry Rex Greene, 2024-09-24 In 1961, when President John F. Kennedy launched the U.S. effort to put rockets into space, high school senior Max King became interested in the space race honoring JFK's presidency and lofty goals. Max enters junior college but struggles at the beginning. He meets Jan Rosing in his zoology class, and it's love at first sight. She dumps her fiancé for Max, and they become study buddies. One thing leads to another, and the two transfer to UCLA in 1963. Max decides to join Jan as a pre-med zoology major. On November 22, 1963, they hear of JFK's assassination on the radio at school and are heartbroken. Like all of America, they spend the weekend watching TV and witness Lee Harvey Oswald's murder in real time. They connected their youthful idealism to Kennedy's promising Camelot presidency but move on with their studies. The next year, they are both accepted to medical school at UC CCM in downtown L.A. At the start of med school, they move into a cottage in El Sereno, which is where the author's previous book *The Bookmen* begins. The 1960s was an idealistic time for America. It also ushered in a profound loss of innocence for that generation.

Thomas Wolfe and Lost Children in Southern Literature Paula Eckard, 2024-01-12 Paula Gallant Eckard not only explores the utterly teachable *The Lost Boy*, she also provides substantive and provocative readings of a wide variety of contemporary

Southern fiction Through her critical analysis and admirable focus on lost children and children suffering loss Eckard examines how some contemporary writers provide new stories of the Civil War the role of other wars in Southern lives and the centrality of family Margaret M Bauer Rivers Chair of Southern Literature at East Carolina University First published in 1937 Thomas Wolfe's *The Lost Boy* gives name to the theme of lost children that has permeated much of southern literature and provides a template for telling their stories In *Thomas Wolfe and Lost Children in Southern Literature* which grew out of many years of teaching *The Lost Boy* and other works of southern literature Paula Gallant Eckard uses Wolfe's novel as a starting point to trace thematic connections among contemporary southern novels that are comparably evocative in their treatment of lostness Eckard explores six authors and their works Fred Chappell's *I Am One of You Forever* Mark Powell's *Prodigals* Kaye Gibbons's *Ellen Foster* Sue Monk Kidd's *The Secret Life of Bees* Bobbie Anne Mason's *In Country* Robert Olmstead's *Coal Black Horse* and Lee Smith's *On Agate Hill* Though each novel is unique and a product of its own time period all the novels explored here are cast against the backdrop of the South during eras of conflict and change Like *The Lost Boy* these novels reflect a sense of history a sense of loss associated with that history and an innate love of story and narrative as well as representations of work that historically have defined the lives of individuals and families throughout the South In its artistic treatment of lostness *The Lost Boy* creates a significant literary legacy As Eckard demonstrates that legacy continues in the form of these six contemporary authors who in writing about the South perpetuate Wolfe's efforts as they also create or find the lost child in new ways

PAULA GALLANT ECKARD is an associate professor of English and the director of the American studies program at the University of North Carolina at Charlotte She is the author of *Maternal Body and Voice in Toni Morrison Bobbie Ann Mason and Lee Smith*

Conflicts in Childhood Miriam Damrow, Helen

Hearn,2019-07-22 This volume was first published by Inter Disciplinary Press in 2014 Childhood is not merely a simple developmental stage prior to adulthood but rather a complex changeable concept that is of interest and debated by international scholars from diverse disciplinary fields One emerging debate is the perceived conflicts in childhood Some of these are from adults representations of children for example in literature law and education to the practical and relational conflicts children experience at school and at home between peers siblings and others This volume presents a collection of these conflicts in childhood from interdisciplinary perspectives Consideration is given to children s rights and freedom childhood relationships gender children s representation in media and policies and politics about children *The Country of Lost Children* Peter Pierce,1999-06-07 This book traces the figure of the lost child in Australia s history and imagination

Lost Childhood Henry Silberstern,2013 *The Lost Children* Tara Zahra,2011-09-09 This impressive study charts the history of post WWII humanitarian relief demonstrating how the institutions of the family became politicized Library Journal During the Second World War an unprecedented number of families were torn apart As the Nazi empire crumbled millions roamed the continent in search of their loved ones The Lost Children tells the story of these families We see how the reconstruction of families quickly became synonymous with the survival of European civilization itself Based on original research in German French Czech Polish and American archives The Lost Children is a heartbreaking and mesmerizing story It brings together the histories of eastern and western Europe and traces the efforts of everyone from Jewish Holocaust survivors to German refugees from Communist officials to American social workers to rebuild the lives of displaced children It reveals that many seemingly timeless ideals of the family were actually conceived in the concentration camps orphanages and refugee camps of the Second World War and shows how the process of reconstruction shaped Cold War ideologies and ideas about childhood and national identity This riveting tale of families destroyed by war reverberates in the lost children of today s wars and in the compelling issues of international adoption human rights and humanitarianism and refugee policies Fascinating New Republic A superb book A wide ranging exceptionally well researched study Tablet Magazine Zahra s work is insightful in considering what treatment of lost children can tell us about broader developments in the post war period both in terms of how nations interacted with each other and how psychologists understood the impact of war on children Times Higher Education

Fathers and Mothers in Literature Henk Hillenaar,Walter Schönau,1994 Many people as a child dream of having other parents a gentler mother a kinder or stronger father a more illustrious family According to our secret dreams were not most of us born sons or daughters of a king a president a champion Freud termed this the Family Romance We all carry these secret scenarios in ourselves Usually they are long forgotten but nevertheless remain alive in the stories we tell ourselves and relate to others Therefore the Family Romance is one of the keys to the understanding of literature The French literary critic Marthe Robert developed a fundamental theory of Freud In 1972 she presented in her publication *Origins of the Novel* a new method to analyse the novel and to understand its history Her study offers a proof of

the relevance of Freud's views and it invites us to expand on its ideas and suggestions. It is in this perspective that the authors of this volume write about the historical and mythical figures Mary Medea, Electra, Kaspar Hauser, and Sir Gawain. Other articles are devoted to the Family Romance in the works of the following authors: Barthes, Beckett, Camus, Drieu la Rochelle, Faulkner, Flaubert, Goethe, Goll, Jutta, Heinrich, Gombrowicz, Greene, Kafka, Levy, Modiano, Petronius, Sartre, Vigny.

Cinema's Missing Children Emma Wilson, 2003. Photographs of missing children are some of the most haunting images of contemporary Western society. Wilson contends that the loss of a child is perceived as a limit experience in contemporary cinema where filmmakers attempt to transform their means of representation as a response to acute pain and horror. She explores the representation of missing and endangered children in a number of the key films of the last decade including Kieslowski's *Three Colours*, Blue, Atom Egoyan's *Exotica*, Todd Solondz's *Happiness*, Jane Campion's *The Portrait of a Lady*, Lars von Trier's *The Kingdom*, and Almodovar's *All About My Mother*.

The Journey Toward Complete Recovery Michael Picucci, 1998-09-25. Founder of the Institute for Staged Recovery in New York City and creator of Authentic Process Therapy, Picucci is an addictions counselor who bases his methods primarily on personal experience. In this updated edition of his self-published *Complete Recovery*, Picucci describes a Stage Two recovery program for evolving beyond freedom from addictions to holism which encompasses joy, bliss, love, empowerment, creativity, respect for all life, and peace. Picucci makes an interesting distinction between recovery from addictions and childhood traumas and recovery of fulfillment, wisdom, serenity, and emotional, spiritual, and sexual wholeness. Using a structure of 12 stations which can be visited and revisited in any order as often as needed, he guides readers through six fundamental and six emergent modules of this process for healing the spiritual, sexual split and the cultural pain of oppressed minorities and ultimately achieving the shame-free presentation of self. Picucci says he offers nothing less than a re-birthing process through a combination of one-on-one psychotherapy, support groups, and spirituality. His own life experiences as a gay man once married, now HIV positive, surviving AIDS, cancer, a heart attack, triple bypass surgery, and drug and alcohol addictions give him a uniquely credible perspective on healing and wholeness. In his cogent, well-organized handbook, Picucci functions a bit like the gay shamans who had a special place in North American Indian tribes. His compassionate acceptance of diversity will inspire many readers to care to take the next step and seek the help they need.

Childhood and Youth Gary Clapton, 2015-06-30. Childhood and youth have often been the targets of moral panic rhetoric. This book explores a series of pressing concerns about young people: child abuse, child pornography, child sexual exploitation, child trafficking, and the concept of childhood. With an appraisal of the work of the influential thinker Geoffrey Pearson who wrote on deviance and young people, it draws attention to the moralising within these discourses and asks how we might do things differently.

Sickened Julie Gregory, 2004-09-28. A remarkable memoir that speaks in an original and distinctive Midwestern voice, rising to indelible scenes in prose of scathing beauty and fierce humor. A young girl is perched on the cold chrome of yet another doctor's examining table, missing yet another day of school.

Just twelve she's tall skinny and weak It's four o'clock and she hasn't been allowed to eat anything all day Her mother on the other hand seems curiously excited She's about to suggest open heart surgery on her child to get to the bottom of this She checks her teeth for lipstick and as the doctor enters shoots the girl a warning glance This child will not ruin her plans From early childhood Julie Gregory was continually X rayed medicated and operated on in the vain pursuit of an illness that was created in her mother's mind Munchausen by proxy MBP is the world's most hidden and dangerous form of child abuse in which the caretaker almost always the mother invents or induces symptoms in her child because she craves the attention of medical professionals Many MBP children die but Julie Gregory not only survived she escaped the powerful orbit of her mother's madness and rebuilt her identity as a vibrant healthy young woman Punctuated with Julie's actual medical records Sickened re-creates the bizarre cocoon of her family's isolated double wide trailer their wild shopping sprees and gun waving confrontations the astonishing naïveté of medical professionals and social workers It also exposes the twisted bonds of terror and love that roped Julie's family together including the love that made a child willing to sacrifice herself to win her mother's happiness The realization that the sickness lay in her mother not in herself would not come to Julie until adulthood But when it did it would strike like lightning Through her painful metamorphosis she discovered the courage to save her own life and ultimately the life of the girl her mother had found to replace her Sickened takes us to new places in the human heart and spirit It is an unforgettable story unforgettably told Transcending Boundaries Sandra L. Beckett, 2013-10-11
