Lost History Of The Canine Race Our 15000 Year Love Affair With Dogs

Mary Elizabeth Thurston

Lost History Of The Canine Race Our 15000 Year Love Affair With Dogs:

The Lost History of the Canine Race Mary Elizabeth Thurston, 1996 Discover here why some American Indians ate the dogs they loved how one stray Victorian puppy saved three million canine lives and how ten thousand more soldiers names might have been added to the Vietnam Memorial Wall had it not been for dogs Anthropologist Mary Elizabeth Thurston will revolutionize how we perceive man s best friend and empower anyone who loves dogs with a new sense of wonder and appreciation in full color

Dog Days of History Sarah Albee, 2018 Dogs famous and infamous and otherwise throughout history for children *Turkish Ecocriticism* Sinan Akilli, Serpil Oppermann, 2020-12-10 Turkish Ecocriticism From Neolithic to Contemporary Timescapes explores the values perceptions and transformations of the environment ecology and nature in Turkish culture literature and the arts Through these themes it examines historical and contemporary environmentally engaged literary and cultural traditions in Turkey The volume re imagines Turkey in its geo social and ecocultural narratives of multiple connections and complexities in its multi faceted webs of histories and in its rich multispecies stories

The Mythical Zoo Boria Sax, 2013-11-29 A beautifully illustrated alternate taxonomy of the animal kingdom based on mythology literature art and other cultural realms Charming ForeWord Sacred cows wily serpents fearsome lions elegant swans busy bees and sly foxes all are caricatures of the creatures themselves yet they reflect not only how different cultures see the natural world around them but also how such cultures make use of their native animals In this fun and thought provoking book historian and animal enthusiast Boria Sax argues for a classification of animals that goes beyond the biological to encompass a more meaningful distinction tradition From ants and elephants to tigers and tortoises The Mythical Zoo weaves together a cross cultural tapestry encompassing mythology history art science philosophy and literature The result is a beautifully illustrated masterfully composed love letter to the animal kingdom

One Nation Under Dog Michael Schaffer, 2025-08-22 A witty insightful and affectionate examination of how and why we spend billions on our pets and what this tells us about ourselves In 2003 Michael Schaffer and his wife drove to a rural shelter and adopted an emaciated dreadlocked Saint Bernard who they named Murphy They vowed that they d never become the kind of people who send dogs named Baxter and Sonoma out to get facials or shell out for 12 000 hip replacements But then they started to get weird looks from the in laws You hired a trainer Your vet prescribed antidepressants So Schaffer started poking around and before long happened on an astonishing statistic the pet industry estimated at 43 billion this year was just 17 billion barely a decade earlier One Nation Under Dog is about America s pet obsession the explosion over the past generation of an industry full of pet masseuses professional dog walkers organic kibble leash law militants luxury pet spas veterinary grief counselors upscale dog shampoos and the like a booming economy that is evidence of tremendous and rapid change in the status of America s pets Schaffer provides a surprising and lively portrait of our country as how we treat our pets reflects evolving ideas about domesticity consumerism politics and family through this fabulously reported and sympathetic look at both us and our dogs

Imaginary Animals Boria Sax, 2013-11-15 An extraordinary menagerie of fantastical and unreal beasts featuring hundreds of illustrations from griffins to dog men mermaids dragons unicorns and yetis Fire breathing dragons beautiful mermaids majestic unicorns terrifying three headed dogs these fantastic creatures have long excited our imagination Medieval authors placed them in the borders of manuscripts as markers of the boundaries of our understanding Tales from around the world place these beasts in deserts deep woods remote islands ocean depths and alternate universes just out of our reach And in the sections on the apocalypse in the Bible they proliferate as the end of time approaches with horses with heads like lions dragons and serpents signaling the destruction of the world Legends tell us that imaginary animals belong to a primordial time before everything in the world had names categories and conceptual frameworks In this book Boria Sax digs into the stories of these fabulous beasts He shows how despite their liminal role imaginary animals like griffins dog men yetis and more are socially constructed creatures created through the same complex play of sensuality and imagination as real ones Tracing the history of imaginary animals from Paleolithic art to their roles in stories such as Harry Potter and even the advent of robotic pets he reveals that these extraordinary figures help us psychologically as monsters they give form to our amorphous fears while as creatures of wonder they embody our hopes Their greatest service Sax concludes is to continually challenge our imaginations directing us beyond the limitations of conventional beliefs and expectations Featuring over 230 illustrations of a veritable menagerie of fantastical and unreal beasts *Imaginary Animals* is a feast for the eyes and the imagination

The Original Dog Bible Kristin Mehus-Roe, 2011-10-04 The woofstastic second edition This attractive copiously illustrated easy to understand volume covers every aspect of responsible dog ownership Library Journal The revised and expanded second edition of the bestselling *The Original Dog Bible* remains the most comprehensive dog lover's resource on the market The book is divided into eight parts each fully illustrated and designed for easy reference plus helpful entertaining sidebars covering hundreds of related topics With detailed chapters on the requirements of caring for a dog health training and so much more this book will prepare you for a wonderful life with a dog Also included is a catalog of over 250 purebred dog breeds with insightful articles for each Being a veteran veterinarian of twenty five years and a lifetime pet lover I can enthusiastically say this old doc learned new tricks upon reading the consummate book on all things dogs I highly recommend it Dr Marty Becker former resident veterinarian on ABC's *Good Morning America* and coauthor of *Chicken Soup for the Dog Lover's Soul* This comprehensive book certainly lives up to its subtitle The best part of the book however covers life with a dog with sections on pet care partners like sitters and walkers emergencies lost dogs biting traveling with a dog and a fantastic chapter on activities one can do with one's dog Publishers Weekly

Going to the Dogs Gwyneth Anne Thayer, 2013-06-13 In the 1970s sitcom *The Odd Couple* Felix and Oscar argue over a racing greyhound that Oscar won in a bet Animal lover Felix wants to keep the dog as a pet gambling enthusiast Oscar wants to race it This dilemma fairly reflects America's attitude toward greyhound racing This book the first cultural history of greyhound racing in America charts the

sport's meteoric rise and equally meteoric decline against the backdrop of changes in American culture during the last century Gwyneth Anne Thayer takes us from its origins in coursing in England through its postwar heyday and up to its current state of near extinction Her entertaining account offers fresh insight into the development of American sport and leisure the rise of animal advocacy and the unique place that dogs hold in American life Thayer describes greyhound racing's dynamic growth in the 1920s in places like Saint Louis Chicago and New Orleans then explores its phenomenal popularity in Florida where promoters exploited its remote association with the upper class and helped foster a celebrity culture around it By the end of the century media reports of alleged animal cruelty had surfaced as well as competition from other gaming pursuits such as state lotteries and Indian casinos Greyhound racing became so suspect that even Homer Simpson derided it In exploring the socioeconomic political and ideological factors that fueled the rise and fall of dog racing in America Thayer has consulted participants and critics alike in order to present both sides of a contentious debate She examines not only the impact of animal protectionists but also suspected underworld ties longstanding tensions between dogmen and track owners over racing contracts and the evolving relationship between consumerism and dogs She captures the sport's glory days in dozens of photographs that recall its coursing past or show celebrities like Frank Sinatra and Babe Ruth with winning racing hounds Thayer also records the growth of the adoption movement that rescues ex racers from possible euthanasia Today there are fewer than half as many greyhound tracks in half as many states as there were 10 years ago and half of them are in Florida Thayer's in depth meticulously balanced account is an intriguing look at this singular activity and will teach readers as much about American cultural behavior as about racing greyhounds

Mainstream ,1995 The Dogs of War Lisa Rogak,2011-10-25 The most comprehensive book I have ever read on military dogs it exemplifies the indomitable spirit of the dog ever selfless loyal to a fault Steve Duno author of Last Dog on the Hill An incredible story of the largely unseen but vital role that dogs play in our armed forces Lisa Rogak's The Dogs of War is a must read for animal lovers everywhere Military working dogs gained widespread attention after Cairo participated in the SEAL Team 6 mission that led to Osama bin Laden's death Before that few civilians realized that dogs served in combat let alone that they could parachute from thirty thousand feet up The Dogs of War reveals the amazing range of military jobs that our four legged soldiers now perform examines the dogs training and equipment and sets the record straight on those rumors of titanium teeth You'll find heartwarming stories of the deep bond that dogs and their handlers share with each other and learn how soldiers and civilians can help the cause by fostering puppies or adopting retirees

Contradictory Woolf Derek Ryan,Stella Bolaki,2012-06-01 Edited collection from acclaimed contemporary Woolf scholars exploring the theme of contradiction in Virginia Woolf's writing Dog's Best Friend? John Sorenson,Atsuko Matsuoka,2019-11-14 In almost 40 per cent of households in North America dogs are kept as companion animals Dogs may be man's best friends but what are humans to dogs If these animals loyalty and unconditional love have won our hearts why do we so often view closely related wild canids such as foxes wolves and coyotes as pests

predatory killers and demons Re examining the complexity and contradictions of human attitudes towards these animals Dog s Best Friend looks at how our relationships with canids have shaped and also been transformed by different political and economic contexts Journeying from ancient Greek and Roman societies to Japan s Edo period to eighteenth century England essays explore how dogs are welcomed as family consumed in Asian food markets and used in Western laboratories Contributors provide glimpses of the lives of street dogs and humans in Bali India Taiwan and Turkey and illuminate historical and current interactions in Western societies The book delves into the fantasies and fears that play out in stereotypes of coyotes and wolves while also acknowledging that events such as the Wolf Howl in Canada s Algonquin Park indicate the emergence of new popular perspectives on canids Questioning where canids belong how they should be treated and what rights they should have Dog s Best Friend reconsiders the concept of justice and whether it can be extended beyond the limit of the human species

Our Debt to the Dog Bryan D. Cummins, 2013-11-07 When Homo sapiens sapiens met Canis lupus lupus millennia ago the result was Canis lupus familiaris the domestic dog Since that fateful encounter the dog has become arguably humankind s greatest creation The domestic dog is the most widely distributed species other than ourselves in the world being found virtually wherever people live and is also the most diversified of species with literally hundreds of recognized breeds While we have shaped the dog it too has helped shape human history in innumerable ways Our Debt to the Dog is a critical historical and cross cultural examination through the use of case studies of this most improbable 15 000 year relationship and an exploration of how this relationship shaped the history of the world It is also very much an apology to the dog because over the course of the partnership horrific acts were perpetrated against it intentionally and otherwise Our Debt to the Dog enriches our understanding of the dog and extends our appreciation for the profound complexity of past and present human canine relationships and the dog s contributions to our lives and our world

It's a Dog's Life Susan E. Goodman, 2012-07-03 A whimsically illustrated guide to the inner life of dogs shares lighthearted insights into dog evolution and behavior while profiling common breeds and explaining what a dog experiences while looking at a sunset and smelling the ground

Adventures with Ari Kathryn Miles, 2009-04 Traces the author s forays into experiencing nature and promoting green agendas in accordance with a dog s perspective describing the rewards she enjoyed while exploring the natural world at the side of her free spirited puppy

Canines Lauryn E. DeGreeff, Craig A. Schultz, 2022-01-30 Detection canines have been utilized throughout the world for over a century and while numerous attempts have been made to replicate the canine s ability to detect substances by mechanical means none has been as successful The olfactory system is a highly intricate and sophisticated design for chemical sensing and the olfactory capacity of many animals including canines is considered unmatched by machine due to not only their great sensitivity and superior selectivity but also their trainability and mobility These unique features have led to the use of such animals as whole animal biosensors Amplifying the benefits and diminishing the limitations of detection canines interdisciplinary research is crucial to

understanding canine olfaction and detection and enhancing this powerful and complex detector The past 50 years have produced vast advancements in animal behavior training technology to develop canines into more proficient and reliable sensors while scientific research has provided tremendous support to help practitioners better understand how to utilize this powerful sensor This book assembles a diverse group of authors with expertise in a variety of fields relating to detection canines and the chemical sensing industry including both research and operational perspectives on detection canines It illustrates how science enhances our understanding of how canines are employed for solving some of the world's leading detection challenges

In Dogs We Trust Jacob F. Rivers III, Jeffrey Makala, 2019-05-17 A grand anthology that celebrates the many sterling virtues of the canine species Dogs have lived with humans for thousands of years as working partners By the nineteenth century their role expanded to companions American dog literature reflects this gradual but dramatic shift that continues even today Our household dogs are quite literally closer than ever to us sleeping in our beds getting dressed in Halloween costumes and serving as emotional support companions In Dogs We Trust is the first comprehensive anthology of American dog literature It features stories anecdotes and poetry that celebrate the many sterling virtues of the canine species By mining the vast American literary archive of nineteenth and early twentieth century periodicals Jacob F Rivers III and Jeffrey Makala reveal the mystique and magic of the human canine relationship and what they believe is one of the best connections humans have to the mysteries of the natural world This grand anthology features a rich harvest of fiction and nonfiction in which the canine heroes and heroines think and act in ways that illuminate their unquestioning loyalty and devotion By taking dog literature seriously Rivers and Makala believe we can learn more about our animal companions ourselves and our national literature For them dog literature is American literature it helps us explore and explain who we are and who we wish to be

Living with Animals Natalie Porter, Ilana Gershon, Ilana M. Gershon, 2018-09-15 No detailed description available for Living with Animals

Detector Dogs and Scent Movement Tom Osterkamp, 2020-04-06 Dogs detect scent from a source that is carried to them in a plume by the wind The most important tool for a detector dog handler to have on searches is a knowledge of scent plume movement or scent dynamics the science of scent movement Such knowledge resides primarily in scientific journals that are largely inaccessible to detector dog handlers and written in language that is difficult to understand Detector Dogs and the Science of Scent Movement A Handler's Guide to Environments and Procedures retrieves reviews and interprets the results of pertinent scientific research on scent dynamics and presents these results in terms that are easier for handlers to understand Information on the physiology of the dog's nose their sense of smell and the properties of scent provide the essential information on the process of scenting The composition of training aids for explosives narcotics human remains and other sources is discussed Recommendations are made on the use of training aids their placement during training and the resulting availability of scent Potential problems and handler errors in the use of training aids are also examined The characteristics of scent plumes and how wind influences their

movement are a key focus of the book. The primary task for the handler is to get the dog into the scent plume so that the dog can detect the scent and follow it to the source the handler seeks. As such, a knowledge of scent and scent plume movement will vastly improve the ability of the handler to accomplish this task. The influence of weather and physical settings such as terrain, vegetation, ground cover, soil, and water on scent movement are examined in detail. Strategies for searching, detecting, and locating sources in all physical settings are presented. Specific effects associated with hills and mountains, fields and forests, bare soils and soils covered by vegetation, different soil types, and lakes and rivers are examined in detail. This includes specific recommendations made about weather and physical settings that result in higher probability of success on searches. *Detector Dogs and the Science of Scent Movement* will be a vital resource for K9 handlers in the private and public sectors including in Homeland Security, law enforcement, and military settings, as well as a useful guide for lawyers, forensic and investigative professionals who need to better understand K9 operations. *Holy Dogs and Asses* Laura Hobgood-Oster, 2008. Recognizing animals in the Christian tradition.
